

Any Man or Woman can transform a soft wood floor into a perfect imitation of a beautifully grained hard wood floor in a few minutes with

Chi-Namel

and the Chi-Namel Self-Grainer

Or an old hard wood floor, furniture, etc., may be made to look like new, with a harder, more durable finish than it had originally. Chi-Namel colors the wood, and varnishes it at the same time, and the surface is so hard that walking or washing will not remove the gloss.

This new self-grainer makes it easy for anyone to produce a beautiful grained effect, exactly like the most expensive hard wood floor.

Call at our store and allow us to demonstrate how easy it is to grain and varnish by this improved system.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheeks of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken down in health by too frequent bearing of children, also for the expectant mothers to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic. It is adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments. Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

SHOOTS SON-IN-LAW TO PROTECT DAUGHTER

Portland, Or., April 2.—Jesse C. Moore, a well-known druggist, lies in a local hospital today with a bullet hole in his right lung, and Mrs. Amella Wood, 63 years old, is in another hospital suffering from what is feared to be a fracture of the skull as the result of a family quarrel in Moore's apartments last night.

The aged mother of the druggist's wife is accused of firing the bullet through his body to protect the life of herself and daughter, according to her story. Mrs. Wood, whose story is corroborated by her daughter, declares that Moore returned home last night and attacked his wife, who was in bed.

She ran to the assistance of her daughter, she declares, and was felled by her son-in-law. When Moore again attacked his wife, continued the white-haired woman, she seized a revolver and, while in a half-sitting position, fired a bullet into his body. It is thought that her head was fractured in the fight.

Moore has a slight chance of recovering.

MURDEROUS ATTACK OF UNKNOWN MANIAC

San Francisco, April 2.—A mysterious maniac emerged from Calvary Cemetery at an early hour this morning, and, without warning, jumped on Frank Rodgers, a carpenter, beating him furiously on the face and head. Rodgers vainly tried to defend himself, but the savage man overpowered him, knocked him down and kicked him viciously. When the victim of the assault thought himself at the mercy of the madman, the attack ceased as suddenly as it had commenced.

The maniac disappeared in the cemetery again, and, despite the efforts of the police, has not yet been found.

KING EDWARD HAS STROKE OF PARALYSIS

Berlin, April 2.—According to a dispatch from Madrid, published in the Frankfurter Gazette, King Edward is suffering from a slight stroke of paralysis at Biarritz. His condition is not reported as serious.

London, April 2.—Regarding the reported illness of King Edward, the Central News says:

"Anxious inquiries are being addressed to Biarritz in large numbers owing to the publication in German and French papers of alarming reports concerning the king's condition. One of these had him stricken with apoplexy. These reports are absolutely unfounded.

"His Majesty is in excellent health."

Despite the statement of the Central News, it is known that the king is far from well. The denial of the report from Biarritz is recognized as an inaccuracy. Nevertheless, no official or unofficial reports will admit the slightest knowledge of the paralytic stroke.

Inquiries concerning Edward's health are pouring into the city from all over the world. The absence of authoritative information makes it reasonably certain that the alarming features of the rumor are exaggerated.

It's a Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung remedies. Every atom is a health force. More, Black Jack, N. C., writes "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00. Trial bottle free. Guaranteed by J. C. Perry.

FERTILIZER REALLY INJURES LAND

Berkeley, Cal., April 2.—"Stone meal," a much advertised "fertilizer," the nature of which has been puzzling the farmers of the state, has been analyzed by the scientists in the state laboratory at the University of California as nothing but rock and sand and an actual detriment to crops where it is used. A warning against the stuff has been sent out to all the farmers in the state.
