

NINE KILLED AND MANY HURT IN FIRE

[United Press Leased Wire.]

New York, April 30.—Eight persons were killed, six are missing, and their fate will not be known until the debris is cleared away, and 14 are in hospitals as a result of a fire which destroyed a tenement at 37 Spring street, in the heart of the Italian quarter, early today.

Only the fact that the tenement was situated near a police station prevented the death list from being three times as large. The fire was discovered by Police Sergeant O'Riordan and Officer Kirkland, and they promptly went to the rescue of the inmates, after turning in an alarm.

Five babies were saved and two were killed when their mothers threw them from upper story windows into the arms of Officer Brosner, a former baseball player. Discovering a frantic mother, with her babe in her arms, about to jump from a third-story window, Officer Brosner shouted to her to throw the child to him. She obeyed and he caught the little one. Seeing the success of the attempt, six other mothers followed the example of the first, and the children came hurtling through the air in rapid succession. Two of them were killed by the fall, one slipping through the officer's hands, and another striking his helmet and bouncing to the pavement. Both of the little ones' skulls were fractured.

After catching the babies, Brosner joined Officer White in a dash through the flames and smoke which filled the narrow corridors of the tenement. Rushing up the stairway they found 31 panic-stricken Italians huddled in one room farthest away from the flames. Taking command of the situation, the officers succeeded in passing all of the occupants of the room down to police and firemen below.

Search of the ruins revealed the body of a man, about 25 years of age, making the total known dead nine.

There appears no doubt that the fire was of incendiary origin. Jacob Brak and Adolph Weiss, who conducted a grocery store on the street floor of the building, recently received a threatening letter which demanded \$1000. Monday a second letter was received by the grocers but they paid little attention to it. Both letters have been turned over to the police and it is hoped that the handwriting may prove a clue to the identity of the perpetrator of the outrage.

A kerosene can found in the ruins of the building leads the police to believe that the stairways were saturated with oil by the incendiary. The fire burned most fiercely in the stairways and halls and it is this fact that prevented many of the inmates of the building from escaping.

SALEM WANTS GOO GOOS MADE AT HER

It looks now as though Salem would have no celebration July 4th on account of the cherry fair, which comes a week after that date and holds three days. This being true, Salem is ready to put on its best bib and tucker and go on a little flirtatious visit to the neighboring towns. Being a demure little maiden she of course cannot make any advances but she is ready to put her fingers in her mouth, giggle and say "this is so sudden," should Eugene, Albany

J. PIERP MORGAN PUTS HIS MONEY ON COAST

New York, April 30.—The consummation of a deal whereby J. P. Morgan & Company, the First National Bank and the National City Bank purchased \$5,000,000 uniting and refunding 5 per cent bonds of the California Gas and Electric corporation, is believed here today among those familiar with Wall street sentiment regarding western investments to be a forerunner of enormous investments of capital on the Pacific coast by New York financiers.

The announcement of the deal was made late yesterday, and is regarded as verifying the rumor that the Morgan interests are to become permanent factors in the public utility corporations of the West.

This purchase, with the recent acquisition of bonds of the Pacific Telephone & Telegraph Company valued at \$15,000,000, and other purchases, brings the total of Morgan's California investments since July last to \$50,000,000.

That the \$5,000,000 concerned in the big deal is a portion of an issue of the \$45,000,000 authorized by the California Gas and Electric corporation, is the announcement today of N. W. Halsey & Company, the firm through which the purchase was made. The proceeds of the flotation, it is thought, will be used in a refunding plan through which many California holdings will be consolidated into a single corporation.

HENEY IS ON THE VERGE OF COLLAPSE

[United Press Leased Wire.] San Francisco, April 30.—Special Prosecutor Francis J. Heney is believed to be on the verge of a nervous collapse. For the past week he has been in poor health, and it is believed that the persistent wordy attacks of the defense in the Calhoun trial have brought him to a condition where a breakdown is imminent. Heney asserts that his condition is not serious, and that he will not retire from the case until it goes to the jury. His friends, however, are inclined to take his illness more seriously. He is exceedingly nervous, and his appearance has changed noticeably in the past week. It would occasion little surprise if he was compelled to take to his bed.

When proceedings in the case were resumed today, Heney turned the greater part of the work over to his assistant, John O'Gara, sitting near him, and offering occasional bits of advice.

Cornelius J. Harrigan, member of the former board of supervisors, took the witness stand early today and corroborated the testimony of the other witnesses called by the prosecution, and told of accepting a bribe for his vote on the trolley franchise. Little of his testimony had a direct bearing upon the present case.

THESE OUTLAWS WILL STAY OUT

[United Press Leased Wire.] San Francisco, April 30.—Every member of the Santa Cruz and San Jose state league teams stand pat, according to an announcement made here today, although this is the last chance they will have to re-enter organized baseball for three years.

