

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

STRIKE GOOD MINE IN SOUTHERN OREGON

S. H. Knight came in Tuesday night from lower Rogue river, bringing with him some fine specimens of ore which carry good values in free gold. He and W. V. Hurst and another party have uncovered what promises to be a valuable mine near the mouth of Rum creek, a stream which flows into Rogue river from the south and empties its waters into that stream near the mouth of Whiskey creek. They have run in on the ledge for 30 feet and it shows a width of five feet with pay ore across the entire face of the ledge.—Myrtle Creek Mail.

PORTLAND MURDER MYSTERY DEEPENS

(United Press Leased Wire.) Portland, Or., March 10.—That John Dale and Oscar Hiett, whose bodies were found lying side by side on a lonely fishing preserve near St. Johns, were murdered by a third party, and did not fight a duel, is the theory the police are today working on, and the search for the supposed murderer is on.

When the bodies were found Monday with an axe and rifle between them on the ground, the first impression was that the men had succumbed to wounds sustained in a duel. This conclusion was reached, however, before any particular attention had been paid to the position of the wounds. After a careful post-examination last night the coroner and police authorities are convinced that Hiett and Dale were killed by an assassin. The first theory was that, after being shot by Dale, Hiett killed his assailant with an axe.

The examination of the wound in Hiett's head shows that it was of such a nature that the man could not possibly have raised his arm after the bullet struck him.

HARRIMAN WILL HAVE NO FURTHER EXCUSES

Washington, D. C., March 10.—Advocates of the railroad which E. H. Harriman has promised to build through Central Oregon, by way of the Deschutes canyon, have found a champion in Richard Ballinger, the new secretary of the interior.

The cattlemen and farmers in the vast territory to be affected by the railway recently pressed the railroad "wizard" for some definite statement regarding his plans. He replied through agents in Oregon that all blame for delay rested with the interior department at Washington, as little progress, if any, had been made in the way of approving plans for the right of way in the Deschutes canyon. Secretary Ballinger declared today that the application for a right of way would be examined, and passed upon in a very short time.

of the abduction, which, if proved against Janer, will make him liable to death under the laws of Maryland.
