

## THIS WILL FILL A LONG FELT WANT

Charles Dennison, a young boat builder of this city, is now constructing a modern boat house. This boathouse for the river craft is to be 30x50 feet and built upon the latest plans of a floating dock. Mr. Dennison has a force of workmen busy building one of the two scows to be used as floating supports of the boat house. These scows are 60 feet in length and 8 feet wide and capable of supporting tons. A substantial building will be erected upon the floating supports with a floor upon which to lay the boats. At one end of the boat house there will be an apron extended in the water and rollers attached to haul the boats up and transfer them to their places in the house.

Mr. Dennison will have his house in the water by the first of May, at which time he will be prepared to receive all orders for storage of row boats and launches and canoes. He will also build several row boats which will be at the service of the boating enthusiasts. In connection with the row boats, Mr. Dennison will have a fast motor boat for hire.

This storage house will be greatly beneficial to Salem boatmen who have been compelled to leave their craft out in the elements the year round, and also to the public who wish to take an evening row on the beautiful old Willamette. Mr. Dennison is going to make it a special business to accommodate all who wish to boat ride with clean, well-made row boats and will keep his establishment open during the twilight hours for this business.

PROP'S SALEM SUN STORE

## JUST GIVE US AN OPPORTUNITY AND WE WILL SAVE YOU MONEY

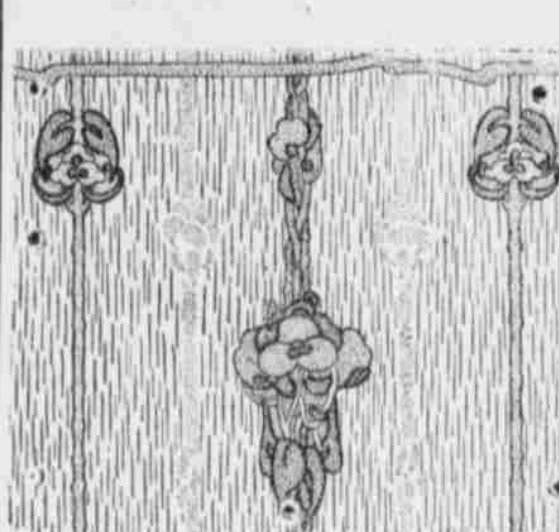

That's why we want to talk this little housefurnishing matter over with you. We want you to know that this store stands for all that is good in merchandising. Good goods, best service, low prices and a divided payment plan that meets all requirements. We'd like to tell you all about this great spring stock, four large, spacious, well-lighted floors, containing everything to furnish the home complete and comfortable. Call and see us, and we will demonstrate to your satisfaction that this is the store

### THAT WILL SAVE YOU MONEY

#### MALLEABLE RANGES

Outlasts them all. Its the three-ply construction. This one feature is found only in the Malleable Range, and has saved thousands of dollars to range users. It saves fuel because it holds in all the heat; it saves time, because you can cook quicker and better; it means long life to the range. A sheet of asbestos mill board is placed between two sheets of steel. The inner sheet keeps it from peeling off. It will last forever. One Malleable will outlast two to one of any other make.

#### WALL PAPER

We are showing for the first time in Salem an exclusive assortment of English and German Tekko wall papers. These are perfect cloth and damask effects, and are wall decorations that have no equal in laying a foundation necessary to produce the most pleasing results. They are far superior to tints, where plain colors are desired, as they are fast in color, and have more depth. If you want something a little different inspect this showing.

#### MR. HUSBAND--

There is no possible investment that will give so much genuine, long-lived and complete satisfaction to your wife as a Hoosier Kitchen Cabinet. If you think the Hoosier is just a miscellaneous collection of drawers and cupboards, you are mistaken. It is more than that—it is a saver of kitchen work, and it doesn't cost any more than the ordinary cabinet. Mr. Husband, buy this labor saving kitchen device for your wife. It means less work and worry for her, and more contentment for you. Don't neglect this—you can afford it.

#### Vudor Shades

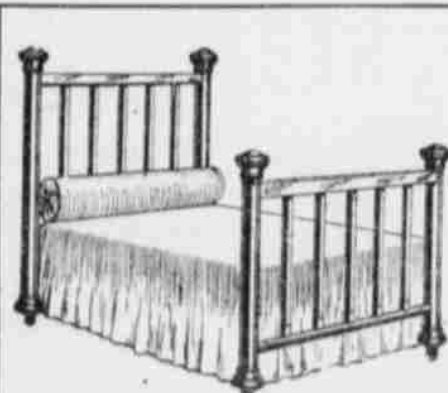

Now that the warm days are approaching you need Vudor Porch Shades to get the most out of your porch.

Make it a spot where you can rest or work in comfort and privacy, besides adding another room to your home. Vudor Porch shades are very durable, and will last many seasons. They are artistically stained in soft, pleasing shades, and the colors are absolutely weather-proof. All sizes carried in stock.

#### Refrigerators

Features that will be appreciated—Automatic circulation is so constant and perfect, and the air so dry, that there is no opportunity for food odors to mix or adhere to the shelves or walls. It is the easiest to clean and keep clean and sweet of all refrigerators. Ice must be placed in the ice chamber. The ice man cannot drop or throw it in, shaking or marring things. There are so many good things about an Automatic that we wish you would come in and look at them. Will gladly show you all the exclusive features.

#### Iron Beds

Iron beds. We believe that we have the best assortment of any store within a radius of many miles, and our prices we know for certain are the lowest. It's a fact, sanitary iron beds are fast taking the place of the old-fashioned wooden bedstead. We invite you to see this line. It is an extensive one embodying many attractive designs.
