PRESENTED DOG A BLUE BULLET PRIZE AT THE DOG SHOW

HUSBAND WHOSE WIFE WAS BITTEN BY DOG KILLS THE BRUTE WHILE IN TOW OF ITS OWNER ON WAY TO WIN PRIZE

(United Press Leased Wire.)
Tacoma, April 28.—Seeking revenge for the injuries to his wife, who was severely bit by "Don," a bloodhound, some weeks ago, Phillip Brautigan, a Fox Island rancher, lay in wait near the entrance to the dog show this morning and shot the valuable canine as it was being led to the building by J. A. Mitchell, its owner. Brautigan waited behind a telephone pole and when Mitchell came opposite him leading the large bloodhound, he stepped out to the center of the sidewalk and fired point blank at the dog's head, felling it instantly. Brautigan then jerked up

the arm that held his revolver, and pointing it at Mitchell's head, said, "Hold up your hands and back away from that dog, or I'll fix you, too." The man was white with rage and it was not until Mitchell had put his hands over his head that Brautigan lowered the weapon.
The shooting of Mitchell's bloodhound was the result of an attack made upon Mrs. Brautigan several weeks ago in which she was badly bitten upon the arm. Her right arm was literally torn to shreds, it is said, and since the attack she has been confined to the St. Joseph hospital, where she is at present.

VIRTUE RIDES ON BACK OF CRIME

(United Press Leased Wire.)
Hot Springs, Va., April 28.—On the verge of three score years and ten, John D. Rockefeller today is resting after an experience that would have taxed the strength of a man half his years. The venerable millionaire, while mountain climbing

yesterday, carried his little grandchild, Mathilda McCormick, in his arms and on his shoulders for two miles up the ruggedest part of the Warm Mountains trail. John D. and the little 6-year-old girl were on a day's journey, and the child became tired. Although he had walked a considerable distance and will be 70 years old on July 8, he picked the child up and carried her that distance.

JAPAN IS NOT EVEN A THREAT

(United Press Leased Wire.)
Pittsburg, April 28.—That the whole country must unite to find a solution of the Japanese immigration problem, is the opinion of Congressman Duncan, of California.
At a banquet given yesterday by the American club of this city in honor of the birthday of Ulysses S. Grant, McKinlay in an after-dinner speech declared that the California question was merely a part of the "yellow peril" question, and as such was not a question for California to settle but for the whole nation.
McKinlay gave as his opinion that the talk of war between Japan and the United States is absurd.
"Should the Japanese go to war with us, or with any other power, Russia would be at her throat in a minute," he said. "Talk of war with Japan is absurd. The question of Japanese immigration will be settled amicably in due time. I am in favor of Roosevelt's policy of giving the Japanese government an opportunity to settle this matter itself. If it fails, it will be time enough to consider exclusion laws."

MOUNTAIN LIONS GET FAMILIAR

(United Press Leased Wire.)
Whittier, Cal., April 28.—When Arthur Woodstock, owner of a bee ranch near here, returned to the ranch today he carried with him a shotgun in anticipation of an attack by two mountain lions, which yesterday attacked him while he was driving into town.
Woodstock noticed the beasts following him but thinking that they were dogs, paid no attention until they sprang upon the wagon. One of the beasts attacked him and the other Woodstock's dog. The dog was killed instantly by a blow from the lion's paw, and after a hard fight Woodstock beat off the lions.

FRISCO PLANS FOR GREAT CELEBRATION

(United Press Leased Wire.)
San Francisco, April 28.—If the plans of the committee in charge of the Portola festival, which will occur in this city in October, meet with success, San Francisco bay is to be the scene of one of the greatest naval pageants in the world's history.
C. C. Moore, former president of the San Francisco chamber of commerce, will leave in the near future for Washington, where he will confer with President Taft and the officials of the navy department. He will request that the Pacific fleet's cruise be postponed until after the festival.
After securing credentials from the President, Moore will visit many of the European capitals, and will endeavor to secure a promise from the great nations of the world to be represented at the festival by men of war. Other agents will visit South America and the Orient, with the same end in view.
The crowning plan of the naval spectacle which has been suggested, is a sham naval battle, with the vessels of the foreign nations arrayed against the American squadron. President Diaz, of Mexico, will be invited to referee the battle.
It is thought that the plan is feasible, and Governor Gillett and Mayor Taylor, of San Francisco, will communicate personally with the foreign governments and with the state department in an attempt to secure their co-operation.

