The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

BUSINESS MEN'S LEAGUE TO FIGHT WHITE SLAVERY

Secret Service, Legislative and Legal Phases of Work of National Organization.

Chicago, April 29.—A national organization of business men to systematically fight the white slave trade traffic, proposed here when the enactment of new laws in Illinois became assured by favorable committee report promises to become a fact and to make the warfare against the widespread evil, in the courts, in securing legislation and in secret service work the country over, continuous, effectual and speedy.

The proposal was made by Geo. H. Currier, publisher of Woman's World, which has already inspired legislation in Minnesota, the Dakotas, and prospective legislation in Illinois, Iowa, Arkansas and several other states. He also offered to aid the financing of such an organization if it was comprised of representative men. In an address issued here he said:

"Illinois statutes are now certain to include adequate laws against white slavery and what is needed next for the protection of our girls is an organization of business men to aid in enforcement of the laws and to extend similar laws to other states. When horse thieves grow numerous we organize to clean them out. Our sisters and daughters are being captured by white slavers at the rate of 80,000 a year and we have just waked up to realize it.

"We must aid the public prosecutors or the task will be too huge. Woman's World will aid the financing of an organization of representative men who realize that a determined campaign must be made if white slavery is to be exterminated. The Woman's World proposed bills for the state laws because we wanted to do more than expose the enormity of this evil. Now we are ready to go a step further and help to provide a representative and national organization to extend the legislation to other states and having financial support enough to be able to help their enforcement. The fight is only just begun."

Mr. Currier is president of the $2,500,000 Currier Publishing Company.

Impetus has been given to the steps to provide organized protection to the girls and young women of the country by the discussion of the "white slave" traffic by the archbishops of the Roman Catholic church at Washington, April 22. The archbishops, voicing the sentiment of the church in the United States, unanimously agreed to lend their cooperation to the movement. Those present were:

Cardinal Gibbons, Archbishop Riordan of San Francisco, Archbishop Ireland of St. Paul, Archbishop Moeller of Cincinnati, Archbishop Farley of New York, Archbishop Glennon of St. Louis, Bishop Maes of Covington, Ky., Bishop Foley of Detroit, Bishop Harkins of Providence, Mgr. Lavelle of New York, former Attorney General Charles J. Bonaparte, Michael Jenkins of Baltimore, Richard C. Kerens of St. Louis, Walter George Smith of Philadelphia, and the Very Rev. Thomas Shahan, pro-rector of the Catholic university.

WILL PLANT HALF SECTION TO WALNUTS AND PRUNES

Mr. Foster, of the firm of Foster & Lowndes, well known here and in Montana, has just arrived from the mining state, and will supervise the perfecting of a large orchard project near this city.

The firm of which Mr. Foster is senior partner, recently purchased, through the agency of Meyer & Bell, the 320-acre O'Brien farm at Dairy. The purchasers have decided to plant it to English walnuts and prunes, and about 5000 trees will be required. The walnuts are to be set 60 feet apart, and the prunes will be set midway between the walnuts, after a plan that has been found advantageous because of the years that must elapse before the walnuts are sufficiently mature to bear well. The prunes, being early fruiters, keep up the interest on the investment.

Money Comes in Bunches

to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a ling time I suffered from indigestion, torpid liver, constipation nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at J. C. Perry's.

It requires a skillful surgeon to set a bone, but anyone can set an egg.

Rheumatism.

More than nine out of every ten cases of rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all good druggists.

It is not best always to stay at home; an occasional change is good for everybody. Even the kitchen fire goes out occasionally.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine of of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all good druggists.
