THE FULTON SPREAD

Under the above caption the Baker City Herald, a Republican paper, says:

A few republicans are holding love feasts for ex-senator Fulton, in announcing the "bottle and a bird" event newspaper notices stated that all Republicans who appreciate what C. W. Fulton had done for Oregon and all who wanted to reunite the Republican party of the state were welcome to attend.

"This is really laughable. What has C. W. Fulton done for Oregon? While senator he kept the party in turmoil and finally defeated the regularly nominated candidate for United States senator. He made promises to friends that he never kept. He caused eastern Oregon to believe that a new judicial district would be created but he did not make good.

"He is a political disturber of the worst kind; a dangerous man to put in as a leader; a treacherous man after he is a leader, and a man whose political promise seems to have been worthless.

Why should Republicans of Oregon rally around Charlie Fulton, who is absolutely dead politically and does not seem to know it? Why should the party insist on carrying a man as leader who is a failure? "Well, the party does not. A few of Fulton's kind are trying to make a showing by giving the repudiated senator a dinner and making themselves believe that they represent the Republican party of Oregon, but there is nothing to it."

MILLION DOLLAR BLAZE IN CHICAGO

Chicago, April 29.—One fireman is dead, two persons are missing and six are suffering serious injury as the result of a fire which destroyed elevator "B" of the Illinois Central railroad early today. The loss is estimated at \$1,250,000.

The fire was one of the most spectacular blazes ever seen in Chicago. It started in the midst of a heavy rain storm, and the fierce red flames lapping the sodden sky, which was illuminated at times by flashes of lightning, was a wonderful sight. A bolt of lightning is supposed to have ignited the building.

At 10 o'clock this morning it was considered almost certain that Peter Cooper, a fireman, who was reported missing, was dead.

Four hundred and ninety-one thousand bushels of wheat and 500,000 bushels of corn were destroyed by the fire.

HALF BAKED MAN SHOOT SWEETHEART

Northampton, Mass., April 29.—Helen Marden, a senior at Smith college, is dying from a bullet wound inflicted by Porter Smith, a student at Dartmouth college, who shot and killed himself after attacking the girl. The double tragedy occurred on the campus of the college.

Mystery surrounds the case, but it is reported that Smith was an unsuccessful suitor for the girl. Meeting M'as Marden on the campus of the college at 9 o'clock this morning, Smith engaged her in conversation. After exchanging a few words the young man drew a revolver and fired upon the girl. As she fell mortally wounded he turned the gun upon himself.

Miss Marden's home is at Somerville, Mass., and Smith lived at Chicago.

NO MAIL SERVICE FOR ALASKA

Fairbanks, Alaska, April 29.—It is announced here today that between 600 and 1000 residents of the river towns of the interior are to be without mail service for four months, beginning May 31, in accordance with an order said to have been issued by the postal authorities.

The owners of the river steamers that have carried mail to Richardson, in the Tenderfoot district, Washburn and Selchaket, are said to have refused to continue the service at the present rates. An appeal probably will be made to the postal authorities.

THE GARDEN GREW QUITE CONTRARY

[United Press Leased Wire.] New York, April 29.—"Those Chicago Mayers," exclaimed Mary Garden distressfully, aboard the White steamer Adriatic, which today is carrying her to Europe. "Please do not ask me to discuss them. They are simply too horrid for anything. They are beneath my notice."

The opera queen had been discussing her work in America just before the departure of the vessel yesterday when the talk drifted to the Mayers, who, according to common report, supplied the star with \$20,000 when she was struggling on the lower steps of the temple of fame. It is said that Miss Garden refused to repay the loan after her first success, and the Mayers were compelled to force a return of the money.

Miss Garden incidentally denied the rumor that she was returning to Europe to marry.

OPERA COMPANY GETS A WAD OF MONEY

[United Press Leased Wire.] New York, April 29.—The Metropolitan Opera Co., with which the late impresario, Heinrich Conried, was so long identified, and which formed to back him when he took control of the Metropolitan opera house, today stands beneficiary to the amount of \$150,000 by Conried's death.

When the Metropolitan Company was formed the directors prudently took out a life insurance policy, and although Conried was not identified with the company for more than a year before his death, the promises were paid when due, and the amount of the property will be divided among the directors.

FRENCH SAILORS HAVE THIRD MUTINY

[United Press Leased Wire.] Paris, April 29.—The third mutiny within two weeks on a vessel of the French navy has stirred the government circles here today, and it is probable that the latest outbreak, that of sailors aboard the battleship St. Louis, at Toulon, will be rigidly investigated.

The sailors on the St. Louis refuse to eat the meat provided by the mess officers, and their protests were so subsversive of discipline that three of the crew were placed in irons. The remainder of the enlisted personnel then openly revolted, claiming that all should be punished or none.

A MAN SO GOOD HE WILL SOON SPOIL

[United Press Leased Wire.] Los Angeles, April 29.—Admirers of the new chief of police of this city, Edward P. Dishman, who have acknowledged his relation to his new office by gifts of boxes of cigars, neckties, stickpins and the like, were astounded today to receive checks in payment for their offers. Accompanying the checks were polite notes stating that, in view of the salary paid for the performance of his official duties, the new chief must decline to place himself under obligations, however slight, to citizens of the city.

Soon after taking up the duties of his office, Dishman was overwhelmed with a flood of presents ranging from boxes of cigars to a lawn mower. Calling in a board of officers, the chief secured an unbiased appraisal of every gift, and mailed the donor a check to cover its value.

The rule established by Chief Dishman is believed to be unique among incumbents of public office. "almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all good druggists."

WANTED TO WIPE OUT INDIANS

DIME NOVELS GET IN THEIR DEADLY WORK

[United Press Leased Wire.] San Jose, Cal., April 29.—Three lads of this city are in the custody of the police at Salinas today, a plan they evolved to aid the country of its remaining Indians having been frustrated by the authorities.

The boys, who are being held awaiting the arrival of officers from this city, are Charles Skuse, George Hennessey and John Schafer.

The three Indian fighters yesterday appropriated a horse and buggy on one of the main streets of San Jose, and after loading the buggy with firearms and ammunition, drove across the mountains to Santa Cruz, 37 miles. There they left their exhausted horse, found another on Pacific avenue and continued to Salinas.

The officers of Santa Cruz, Santa Clara and Monterey counties were notified to search for the missing boys and the mountain roads were patrolled all day and far into the night.

The lads were captured after they had made a third exchange of horses. They stated that they intended to scour the mountains for the redskins who still are in hiding there.

Many Salm People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine full of "brick-dust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headache, dizzy spells, tired, anguished feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Salem people recommend Doan's Kidney Pills. Mrs. Mary Baumgardner, 424 Water street, Salem, Or., says: "I have found Doan's Kidney Pills to be a remedy of great merit, and I am pleased to endorse them so that other sufferers from kidney complaint may know how to get relief. I procured Doan's Kidney Pills at Dr. Stone's drug store and several members of our family used them with the most gratifying results. I took Doan's Kidney Pills myself for a tired, aching back and a dragging down feeling, caused by disordered kidneys. The aching and soreness was removed, the kidneys were made normal, and my health became better every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
