

WHITES KICK AT AFRICANS AND THEY AT ORIENTALS

[United Press Leased Wire.]
 Stockton, Cal., May 12.—Communicants of the African Baptist church of this city resent the influx of Japanese and Chinese into the section where their house of worship is situated, and they want to move. White residents, in turn, object to the removal of the negro church into their end of the city. The Orientals are determined to hold onto the quarter they have chosen, and as a result, the city is confronted with the unique prospect of a three cornered race dispute.

The colored churchmen recently opened negotiations for the purchase of the building and property of the

Second Baptist church, a white congregation. Caucasian owners of property near the Second church filed a strenuous objection to the entry of their colored brethren and took their case to Charles Weber, son of the late Captain Weber, founder of the city of Stockton.

The colored Baptists hold their deed from Weber, which includes the provision that it cannot be sold without his consent. Both sides have engaged counsel and are determined to fight the matter in the courts. The Oriental residents, confident of the security of their position, are watching the proceedings with no little amusement.

SPOKANE ADVERTISES 2000 WIVES WANTED

Chicago, May 12.—From far-away Spokane has come an appeal for 2000 wives for as many bachelors of the great Pacific Northwest, and today Rev. D. D. Vaughn, of the Halstead street Institutional Church, who has been informed of that interesting fact, has in mind at least 200 girls of his congregation, who, he says, would not require much urging to accept a marriage proposal.

The Rev. Vaughn was acquainted with the scarcity of marriageable young women in the Northwest through a letter he received yesterday from Levi Grant Morton, secretary of the Spokane Chamber of Commerce. Before communicating with the preacher, Secretary Morton had made some inquiries which convinced him that this appeal would be well received at the Chicago church. The Rev. Vaughn promptly wrote that he knew of at least 200 young women who were seeking good, honest husbands. Assured of this number, Mr. Morton is now looking around to fill the remaining 1800 applications. He is anxious to hear from other parts of the country.

Cleveland, April 14, 1908.
 Mr. Thos. E. Clark,
 Care of The Clark Wireless Co.,
 Detroit, Mich.

Dear Sir—Replying to your favor of recent date, would say that we have been really very much pleased with the service rendered us by the Clark Wireless Telegraph Company.

We did a great deal of business with them last summer, amounting to about \$300.00, a month, in having them wire us the hour and minute of the passage of numbers of boats at the various lake ports, and we want to say that the service received from them was infinitely superior to anything of that kind we have ever had before. We have also received enthusiastic comments concerning their services from other sources beside ourselves, which we feel are entirely warranted.

The vessel owners and lake carriers in Cleveland, Buffalo, Detroit, and other places, whom we know, are all a unit in saying good things about their promptness and efficiency to such an extent as to be quite remarkable.

Yours most sincerely,
 THE PENTON PUBLISHING CO.,

A GOOD SAMARITAN SENDS WOMAN HOME

MILLER, A PAINTER OF GATES, OUT OF PITY FOR BABIES, TELEGRAPHS WOMAN'S MOTHER, WHO CONSENTS TO RECEIVE AND CARE FOR HER, AND HE THEN PAYS HER FARE HOME, A SECOND ACT OF KINDNESS TO HER.

The woman, Mrs. Reynolds, over whom the two men, Sullivan and Herve quarreled, resulting in the fatal shooting of Sullivan and the dangerous wounding of Herve, who is now at the Salem Hospital, left Mill City yesterday, and came down to her mother's home at Shelburn. She was accompanied by a painter by the name of Miller, who has befriended her, on account of her babies. She has two small children, one in arms, and was abandoned by her husband, but has no divorce. Miller is reported to have taken pity on the children, and when the woman and her children were unable to get a place to stay at Gates, Miller stepped up and said he would pay for her lodging. After the shooting the woman wrote to her mother and asked her if she might come home, and when her mother wrote her to come and bring the children, Miller went with her as far as the railroad station, paying her fare. He is a la-

borer, and says he has no interest in the woman, but felt badly on account of the two helpless children. Mrs. Reynolds is almost a nervous wreck, and in a state of collapse, having to be helped on and off the train.

A Journal representative called at the Salem Hospital this morning with the intention of conveying the news to Herve of the care the woman had received, which would probably have relieved his mind regarding her, but, owing to the wounded man's precarious condition, no one was allowed to see him or send word to him of anything concerning the shooting, as excitement at this critical moment might result fatally.

Sheriff Minto, has sent word to Deputy Sheriff Esch, who is in charge of the office during Sheriff Minto's absence, to the effect that it would not be advisable to permit any one to talk with Herve with the exception of his immediate relatives, the attending physician, Dr. W. H. Byrd, and Father Moore, of the Catholic church. Sheriff Minto issued these orders after being informed of Dr. Byrd's report of the injured man's condition, and Deputy Esch has given strict orders to the hospital officials not to permit anyone besides those mentioned to see or communicate with Herve in any way.

Herve says nothing concerning the shooting to the nurses, and, outside of making known his physical wants, he does not talk at all. He rested fairly well last night, but this morning showed weakness, and his voice is very low and indistinct. Dr. Byrd said this morning, however, he thought Herve would recover, if no other complications set in.

BERKELEY OSLERIZES HER PROFESSORS

Berkeley, Cal., May 12.—"Automatic retirement" today is given as the process by which Professor Geo. H. Howison, Professor W. B. Rising and Professor R. H. Loughridge, venerable members of the University of California faculty, were shorn of their active professorships.

That the three prominent educators will no more be seen in their class rooms or on the Berkeley campus was made known by the board of regents of the University at its meeting yesterday afternoon. It has been known for some time that plans were afoot to fill the places of the three instructors with younger men, but their exact status, since they have been relieved of active pedagogic duty is unknown, even to themselves.

plan of "automatic retirement" is thought to provide for a shelving of instructors when they reach their 65th year. If they accept their fate without protest, they get the title of "Emeritus," and a Carnegie pension. This plan is regarded as superior to the more stinging dismissal provided in the statement by the regents, "your services are appreciated, but we suggest a vacation of a few years. At the end of that time, we will discuss the future."

Professor Howison has for many years been the head of the department of psychology at Berkeley. He is a recognized authority in his line throughout the nation. An attempt to shelve him last year met with such a virgorous opposition on his part, that the fatal day was postponed another season.

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Salem.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Salem. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Salem sufferer longer doubt the evidence.

Mrs. B. Schreiber, 566 High street, Salem, Oregon, says: The good reports I have heard concerning Doan's Kidney Pills induced me to procure a supply at Dr. Stone's drug store. I had been suffering from backache, which not only troubled me through the day, but broke my rest at night. I began to feel the beneficial effects of Doan's Kidney Pills after I had taken a few doses. I soon received a complete cure, and there has been no sign of the backache or any other symptom of kidney complaint since. I am only too pleased to let others know of such a valuable and effective remedy as Doan's Pills.
