DISASTROUS EFFECTS OF EASTER EGGS

[United Press Leased Wire.]
 San Jose, Cal., April 12.—Richard Brown is today suffering from a distorted vertebra and fractures of both legs, and a woman, who refuses to give her name, is nursing a broken arm as the result of accidents sustained during an Easter egg hunt near this city yesterday.

Returning in a crowded electric car from Alum Rock Canyon, the scene of the festivities, Brown was thrown from the platform of the car as it dashed through a tunnel. He was buffeted between the tunnel wall and the sides of the car for 100 feet, and was unconscious when picked up. His condition is serious.

The woman was attempting to leap on the car at the park, when a man, pushing his way out on the platform, caused her arm to become jammed in the doorway, snapping it at the elbow. She refused to give her name and was removed to the hospital.

Yesterday's egg hunt was probably the greatest event held on the coast, and was participated in by 6000 people of this city and the surrounding country. One thousand eggs were thrown in Alum canyon, and prizes offered to the most fortunate hunters.

UNCLE SAM HAS AN ISLAND BORN IN ALASKA

[United Press Leased Wire.]
 Seattle, Wash., April 12.—Amid the most fearful rumblings, explosions and eruptions, another island has been born to the Bogoslof group near Unalaska, according to Captain R. B. McKay, master of the fishing schooner Dora, who just arrived here.

For ten days prior to the island's appearance about the equator line, the natives on the other islands within a radius of 100 miles knew that the earth was in a violent mood, and for days preceding the appearance of the new land, the craters on the Bogoslof, in the group north of Unalaska island, were belching fire and throwing out ashes and sand. Just what is the size of the new island could not be learned. The natives could not be induced to approach within many miles of it.

Captain McKay reached Unalaska on March 12 with the Dora, and was informed about the phenomenon by Nicholas Grey, for the Alaska Commercial Company, and Deputy United States Marshal C. H. Harmon.

OVERCOME BY SCENT OF FLOWERS

[United Press Leased Wire.]
 New York, April 12.—Overcome by the heavy, flower scented atmosphere, 16 unconscious persons were carried out of fashionable St. Bartholomew's during the Easter services yesterday. The crowd was one of the largest ever seen on Easter.

Kennedy's Laxative Cough Syrup is free from all opiates and it cures the cold by gently moving the bowels. It is especially recommended for children, as it tastes nearly as good as maple sugar. We sell and recommend it. Sold by all druggists.

CHINESE MINISTER A GRAFTER WORKS FAKE MINING SCHEME

[United Press Leased Wire.]
 Pittsburg, April 12.—Recall of Wu Ting Fang, Chinese minister at Washington, at the instance of Secretary of State Philander C. Knox is threatened today, because of the Oriental diplomat's alleged association with two of his countrymen in a mining swindle, in which local Celestials are said to have been the dupes.

Charges that Minister Wu wrote threatening letters to the dupes, threatening them with deportation if they testified again the alleged swindlers are made by Richard Kelly, Chinese expert of the local police force. Kelly has been working on the case for several days, and declares that he has found a number of these letters written by Wu.

Lo Si Ki, imperial inspector of industries in China, and his companion Yip Yen, a wealthy Chinese, were arrested here March 29, accused of swindling.

Pressure was immediately brought to bear upon the authorities, and Minister Wu sent his personal representatives, Dr. Wei Ching Yen, second secretary of the Chinese legation, here to aid his countrymen to secure their freedom.

This diplomatic interference resulted in the release of the two influential prisoners, and the charges against them were dropped temporarily. They even exacted apologies from the authorities who caused their arrest.

Not satisfied that the Chinese had been imprisoned without cause, Secretary Knox took a personal interest

in the case, and demanded full details of it. As a result of Knox's request, Kelly made an investigation, and claims one of the threatening letters was written by the Chinese minister.

If this proves to be true it is generally understood that the secretary of state will take the matter up with the Chinese government, looking toward ousting the minister from his position.