EMPEROR'S FRIEND COMMITS SUICIDE

Chicago, April 28.—Albert Koellich, 72 years of age, a close friend of the German emperor, and former member of the German diplomatic corps, is dead. He committed suicide yesterday by inhaling gas in the office of Attorney William McGee, where he had been permitted to sleep.
At one time the incumbent of a high political position in his own country, Koellich became tired of his quiet life. He took \$100,000 of his family estate, and started on a series of foreign travels.
In America the last of his money was spent. The estate in Germany had dwindled to almost nothing, and the former friend of the kaiser was compelled to earn his living.
Peniless and without friends, Koellich asked for permission to sleep in McGee's office. After sweeping the floor and dusting the furniture, he turned on the gas, and lay down to die.

WESTON REACHES MISSOURI VILLAGE

(United Press Leased Wire.)
St. Louis, April 28.—It is reported that Edward Payson Weston, the famous old pedestrian, who is expected to arrive here this afternoon, will meet his wife, from whom he separated 42 years ago, and two grown children when he arrives at San Francisco, his destination.
Weston has declined to discuss the story, which is to the effect that he separated from his wife because she did not like his feats of pedestrianism, which he would not abandon. According to the story the pair have not seen each other for 42 years. Those who have arranged for them to meet at San Francisco hope a reconciliation will result. Mrs. Weston is now in California.

7,000,160 ACRES OF LAND IN OREGON OPEN FOR SETTLERS

(United Press Leased Wire.)
Washington, D. C., April 28.—Secretary Ballinger today designated 7,000,160 acres of land in states to which the 320-acre homestead law applies as coming within the provision of the law.
The states affected are Oregon, Washington, Utah, Wyoming, New Mexico, Nevada, Arizona, Colorado and Montana.
Included in the land designated by the secretary today are 7,000,160 acres in Oregon and 3,576,960 acres in Washington. Diagrams showing the lands subject to entry are being sent to the local land offices.
It is believed that 40 per cent of the area designated, except in Nevada, is now held by individuals. If all the land designated were suitable for entry there would be 492,000 home-lands.

INDIANA NOT YET ABANDONED

(United Press Leased Wire.)
San Francisco, April 28.—Captain Robinson and the officers of the wrecked Pacific Mail steamer Indiana, will arrive here Sunday on the steamer Pera. They will be accompanied by A. F. Pillsbury, surveyor of the Marine Underwriters' Association, who has been directing the salvage work at the scene of the wreck.
While it is deemed unlikely that the Indiana ever will be floated, she has not been abandoned. Two members of the crew will be left to guard the wreckage.

HAS A NEW SULTAN BUT MURDER STILL RAMPANT IN TURKEY

WHILE AFFAIRS ARE TEMPORARILY QUIET IT LOOKS AS THOUGH EUROPE MUST FACE A HOLY WAR

(By Bysantius Moschpoulos, Staff Correspondent of the United Press.)
Constantinople, April 28.—Soldiers of the fourth and fifth army corps, stationed in the villages of Aleppo and Edizurum, are in open revolt today and insurrections are threatened in Western Macedonia and Northern Albania. Dissatisfaction over the deposition of Sultan Abdul Hamid is creating a great deal of trouble in certain quarters, and it is feared that it will be impossible to prevent a civil war.
Meagre reports of the mutiny of the fourth and fifth army corps were received here yesterday, but were not given much credence. Young Turks' agents arrived here today, however, and positively confirm the news.
Sultan Rehad, when notified of the insurrection declared that he was not alarmed, and ordered that steps be taken at once to put down the mutiny.
Abdul Hamid, dethroned sultan of Turkey, was sent secretly to Salonica under guard last night. The Young Turks suddenly changed their plans, and decided that Salonica would be the best place to imprison the dethroned ruler.
Eleven wives were permitted to accompany Abdul.
It is reported that he will be allowed to return to Constantinople and become a prisoner in Cherasan palace, if he does not attempt to intrigue against the new regime.

