ROCHESTER NEW YORK IN GRASP OF FIRE FIRE DRIVEN BY GALE CARRIES DESTRUCTION TO GREAT CITY

TURKEY'S SULTAN IN TROUBLE

PALACE SURROUNDED BY MUTINOUS TROOPS WHO DEMAND THE DISMISSAL OF GRAND VIZIER HILMI PASHA AND OTHER OFFICERS.

WANT THEIR PAY

Soldiers Demand Removal of Useless Officials, Who Use Up the Government Funds and Leave None With Which to Pay Them.

[United Press Leased Wire.] Constantinople, April 13.—The house of parliament is surrounded today by two battalions of mutinous soldiers, who are demanding the dismissal of Hilmi Pasha, the grand vizier, the minister of war and the president of the chamber of deputies. Representatives of the sultan are parleying with the soldiers and are trying to get them to return to their quarters, but the mutineers are insistent, and have warned the government authorities that there will be bloodshed unless their demands are heeded.

The situation is regarded as extremely critical, as it is feared that more troops will mutiny before night unless those now surrounding parliament can be pacified.

The sultan is distracted today, being assailed by trouble from every side. The situation in Asiatic Turkey, where the Arabs are in rebellion, is no better, and England has threatened to interfere. Navigation on the Tigris river has been tied up for days, because of the action of the Arabs in sitting on the banks and firing at every craft, regardless of the colors she flies.

Failure of the government to pay the troops was used as an excuse for the uprising, but the real cause of the trouble is the long standing enmity of the Young Turks who control parliament for the Liberals. The Liberals are incensed because of the summary dismissal of Kiamil Pasha, former grand vizier, and the appointment of Hilmi, who is recognized as a mere tool of the Young Turks.

The soldiers are demanding that a horde of useless officials be dismissed, so that the government expenses will not be so great, and the troops may be paid off.

The situation has resulted in a reign of lawlessness, the most alarming since the revolution. It is declared that a massacre will follow if the present uprising is successful.

The Liberals are believed to have instigated the outbreak by the argument that parliament violated the constitution in passing the Austro-Turkish agreement.

Rigid censorship of the dispatches from here is expected to be put into effect at any minute.

A MODERN ENOCH ARDEN

[United Press Leased Wire.] San Francisco, Cal., April 13.—Through a suit annulling of marriage filed in the superior court in this city by Mrs. Georgianna C. Powell, the story of a modern Enoch Arden has come to light.

Mrs. Powell celebrated her marriage to Harry T. Powell in November, 1866. In 1881 her husband left her, and for 28 years she heard nothing of him, further than the report that he was dead. In 1909, strong in the belief that Powell was dead, she married James Warden and his lived with him happily since that time.

Some months ago, a friend touring Southern California, stumbled upon Powell, and, upon her return, acquainted Mrs. Warden that her first husband was living in San Diego, and that he was ill and without funds. The loyal wife journeyed to San Diego and brought her former husband to this city, where he was given refuge at the home of relatives of his wife.

Under the care of his wife and a physician, Powell is much improved in health, and a place for him has been found in the soldiers' home at Yountville.

Since learning that her first husband was alive, Mrs. Powell has not lived with Warden. They have agreed that a separation is the only proper procedure, in view of the existing conditions. Mrs. Powell has brought suit in the superior court for annulment of her marriage with Warden, and will live on a ranch which she owns in Glenn county.

SLOT MACHINES WILL GO OUT OF BUSINESS

San Francisco, April 13.—Despite the petition of the principal bankers here asking that slot machines be allowed to continue to operate the "nickel eaters" are doomed today. After July 1 no slot machine will be allowed to operate in San Francisco, as a result of an ordinance passed by the supervisors late yesterday.

The cigar dealers have made a hard fight to save the machines, which are sold to take in \$12,000,000 annually. They were backed by the bankers, who for some unknown reason, entered a plea to save the gambling devices.

MORE INDICTMENTS AGAINST KIDNAPERS

[United Press Leased Wire.] Cleveland, Ohio, April 13.—New indictments for kidnapping Billy Whittle were returned by the grand jury today against J. H. Boyle and his wife, now in jail at Sharon awaiting trial on charges of blackmail.

It is understood that the new indictments were returned at the instance of the sheriff, who feared that the woman would be released at Sharon.

SHOT HIS WIFE KILLED HIMSELF

Reno, Nev., April 13.—Because his wife started a suit alleging cruelty, Louis McFadden, a teamster, attempted to kill her and thinking he had succeeded, blew out his brains. The body lies in a local undertaking establishment today while the widow is suffering from a bullet wound in her neck.

"Here is where we both die," exclaimed McFadden yesterday as he slammed the door of a room in their home and jerked a revolver from his pocket. He fired two shots and Mrs. McFadden fell. McFadden walked at her pale face for a moment, long enough he thought to satisfy him that the wound in her neck would surely cause death.

Then he snuffed out his own life, with the same revolver. Two children of the couple witnessed the tragedy. Mrs. McFadden will recover.

Toledo, Ohio, advertises a great tuberculosis exhibit. That ought to draw people from all over the world to see it.

