Lost a Fine Horse—
One of the best horses owned by the liverymen, Westcott & Johnson, became ill the fore part of this week, and died in spite of the efforts of two veterinary surgeons. It is not known what was the cause of the animal's sickness, as he was driven into the barn from a short trip into the country, and took sick immediately. The most peculiar part of the animal's suffering was that, after being left alone for a few moments, he broke down a box stall and ran out of the barn down Front street and into the Schram feed sheds near the steel bridge, where he was found stumbling about in the darkness by Mr. Johnson. He was taken back to the livery stable on Ferry street, where he died shortly after.

To Organize in South Salem—
There will be a meeting at George Mason's box factory Saturday evening at 7:30 to organize a South Salem Improvement Club. It has been wisely said that the Lord helps those who help themselves. After the Northern Pacific—
The Railroad Commission spent the entire afternoon today investigating the Northern Pacific rates between Portland and Goby and Scappoose. For the railroad company Chas. H. Celly, the N. P. attorney, and R. T. Britz, assistant general freight agent, of Tacoma, of the Northern Pacific, appeared. Mr. Britz testified that, owing to the rates on the North Bank road being so much higher, they were endeavoring to arrange the rates on the South Bank road accordingly, and that the business derived from operating the South Bank road was not profitable. N. A. Peery, from Holden, Ore.; A. Watts and G. B. Mulkey, of Scappoose, were in attendance at the hearing and testified in the interest of the shippers. They claimed that the business carried on daily over the lines in question was enormous, and that the railroad people were realizing a good income from that district. The Northern Pacific, according to complaints filed by several shippers, raised their first class rate 100 per cent.

THEY MARRIED IN HASTE: LOTS OF LEISURE AT SEA

San Jose, Cal., March 5.—Following a rapid wooing and a rapid wedding, Ensign Churchill Humphrey, U. S. N., and his bride, who yesterday was Miss Martha Love Williams,

SCHOOL HOUSE NEEDED AND ALSO BETTER FIRE PROTECTION

The school election Monday, between the hours of 1 and 4 p. m., at the usual voting places, is very important to this city. It proposes to authorize the school board to issue \$20,000 bonds for a new central school house, corner Marion and Cottage streets. Also to authorize the board to equip the school buildings in the outlying wards with modern fire protection. Both matters are

very important to the growth of the city and protection of the children.

There is the usual fight being made against the progressive policies of the board. But people who want to see Salem grow and remain the Capital City of Oregon should not vote down a much-needed school house and much more-needed protection for the frame buildings far from any fire station.

of San Jose, are today on their way to Humphrey's home in Louisville for a rapid honeymoon before the young officer rejoins his ship, the battleship, Connecticut.

Humphrey met Miss Williams while here with the battleship fleet, and their acquaintance resulted in an impetuous wooing, which continued by letter when the fleet toured the world. On its arrival at Hampton Roads, Humphrey obtained leave, crossed the continent, arrived yesterday morning, was married last night, and departed for a brief visit to his father's home.

Humphrey is the son of Judge Humphrey, of Louisville.

Mrs. Humphrey is a graduate of Vassar college. The bridesmaids were Clara Urban, of Buffalo, N. Y., and Jeannie Weston, of Stockton, Cal.

"My three year old boy was badly constipated, had a high fever and was in awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. J. C. Perry.

Prof. H. A. Howell of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now." writes Prof. H. A. Howell of Howell's American School, Havana, Cuba. "On the night of February 2nd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Dr. Stone's drug store.

SAFE-CRACKERS FLED DOWN RIVER TO ALBANY

[United Press Leased Wire.] Corvallis, Or., March 5.—Safe-crackers, who stole \$300 by dynamiting the vault in the court house here, and who escaped from the scene in a stolen launch, are the objects of a search being prosecuted in this vicinity today.

Deputy Sheriff McDevitt, who was detained at the court house until nearly 12 o'clock last night, had just left the building when the robbers forced the doors through which he had passed into the street. They gained access to the treasurer's office in the same manner and cracked the safe. The escape was made down the Willamette river in a launch the found tied to a dock. The boat was found at Albany, where the cracksmen evidently landed.

W. T. Scott, of Portland, left for Albany this morning, after attending the lecture given by Dr. Underwood at the Presbyterian church last night. He will go from there to Lebanon, where he preaches every Sunday.