Beirut, April 28.—Scores of scattered villages in the vilayet of Adana were the scenes of massacres of Christians today, and it is believed that thousands were killed.
Kasaba is aflame, and it is reported that the Moslems have killed nearly every Christian there. Several Franciscan monks and a family of Italian missionaries are reported to have been the only foreigners who escaped the bloodthirsty Moslems.
Missionaries in Bad Shape.
Constantinople, April 28.—American missionaries stationed at Hadjin are facing starvation today, if they have escaped death at the hands of the Moslems. A letter written by Miss Rose Lambert, the American missionary, last Monday, was received here today.
"Hadjin is almost entirely without food," writes Miss Lambert, "and everyone is threatened with starvation, aside from the danger of being murdered. The provincial authorities have refused to protect us, and outside aid is imperatively needed. Will you send it?"
The letter was written when the missionaries were in the greatest peril. It states that the uprising against the Christians started several days ago, and that the troops were unable to overcome the Mohammedans and restore order.
Miss Lambert describes the terrible ordeal which she and her American companions were compelled to undergo. She declares that the Moslems are fondish, and pay absolutely no heed to a white flag of truce. Armenian refugees barricaded themselves in churches, over which white flags were flying. The Moslems stormed the church, and slaughtered the inmates without mercy.

MYSTERIOUS DEATH OF PRETTY GIRL

(United Press Leased Wire.)
Milwaukee, April 28.—Mary Behrens, the 20-year-old daughter of a wealthy saloon keeper of Sheboygan, was found early today in a dying condition in an alley adjoining the parish house of St. Anthony's Catholic church in this city. She was unconscious when found and died without making a statement that would clear the mystery surrounding her pitiable condition.
Father Decker, the priest of St. Anthony's, said that the girl came to the parish house late last night, and asked for a place to spend the night. According to his statement she was given a room on the third floor of the house. It was directly under a window of this room that her unconscious body was found today.
Not a Case of Suicide.
Sheboygan, Wis., April 28.—The father of Mary Behrens, whose mysterious death occurred in Milwaukee early today, stated this afternoon that the girl left home yesterday without making a statement as to her intentions. He is positive that she did not commit suicide.

CAPTURED GANG OF COUNTERFEITERS

(United Press Leased Wire.)
Marysville, Cal., April 28.—W. A. Wakefield, Fred Foster and Tom Crow, known as "Kentucky" Crow, are in the city jail here today charged with counterfeiting.
The three men were captured last night after a desperate running fight with the officers in the fashionable section of the city. During the battle Crow is said to have fired several shots at his pursuers and Foster to have pulled a knife and savagely attacked one of the posse.
For the last three months this section of the country has been flooded with spurious \$20, \$10 and \$5 gold pieces, and the police are of the opinion that the men captured last night can be convicted for the crimes.
The entire plant with which the counterfeit coins were made was confiscated, together with more than \$700 in imitation coin.

FRED SEWARD NOT AFRAID OF FRIDAY

(United Press Leased Wire.)
Boise, Idaho, April 28.—"All right; let them shoot their wad. When is the big stunt going to be pulled off?"
These were the words uttered by Fred Seward today when he was informed that the state board of pardons declined to interfere with the sentence of death imposed on him by the court in Moscow, Idaho, when he was convicted of murdering a woman of the underworld. Seward was granted two reprieves on the ground that new evidence of his innocence would be presented. He will be hanged next Friday morning in the state penitentiary.

SMALL KIDS DO HOLD-UP ACT

(United Press Leased Wire.)
San Francisco, April 28.—The police of this city today are searching for four youths of tender years who are believed to have formed an organized band of the Jim Crow type. Several hold-ups reported to the officers during the last few days are attributed to this gang, the oldest member of which is said to be a lad in his teens.
Last night four boys attempted to hold up Sidney Norton of the Cadillac hotel at a dark corner in the downtown section. The smallest lad of the gang leveled a revolver at the victim and demanded in a childish voice that he surrender his valuables. Norton made a show of resistance and the boys fled. Until last night the operations of the gang has been confined to the Oriental quarter.