TO MARRY JAPANESE PREACHER

MISS GOODMAN, 40 YEARS OF AGE, AND OF MISSIONARY PROCLIVITIES, WILL SOON WED PASTOR OF JAPANESE PRESBYTERIAN MISSION.

BOTH WILL REGRET

Lady Is Old Enough to Know Better, But Is Evidently Infatuated With the Saddle-Colored and Bias-Eyed Gentleman, and Only Experience Will Cure Her.

[United Press Leased Wire.] Los Angeles, Cal., April 13.—Discussion almost as great as that occasioned by the Gladys Emery Gunjiro Aoki marriage is rife here today, following the report that Miss Kate Goodman, a prominent mission worker of this city, is to marry the Rev. Joseph Kenichi Inazawa, minister of the Presbyterian Japanese mission. Inazawa has admitted his engagement to the American woman, and has stated that the marriage will occur in the near future. Miss Goodman is at present in San Francisco, on business connected with her mission work.

The Japanese preacher is 45 years old, and has lived in San Francisco and other coast cities for the past 20 years. He is well thought of by the clergy of this city, and it is intimated that the proposed union is approved by many eminent local divines.

Miss Goodman is a member of a well-known New York family, and is about 40 years of age. She is a former student of the University of Chicago, and, while attending classes at that institution, determined to go to Japan as a missionary. Stopping in this city on her way to the Orient, she became interested in Japanese mission work here, and has become a well-known figure in local religious circles.

HAS A GARDEN WITH HER JAP

[United Press Leased Wire.] Seattle, Wash., April 13.—Instead of living in Columbia City, as reported, Mr. and Mrs. Gunjiro Aoki, who were married in Seattle, following a sensational flight from California several weeks ago, are now eking out an existence on a little four-acre tract across Lake Washington, a short distance from Sunnydale.

Mrs. Emery, mother of the American girl who took the Japanese servant for her husband, is living with the couple on this little garden patch, which they have leased.

MINISTERS DENOUNCE SOME PARISHIONERS

[United Press Leased Wire.] San Francisco, April 13.—Much interest is being shown here today as a result of the denunciation on the part of the Methodist ministers of this city of the deplorable position taken by the various Methodist churches of the country, in endeavoring to secure pastors who are not burdened by numerous offspring.

During the weekly meeting of the Methodist clergy of this city yesterday afternoon, the question arose,

how many children should a Methodist minister have?

After a general discussion, led by the Rev. Carl Warner, it was agreed that the position maintained by the majority of congregations regarding the families of ministers was unfair and unsatisfactory. He claimed that the good positions were open only to preachers with limited progeny, and that this has resulted in the relegation of ministers possessing many children to the less desirable charges.

This stand was supported by the majority of the ministers present, several of whom declared unreservedly for the big family.

"God help the child who has neither brother nor sister," one of the ministers said warmly, and his statement was roundly applauded by the meeting.

WHEAT RIDES IN ITS OWN BALLOON

[United Press Leased Wire.] Chicago, April 13.—Wheat shot skyward at the opening of the market today, and new price records for the crop were established in May, July and September.

May wheat opened at \$1.28, which is 1 1/4 cents higher than the previous record for the crop.

July opened at \$1.16 1/2, and September at \$1.09 1/2, both of which are new high records for the crop.

Winnipeg, April 13.—Flour advanced ten cents a bag, or 20 cents a barrel, today. The advance in flour is said to be the result of the high price of wheat brought about by James A. Patten's wheat corner.

CALHOUN JURY AT LAST SELECTED

[United Press Leased Wire.] San Francisco, April 13.—The regular permanent jury in the case of Patrick Calhoun, president of the United Railways, accused of bribery, was completed today with the selection of Otto H. MacKroth, a retired grocer, to sit as the twelfth man in the box.

This afternoon the work of selecting the attorneys. An extra juror will be held in reserve to act in the event that some regular member of the body is taken ill during the trial.

The empanelment of the Calhoun jury began 90 days ago. Sixty-two actual court days have been consumed in the examinations.

Thirty-four venire, consisting of a total of 2310 takersmen have been summoned.

FRESNO, CALIFORNIA JOINS THE DRY LIST

[United Press Leased Wire.] Fresno, Cal., April 13.—Fresno has gone dry. That is the verdict unmistakably expressed at yesterday's election. That is the no-saloon victory achieved in the raisin and wine center of the state.

At 10 o'clock this morning the dry forces had a safe majority of 75 votes which will probably be increased to slightly over 100.

The ordinance is effective in 90 days. It closes saloons, but allows the continuance of wholesale family liquor stores, and the sale of drinks with legitimate meals in restaurants.

With the passage of the ordinance, Dr. Chester Rowell pledged to his rigid enforcement, was elected mayor by a majority of over 500, over four other candidates. Five out of the eight candidates for trustees on the Good Government League ticket, supporting the ordinance, were elected, according to late returns, thus insuring the proper enforcement of the new law. The election was considered a reform victory all along the line.

GREAT BLAZE RAGES

ROCHESTER, NEW YORK, WITH A POPULATION OF 170,000, IS BEING SWEEPED BY FIRE DRIVEN BY A 50-MILE-AN-HOUR GALE.

