

Are You a Lard Eater?

Half the time when a person feels blue and out of sorts you may take it for granted that he is a victim of the "lard habit." Lard-cooked food and good stomachs are never friends for long. Lard food is not healthful food and no ordinary stomach can thoroughly digest it.

Lard comes from the pig-sty; *Cottolene* from the cotton fields of the Sunny South. Lard is greasy, indigestible, and sometimes absolutely harmful; *Cottolene* makes food digestible, nutritious, delicious. *Cottolene* is the perfect shortening and frying medium. It is pure and healthful. It contains not an ounce of hog-fat.

Cottolene is today in use by thousands of housewives who would no more think of going back to lard than they would of reverting to tallow dips for lighting their homes.

Cottolene is one of the products which pure food advocates always endorse.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.