Jones and Curtis are the only members of the outlaw league teams now playing on the Santa Cruz aggregation, and they both declared they had decided to remain where they are.

The lazy farmer is inclined to regard nature as a pretty good wood nurse, and let it go at that.

WILLAMETTE STUDENTS CELEBRATE "MAY DAY"

At the early hour of 6 o'clock this morning sleepy-eyed boys, wide awake, rosy-cheeked girls, happy mothers and the busy business man could be seen making their way "over the trail" up at the Willamette University grounds to their breakfast, which had been prepared and was waiting for them to put themselves around it. The feed which was set out for the breakfasters on the lawn just north of the College of Music, was certainly tempting, and was the cause of many an early riser throwing his nose in the air to catch a whiff of the appetizing viands.

The University folks decided to hold their May breakfast this morning, Friday, owing to the first of May coming on Saturday, which would be a school holiday. A big May pole was erected on the campus and the young folks made things merry throughout the day. At 2 o'clock this afternoon Miss Hattie Beckley was crowned Queen of the May, with the usual ceremonies.

STREET WORK IS BEING RUSHED

Street work is being pushed now for all it is worth. The car track on Liberty street is being put in shape with new ties and will soon be ready for its brick work. The street has also been placed in condition for its coating of rock. The block on State from Commercial to Front is also being put in shape, and the big road rollers are busy all the time, either dragging a plow and tearing up old conditions and roads, or pulling the ground for a base for the bitulithic.

WHY VERY FEW PEOPLE CAN EAT SAUSAGES OR NEW BREAD

When your stomach is weak or lacking in gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headaches, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which cannot be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapepsin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result not a cause of your trouble. If the stomach is sour and unhealthy, your food becomes tainted, and that is what is causing the indigestion and gas on Diapepsin is an Antacid, most powerful digestive and thorough regulator for weak stomachs. These Triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards.

Any good pharmacy here will supply you with a case of Pape's Diapepsin for fifty cents. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of stomach trouble. Your case is no different from many others. It isn't stomach nerves or catarrh of the stomach or gastritis or dyspepsia. It is food rotting—food fermentation—that's all—and takes about five minutes to overcome.

"California Raisin Day." California invites all the world to eat California raisins on April 30—every day, or that matter, but particularly on April 30—which has been added to the calendar of festival occasions as a day of rejoicing. Eat California raisins on "California Raisin Day," April 30. 4-21-28.

THREE NEGROES HANGED IN TEXAS

[United Press Leased Wire.] Dallas, Texas, April 30.—Three negroes were removed from the jail at Marshall, Texas, today by a mob and hanged.

The negroes were accused of killing Deputy Sheriff Huffman and wounding Deputy Sheriff Cargill last Monday. They were removed to the jail at Marshall immediately after their arrival and guarded closely by militia during the time that feeling was running high. As soon as the mob sentiment had apparently subsided, the troops were withdrawn.

When the militia left, a mob was formed, the jail entered and the prisoners lynched.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the exertion of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. For sale by J. C. Perry.

Gets Another Place.

Washington, April 30.—Senator George E. Chamberlain, of Oregon, was elected to a seat in the committee on Indian affairs today.

Senator Bankhead, of Alabama, today resigned, creating a vacancy on the committee, and Chamberlain was chosen his successor.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. For sale by J. C. Perry.

Folger's Golden Gate Coffee

The kind that makes the breakfast—real Coffee through and through—always the same.

Your grocer will grind it—better if ground at home—not too fine.

Frank Draper, Bible Lecturer.

Of Brooklyn, N. Y., will deliver two lectures at W. C. T. U. hall, corner of Commercial and Ferry streets, Friday, April 30, at 7:45 p. m. Subject: "Why Jesus Comes Again," and again Sunday, May 2, at 7:45 p. m. Subject: "When and How Jesus Comes again." Undenominational. Seats free. No collection.

There is enough hard coal left to last 85 years, says an expert, but the trick is still to get a little of it in the cellar.

Frightful Fate Averted.

"I would have been a cripple for life from a terrible cut on my knee cap," writes Frank Disberry, Keilher, Minn., "without Bucklen's Arnica Salve, which soon cured me." Infallible for wounds, cuts and bruises. It soon cures Burns, Scalds, Old Sores, Bolls, Skin Eruptions, World's best for piles, 25c at J. C. Perry's. Kodol for Dyspepsia and Indigestion taken occasionally will soon relieve you of all the simple stomach ailments that you now have, but which may be more serious later. Sold by all druggists.

There is one postoffice in Switzerland to every 916 inhabitants.

DeWitt's Carbolic Witch Hazel Salve is especially good for piles. Sold by all druggists.

THE FINEST ASSORTMENT OF BUGGIES, SURRIES AND HACKS

Ever shown in Salem is now on exhibition at

MANNING'S IMPLEMENT HOUSE
