The Journal man was defeated by a lady in the combination horse race Saturday at the Salem horse show. It wouldn't be much of a man who would win over a lady anyway, and the judges did right in awarding her the blue ribbon, but we warn any of those judges that if we ever catch one of them out on the road there will be a race for real results. Besides the editor had Ben Windsor of Polk county in his buggy, and is now convinced that Ben was betting his money on the lady.

A friend at Marion hands us in a Plymouth Rock egg laid April 1st, that weighs 16 ounces. As it was labelled "For Col. E. Hofer's breakfast," there is no egg to show to prove the truth of this item. It was a booster and if hatched would have contained a Republican rooster.

April first, and we are thankful to be still alive.

The king of Italy refused to meet Roosevelt, because, while the head of a great country, he was not its hereditary ruler. He seems to forget that a king on the great world's chess board is more worthless than a pawn, and the only thing he is good for is to be protected.

Strange, but the horse editor saw more pretty girls than he did horses. Detective Burns complains that he is shadowed by detectives.

SALEM CANOE CLUB HOLDS ANNUAL MEETING

The annual meeting of the Canoe Club was held Tuesday evening for the purpose of electing officers to serve for one term of one year. S. S. Hunt was elected president; Chester Cox, vice-president; Dr. Seymour Skiff, secretary and treasurer, after which various business propositions were taken up. The Salem Canoe Club, though organized less than one year, has certainly proven itself to be a fast growing club. When first organized there were only nine members enrolled, and no doubt at the end of the present year the membership will be more than double.

The intention of the club is to increase its membership to such a number that they can build a fine club house on the bank of the beautiful Willamette, the present house to be used for the sole purpose of keeping canoes.

The members are contemplating the leasing of certain land on the river that they might have in connection a tennis court for the enjoyment of those who do not wish to take part in the water sport. They are also arranging to have a swimming class, that those who are unable to swim may become skilful in that which is most needed to all who go upon the water.

The canoe house now in use is built upon floating logs, and which has been anchored on the west side of the slough for the past six months to insure its safety during the high water, is to be moved back to its old place on the east side of the river in the near future, when it is to be remodeled for the accommodation of double the number of canoes that are now owned by its members, the building is to be painted white with green trimmings, which are the club colors. A flag pole is now being made from which will float Old Glory.

The experience of the club members during the canoeing season of last year have demonstrated, "contrary to popular belief," that the sport of canoeing can be made as safe as any other form of out-door exercise, and at the same time possesses a fascination attained by no other recreation. Last year there were several excursions, both up and down the river, but only a few in number to those now being planned.

The local dealers are rushing through orders for up-to-date canoes that they may be able to supply the demand during the coming season.

THE EASTER GIRL.

The Easter girl is spring's delight. The fairest flower among its blooms, And nature's garden growth brings When she her leadership assumes.

Spring's balmy airs wake her to life While fragrant zephyrs round her curl, And lovers gird them for the strife To win the blithe some Easter girl.

"MEDICOS" AND OTHERS AT WILLAMETTE

The students at Willamette, except the law and medical students, have been enjoying a week's vacation, known as the mid-term or Easter vacation. School will reopen Tuesday, April 5.

The work in the medical college is approaching a close for this term. Commencement takes place the first of June. Dr. J. C. Evans has finished his lectures on hygiene and sanitation and Dr. A. E. Tamassie gave his last lecture yesterday on materia medica and therapeutics. He spoke on organo and serum therapy. The remainder of the term will be devoted to quizzes and examination.

The "Laws" and "Medicos" are preparing for another battle on the diamond. The contest will probably take place Tuesday afternoon.

The senior class in medicine are preparing for commencement. The following class officers have been elected: President, J. L. Russell; vice-president, M. C. Fox; secretary and treasurer, F. D. Lewis; orator Grover Bellinger. Since the class have been instrumental in having finished one of the college rooms, in the wall of which has been inlaid a marble slab reading: "Dedicated to the Medical Department by the class of 1909."

The house physicians appointed for the Salem Hospital next year are George E. Massey and Andrew A. Soule. Those serving internates at present are C. J. Bartlett and A. D. Windom.

GOLDEN RULE CLUB FORMED IN PRISON

[United Press Leased Wire.]
 San Quentin, Cal., April 5.—Pledging themselves to "Do good, be good and make good," five hundred convicts in San Quentin state prison have, under the direction of A. P. Smith of Berkeley, banded themselves in a Golden Rule Club and inaugurated one of the greatest reform movements ever begun in the penitentiaries of California. Smith's addresses to the prisoners are described by a "lifer" to have made a deeper impression on the convicts than any previous sermon or address ever heard at San Quentin.

SALEM TO HAVE AN AUDITORIUM.

Conclimen Walter Low has taken the initiative in a movement to buy a vacant block, near the business center and erect an amphitheater 200 by 300 feet, to seat 5000 people, and to be used for horse fairs, cherry fairs and other events. The cost of such a building is estimated at \$12,000 to \$15,000. The matter will be laid before the Salem Board of Trade.

ROBERT WALKER DEAD.

On Tuesday morning, March 30, Robert Walker, postmaster and well-known citizen of Bandon, answered the final summons, after a prolonged illness, in which he battled bravely for his life. Mr. Walker was born in Ontario, April 17, 1844, and was 65 years, 11 months and 13 days old at the time of his death.

Deceased was one of the best-known citizens of southwestern Oregon, having been one of the early settlers here and was always prominent in all movements for the upbuilding of the entire section.—Bandon Recorder.

It Tastes Good and Creates Strength

Vinol

the famous cod liver and iron medicine, without oil. Vinol is much better than cod liver oil and emulsions, because, while it contains all the medicinal value they do, it disagrees with no one. As a body builder and strength creator for old people, delicate children, after sickness, and for stubborn coughs and colds Vinol is unequalled.
