Stockton

FELL FROM A CAR AND WAS KILLED

San Francisco, April 12.—Investigators today were unable to throw any light upon a mysterious case which resulted in the death of Miss Mary Phillips, a popular teacher in the local schools. Miss Phillips was injured Saturday and died last night at St. Luke's hospital.

Shortly after 8 o'clock Saturday night Miss Phillips staggered up to the front door of her home and fell into her mother's arms, moaning:

"I fell from a car."
That was her last statement. She lapsed into unconsciousness at once and remained in that condition until her death.

Neither car crew nor passengers could be found who would admit having seen Miss Phillips injured. Her death was caused by a basal fracture of the skull.

Crazy Snake all Right.

Crazy Snake, who the government and the state of Oklahoma is pursuing is clearly within his rights. Being outraged, robbed and abused, he took the only remedy known to the savage. He took a gun instead of hiring a lawyer, because that was, and is, the aboriginal idea of justice. He is wrong from our viewpoint, but he is right from his own.

A Bad Accident—

A disastrous accident occurred near Silverton Saturday afternoon, when a team of fiery young colts became frightened at a wood saw standing beside the road and chieled, breaking beside the road and shed, breaking over and throwing its occupants, L. D. Kelley, brother-in-law of County Clerk Allen, and his wife and D. E. Knight, father of Mrs. R. D. Allen, out of the carriage. Mrs. Allen's father, D. E. Knight, had been visiting in this city and took the train for Silverton, and was met there by Mr. Kelley and wife. Mr. Kelley sustained painful bruises and a severely wrenched back. Medical attention was given the unfortunate people at once, but there is grave doubt held by Mr. Allen, of this city, as to the recovery of Mr. Knight.

Corvallis Beats Salem—

Salem high school played at Corvallis Saturday, the game resulting in favor of Corvallis by a score of 10 to 1. Corvallis struck out 9 and Salem 10. The game was exciting up to the seventh inning, when the score was 3 to 1, in favor of Corvallis. Salem often had the bases full, but could not score. Corvallis made but could not score. Corvallis made innings, it is claimed on account of Smith's (the pitcher) inexperience and getting a bit rattled by being against an old team. Smith is all right so soon as he gets confidence in himself, which all the balance of the team has, and so has everybody else. The Salem boys played great ball, especially Farmer at third, Kay at short and Kaiser at first. Smith and Ashenfelter's pitching was a notable feature of the game.

PEOPLE WE KNOW.

They Are Salem People, and What They Say Is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences to the rounds of the press; are published as facts, the people become skeptical. On one subject skepticism is rapidly disappearing. This is due to our readers' knowledge of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right at home, one whom you can see over day, leaves no ground for the skeptic to stand on.

D. W. Hill, 38 Front street, Salem, Oregon, says: "Doan's Kidney Pills are not a new remedy to me, as I have used them on different occasions whenever the necessity has arisen. I have enjoyed the best of health all my life, except for occasional attacks of kidney trouble and backache. When suffering in this way I have procured Doan's Kidney Pills at Stone's Drug Store, and a few doses always removed the trouble. I am a firm believer in the merit of this remedy. I know of several other people who have used it with good results. I am only too pleased to recommend Doan's Kidney Pills whenever the opportunity occurs."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Few Salem women have enough new bonnets in a year to brag about it.

Interesting Facts Regarding the Laboratory of the Chamberlain Medicine Co., Des Moines, Iowa.

A person purchasing a bottle of Chamberlain's Cough Remedy has no conception of the magnitude of the laboratory where the medicine is manufactured. The machinery and apparatus used in its preparation was designed especially for the purpose and cost several thousand dollars. Europe, South America and the United States supply the various ingredients of this remedy, and only the highest obtainable quality is used. No pains or expense has been spared in making it as nearly perfect as possible.

A force of helpers representing homes enough to populate an average Iowa town are regularly employed at the plant of the Chamberlain Medicine Company, at Des Moines. Their printing department, which is usually overlooked in calculating the expenses of a business of this kind, ranks as one of the best in the state, and is thoroughly equipped with automatic folders of the latest improved type. Here enough print paper is used in one year to spread over 10 farms of 160 acres each, upon which is printed advertising matter, directions and labels in 28 different languages and dialects. Enough lumber is used in making the cases in which the medicines are shipped to build an eight-room house on each of these ten farms every three months. The bottles used by this firm every year, which are filled by machinery at the rate of 2000 per hour, if placed end to end would reach across the United States seven times, or almost encircle the globe. 4-12-21

DeWitt's Little Early Risers, gentle, easy, pleasant, little liver pills. Sold by all druggists.

The North Bend warehouse burned Thursday night, with a total loss of nearly \$100,000.
