Dr. Pierce's Favorite Freedription can do only good—bever harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are detanged in function or affected by disease, the stomach and other organs of digestlot become sympathethally deranged, the nerves are weakened, and a long list of had, implement symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

RAILROADS PUSHING THROUGH TO COAST [United Press Leased Wire.]

San Francisco, April 22 .- President E. W. Ripley, of the Santa Fe system, accompanied by President A. H. Payson, of the Northwestern Paing in Ripley's private car for Willits, California. According to Ripley. he trip is made to look over the ground for the proposed extension of the Northwestn to Eureka.

Ripley arrived at Port Richmond ate yesterday. He spent the night 'n his car and announced that he would stop at San Francisco on his return Thursday evening.

The Santa Fe president gave his opinion that the railroad outlook at present is very bright. When asked for the cause of the improved condi-

tions, he said:
"Well, I understand there is a saner administration at Washington Regarding the proposed extension

in Humboldt county, he said:
"Our object now is to ascertain the cost of improvements. I understand that they will cost in the neigh borhood of \$10,000,000. That is a large sum to expend, in view of the recent attacks upon railroads, and I am not in position to make authoritative statements regarding our plans until I return."

It is sinderstood that the plans under consideration provide an extension of the Northwestern Pacific from Willits to Eureka, and possibly the con truction of the line to join the lumber town of Albion with the main line at Cloverdale or Healdsburg.
