WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

PORTLAND IS USING "WILLAMETTE SEWER"

Salem, April 12, 1909. Ed. Journal: Portland is now using Willamette river water to piece out its deficient supply from Bull Run. It has put in commission the old reservoir on Palatine hill, which has been used for 15 years as a home for decrepit frogs, snails and such. Now the Willamette water is pretty good; that's where Salem gets its supply, but it is certainly better and purer here than below, after Salem, Oregon City and the other towns along the river has used it for a sewer. It is suggested that the Oregonian duplicate its page of horrors, as drawn by its excellent artists, who must have been drunk for a month to see as many things as they did in Salem water, and also print the screed of one Dr. Woods Hutchinson, showing the amount of typhoid fever germs to the drop. It's a dead cinch the Oregonian will not do this, for, while it delighted in giving Salem the benefit of its pipe dreams—the character of its dreams has changed. It makes a great difference as to whose tail is getting hooked, especially if it is the Oregonian's bull. A SALEMITE.

TACOMA HAS ANOTHER MYSTERIOUS MURDER

[United Press Leased Wire.] Tacoma, Wash., April 12.—A certain well-known Tacoma business man whose identity is known only to the police authorities, may have guilty knowledge of the murder of A. Fraze, contractor, according to the information that leaked out of police headquarters today. Detectives say the fact has been established that Fraze had trouble

with a prominent man over the employment of union labor shortly before his body, riddled with eight bullets, was found Saturday in a swamp near his home. Powder marks on his clothes indicate that he was shot at close range. It is the theory of the police that Fraze didn't have a single chance to fight for his life; that the murderer or murderers, rushed upon him, shot him down and dragged his body to the spot where it was found. It is known that the contractor had had many quarrels with local business men and employes, and, because of this fact, several clues have presented themselves for investigation.
