WILL FURNISH COAST WITH ANTHRACITE COAL

[United Press Leased Wire.] Seattle, Wash., March 12.—The Guggenheim-Morgan syndicate has decided to build another railroad for the development of Southeastern Alaska, which, incidentally, will supply the cities of the Pacific coast with an anthracite coal said to be equal in quality to the Pennsylvania product, besides furnishing an outlet for vast deposits of bituminous coal of high grade.

This newest railroad project will extend from a point on the Copper river, about 30 miles from Cordova, to the mines some 60 miles north. The coal deposits so far discovered embrace an area about 20 square miles in extent, and are owned by Seattle and Idaho capitalists.

Analysis has been made of the coal and the extent of the deposits accurately measured by expert mining engineers. On this showing the big mining syndicate agreed to give the product an outlet, and take its profits as a common carrier.

MANY INDICTED IN EASTERN WASHINGTON

[United Press Leased Wire.] Colfax, Wash., March 12.—With warrants calling for the arrest of 28 different persons indicted by the grand jury, deputy sheriffs left today for every part of Whitman county to serve them.

The indictments cover nearly every crime from the simplest assault to murder. The case that is attracting the most attention is that of George M. Lamphere, postmaster of Palouse, who is charged with selling cigars on Sunday. He has a stand in front of the postoffice. This case is the most interesting, for the reason that it will be made the basis of a test.

CALIFORNIA LEGISLATURE MAY ADJOURN NEXT WEEK

[United Press Leased Wire.] Sacramento, Cal., March 12.—It begins to look as though the state legislature will adjourn a week from tomorrow. The house leaders are anxious to finish by March 20.

Speaker Stanton, in the assembly, said that he will not let the house adjourn until it has carefully considered every bill before it.

Something like 450 assembly bills have been passed to the senate, and about 100 senate measures have gone to the governor, 70 of them have been approved by Governor Gillette and eight have been vetoed. About 40 lower house bills have found their way to the desk of Governor Gillette and of that number three have been vetoed.

PREACHER DISAPPEARS WITH WAD OF MONEY

[United Press Leased Wire.] Chicago, March 12.—Central station detectives are today engaged in a search for the Rev. A. C. Rand, of Warsaw, Ind., who has mysteriously disappeared with \$5000 in his possession.

That the missing man was attacked by holdup men and murdered is the theory of his friends, while the police are still hopeful of finding him alive. The preacher left his home in Warsaw a week ago without leaving any word as to when he would return.

WASHINGTON MILLS MAY HAVE TO CLOSE

[United Press Leased Wire.] Seattle, Wash., March 12.—With the volume of retail yard orders far below normal expectations, and with unsold stock fast accumulating, there is a strong probability that the saw-mills of Western Washington will either close indefinitely or else curtail operations to local and cargo shipments within the next few weeks. In fact, six of the largest mills in the state have already closed.

It is the claim of the lumbermen that the depression is due to the uncertainty over tariff legislation. The unprecedented unfavorable weather east of the rocky mountains is also held partially responsible for the dearth of lumber orders from that section.

NOT MATTIE MITCHELL'S HUSBAND BUT HER SON

The Journal yesterday inadvertently said that the husband of Mattie Mitchell was dead. This was a mistake, it being her 4-year-old son, not her husband who crossed the great divide.

DALLAS GETS THE PAVING HABIT

E. C. Minton, of this city, is in receipt of the following letter from A. B. Muir, mayor of the little city of Dallas, Polk county, which deals with the question of paving, one in which Salem is vitally interested.

Mr. E. C. Minton, Salem, Or.

Dear sir: Yours of the 9th received, and in reply would say that the city owns its rock quarry, crusher and road roller, and the city operated the crusher last summer and the cost of crushing was 65c per cubic yard, and it cost 70c per yard to haul the rock about three miles. The spreading and grading was done by the city and on macadamizing nine blocks the city did the work for \$4000 less than the lowest bid by any contractor. I think it pays for a city to own its own street making machinery and operate the same. We expect to macadamize about 18 or 20 blocks this season. Yours truly,

A. B. MUIR, Mayor. Dallas, Or., March 10, 1909.

CRYING FOR HELP.

Lots of It in Salem But Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body so delicately constructed.

Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They are strengthened and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Salem citizen.

O. W. Vaughn, 3 State street, Salem, Or., says: "Doan's Kidney Pills procured at Dr. Stone's drug store, proved in our family to be a reliable remedy for backache, and all forms of kidney complaint. I obtained the best of result from their use, and our child, who had been afflicted with kidney complaint, was made well in a short time by them. We recommend Doan's Kidney Pills to parents who have children troubled in any way by disordered kidneys."

Lives With Smashed Skull.

[United Press Leased Wire.] Astoria, Or., March 12.—With his skull fractured for a length of four inches, extending nearly to the base of the brain, Nels Peterson is exhibiting the wonder of the medical profession here by remaining alive.

While there is no hope for his recovery, the attending physicians are unable to understand how he lived a minute after he was struck with an ax during a saloon quarrel, Peterson and another man fought over a woman, and Peterson was struck a vicious blow on the head with an ax.

The Mill of Circumstances and YOU

In this city, as everywhere, the Mill of Circumstances is grinding away 24 hours a day—and today it may be grinding YOUR GRIST. It may be turning one of the incidents of this town's daily life into an opportunity for you—into an advantage for you.

When a merchant gets caught in "the Mill," and is pressed for cash, YOU benefit in the enforced sacrifice of some of his stocks—that is, YOU BENEFIT if you keep posted on what is going on at "the Mill" by reading the ads.

A real estate owner gets into "the Mill" and sacrifices some of his property in order to get out again—pays his toll.

The owners of things—automobiles, securities, businesses, machinery, horses and carriages, typewriters, office fixtures, houses, books, pictures—get into this "Mill of Circumstances," and out of their troubles come your opportunities. They pay the toll.

Incidentally, it's better to watch the ads and to profit by the products of "the Mill" than to get caught in it yourself. Although, if your turn should come, an ad will usually get you out safely. Try The Capital Journal.
