SACRED HEART SCHOOL GETS A FINE BEQUEST

It was officially shown yesterday when hearing of final account came for the will of Joseph Dingnam that he had given \$12,292.56 to the Sisters of the Holy Names of Jesus and Mary for educational purposes, the money to be used in connection with the Academy of the Sacred Heart.

His entire estate was shown to be valued at \$14,309.27. Joseph Dingnam died in this city and was an ardent believer in the Catholic faith. Judge P. H. D'Arcy was executor of the estate.

SMILES.

The Baker City clock is to be equipped with chimes. The big raises in wheat and the big advances in flour always taken place when the growers have disposed of pretty much all their wheat.

La Grande has added 4000 lights to its main street illumination in honor of the coming session of the Development Congress.

Gold Brick artists have been operating around Baker City.

If all the aldermen had voted Monday night Mr. Dennis would have been granted a permit to go ahead with his \$10,000 improvements. But sometimes they do not vote.

The street committee gives it up. The committee on accounts and cur-

rent expenses is now trying the sprinkling problem. The city owns the sprinklers and could easily make some money out of properly sprinkling the streets. The city must get over that idea that it is to farm out money-making enterprises to the other fellow all the time. The street sprinkling should be made self-sustaining, but earn some money for the city. Accounts and current expenses can do it if anybody can.

J. M. Spencer, who died up at Brownsville recently, was a veteran of the First Oregon Cavalry, and father of Charles Spencer of Brownsville and Frank Spencer of Ontario. He was a Mason in good standing and a man of fine character generally.

Animal vs. Vegetable.— There is not a single kind of animal food which we might not replace with a vegetable counterpart. In most cases it is merely a matter of choice which is preferable, the animal or the vegetable. In the matter of cooking fats, however, the vegetable has far the advantage. Lard is made from the fat of hogs, often impure and unclean, always indigestible. Cottolene comes from the cotton fields of the Sunny South. It makes food that can be digested with ease, even by invalids. Cottolene is recommended by both physicians and noted cooking experts as a much more healthful and desirable cooking fat than lard.