CITY IS DOOMED

Fire Again Gets Beyond Control This Afternoon, and What It May Do Is Beyond All Power of Man to Even Guess—Loss Will Be Millions.

[United Press Leased Wire.] Rochester, N. Y., April 13.—Four persons were seriously injured as a result of having jumped from windows, and several blocks are menaced by fire, which started in a manufacturing block shortly before noon today.

The fire is spreading rapidly, being fanned by a 45-mile gale. A general alarm was turned in, and the entire fire department summoned to fight the flames, which seem beyond control.

None of the persons who jumped from windows to escape the fire are likely to die from the injuries sustained.

At 1 o'clock this afternoon the fire is beyond control. Temple Brith Kedesh has been destroyed and the First German Lutheran Synod church is in flames.

Damage already caused by the fire has not been estimated.

At 1:25 Captain Hoffman, of the first separate company of the National Guards, ordered his men to report at the armory, so that they might be sent out to patrol the burning district.

Four firemen were caught beneath falling walls, and were removed to the hospital, seriously injured.

Damage already done by the fire amounts to hundreds of thousands of dollars and a thickly populated section of the city is still threatened with destruction.

The fire started in a four-story factory building, and, fanned by a gale, it soon spread to a row of apartment houses. Then Temple Brith Kedesh was destroyed and St. Peter's Presbyterian church caught fire several times.

Aid is being rushed here from Buffalo and Syracuse.

At 2:25 p. m. Chief Little declared that the up-town fire was under control. He was mistaken, however, as a freshening gale resulted in the flames again spreading.

An accurate estimate of the damage is impossible at this time, but it is now certain that it will reach \$750,000, if it is confined to its present territory. There is little chance of it being so confined, and the damage will probably be much greater.

All members of the local militia companies have been ordered out to act as patrols for the burning district.

FIFTEEN KILLED ON ON ACCOUNT OF EASTER

[United Press Leased Wire.] El Paso, Tex., April 13.—Troops are patrolling the streets of Tornson, Mexico, today according to dispatches received here today, to prevent a recurrence of the rioting of Saturday

and Sunday, when 15 persons were killed.

The trouble began last Saturday when the mayor refused to permit the Easter ceremony known as "burning Judas." The people grew excited because their religious ceremony was to be prevented, and rioting followed. Six policemen, three soldiers and six rioters were killed, and a number severely wounded.

SUPREME COURT HANDS DOWN OPINIONS

The Supreme Court handed down another great of decisions this morning, being appeals principally from Multnomah county.

M. A. M. Ashlot and C. E. Rumeltn respondents vs. C. O. Pick, under the firm name of C. O. Pck Transfer and Storage Company, appealed from the Circuit Court of Multnomah county.

E. C. Bronaugh Judge, reversed and remanded by Chief Justice Moore. This was an action to recover value of certain counters, shelving and other articles, which it is alleged, the defendant converted to his own use. Judgment was rendered in the lower court in favor of the plaintiff for \$200 being a portion of \$850 sued by the plaintiff as damages incurred by the defendant retaining the goods in question, for which the defendants appeal.

Theo. Bernheim, trustee's respondents, vs. Ella Talbot, appellant, appealed from the Circuit Court of Multnomah county, C. U. Gantenbren Judge, affirmed by Justice Eakin. The action was brought into the court by the plaintiffs to enjoin the defendants from trespassing on properties in Multnomah county and cutting down trees, and the lower court rendered a judgment in favor of the plaintiff from which an appeal was taken.

J. W. Dryden respondents vs. Patton-Armstrong Co., appellants, appealed from the Circuit Court of Multnomah county, J. B. Cleland Judge, reversed and remanded by Justice Eakin. The respondent in action was given judgment against the Patton-Armstrong Co., being a logging firm, for damages for personal injuries sustained while working in one of the appellant's logging camps, from which the logging company appeal. The higher courts reversed the judgment on the grounds the lower court erred in denying a motion for judgment of non-suit.

State of Oregon respondents vs. Edward H. Martin, appellant, appealed from the Circuit Court of Multnomah county, J. B. Cleland, Judge, motion to dismiss an appeal denied by Chief Justice Moore.

An opinion was handed down by Justice Slater containing 37 typewritten pages in the case of J. L. Morrow and W. H. Cooper, plaintiffs and appellants vs. Warner Valley Stock Company, defendants and respondents, appealed from the Circuit court of Lake County, Henry L. Benson, Judge, reversed by Justice Slater. This is an action to recover lots lying in what was formerly the bed of Warner Lake, in Lake county, which, according to the allegations in the lower court, was taken in possession by the respondents in a fraudulent manner by forged affidavits. The Supreme Court holds that the lots with the exception of lots 9, 10, 11 and 12, be the rightful property of the appellants and the respondents be enjoined from claiming any portion of them. Justice King also hands down a dissenting opinion in which he disagrees with that handed down by Justice Slater and awards lots 9, 10, 11 and 12 to the appellants.

Even if Opportunity did knock at some Salem men's door she never would get a response.
