SCREENED GRAVEL FOR THE SUBURBAN STREETS

ALDERMEN BATTLING FOR CHEAPER STREET MATERIAL-A BITULITHIC PAVEMENT FOR THE RESIDENCE STREETS

A hard fight was made by the advocates of screened gravel and good progress was made. A report was brought in by the special committee consisting of Aldermen Hofer, Greenbaum and Hill in favor of using the gravel from Minto's island under a lease with the Minto Bros., fully protecting their property rights, and the committee was authorized to ask for bids on furnishing screened gravel in the bunkers on the island, to be erected by private contractors who are to operate the screen and deliver three grades of clean screened gravel at an uniform minimum price that will make it possible to use this material on a large scale on the suburban streets.

Minto Brothers Favorable. Under the grant of Hon. John Minto the city has certain rights to take gravel from the island, but they are not well defined, and the committee was of the opinion that a strict construction of the grant would not permit the city to take gravel except for work done by the city itself, which would be limited to repairs of streets, or streets built by the city. Their lawyer hold different, but there is room for a great big lawsuit, and to obviate this a lease will be made after full investigation by the city attorney and the attorneys for the Minto Bros. The rights of the city and of the owners of the island will be clearly defined under the lease, which will be made for five years, with an option to the city to renew the same, and if this arrangement is carried out the city will get an unlimited supply of clean screened gravel in three grades—such as will go through a half-inch mesh, an inch mesh and a mesh of an inch and a half. The city has already contracted for a barge to operate teams between the city and the island, and, having bought a steam road roller, the day is near at hand when suburban streets can be built cheaply and rapidly and at the lowest possible expense, so far as the city has any say in the matter.

For Cheaper Pavement. Alderman Stockton, of the street committee, reported having an extended interview with Mr. Archambeau, of the Warren Brothers Company, and stating that they had specifications prepared for a cheaper form of bitulithic pavement for residence streets. Work has just begun at Eugene, and Mr. Stockton, that will result in three miles of paving going down only 24 feet wide. It will cost but \$3 per lineal foot, and consists

of four inches of crushed rock on a solid rolled sub-grade, and then the regular bitulithic waterproof wearing surface, making a beautiful street and wearing just as well for the lighter traffic as the heavy street does in the business sections. Under this plan Mr. Stockton thought a 50-foot lot could be paved at an expense of \$75 to the abutting property owner. He thought under such specifications East Court street and North Summer street could be improved at once. Mr. Stolz, chairman of the street committee, said the new specifications would be procured at once. New signs have been secured for improvement of South Commercial street, and as that is only 15 feet and a half wide on each side of the car line, the cost of that street at \$3 per front foot would not be excessive, and many would favor the clean and dustless hard surface pavement under the lighter specifications.

Latest Park Board. There was a severe strain put on the relations between the city and the park board by a report from two of the Aldermen to the effect that the park board was not enforcing the city laws in the matter of stopping persons from cutting down trees. This was explained by the city attorney, who was appealed to, by stating that the park board had authority to grant permits to cut down unsightly trees and allow people to plant smaller and prettier ones in their stead. Mr. Keyes made it plain that this practice was legitimate, and tends to beautify the city. Complaint was also made at the telephone company setting poles and cutting out the tops of trees, mutilating others, and, as Mr. Eldridge expressed it, soon our beautiful city would resemble French Prairie. The park board were cited to appear before the city council next Monday night and see whether they should not be impeached and removed for malfeasance of office, and have their official heads cut off.

SALEM-EUGENE FIELD MEET HELD ON NEXT SATURDAY. The Salem high school and the Eugene high school will hold a field meet in this city next Saturday and there is much interest being aroused over the affair, owing to the two teams being almost on a par in the different athletic sports. The Eugene track team is very strong this year and will give the local lads a good rub. The contests will be carried out on the Willamette field.

NO FOUNDATION FOR VENEZUELAN PRISON TALES. Caracas, May 14.—After investigating the report that the crew of an American ship were confined in a prison in Venezuela, Minister Russell today authorized the United Press to say that there is not the least foundation for the story. The report, which caused the minister's investigation, was to the effect that the crew of the Carrie E. Knowles, which sailed from Provincetown, Mass., five years ago, had been held prisoners here for years.

If you desire a clear complexion take Foley's Grano Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. J. C. Perry.

WINTER WEATHER IN UMATILLA COUNTY. Pendleton, Or., May 14.—Typical winter weather has prevailed in this vicinity since Monday. Since then the surrounding foothills have been covered with a white mantle of snow, and from Meacham, some distance southeast of Pendleton, comes the word that the snow is ten inches deep there.

Many weak, nervous women have been restored to health by Foley's Kidney Remedy as it stimulates the kidneys so they will eliminate the waste matter from the blood. Impurities depress the nerves, causing nervous exhaustion and other ailments. Commence today and you will soon be well. Pleasant to take J. C. Perry.

COLONEL ROOSEVELT'S SON LOST

All Night in Jungle—Party all Well and Still Killing Things Right and Left.

(By Warrington Dawson Staff Correspondent United Press.)
 Nairobi, British East Africa, May 14.—Kermit Roosevelt lost his way in the jungle and rode alone all night recently, according to a story which leaked out here today. At the direction of Colonel Roosevelt the incident was minimized at the time and it was only this afternoon that the facts were learned.
 Young Roosevelt got lost while riding horseback about 20 miles south of his father's camp. He wandered through the jungle throughout the night but finally found his way into camp, arriving at dawn just as a searching party was being organized to go out after him.
 Members of the Roosevelt party are in excellent health, there having been no sickness since the ex-president and his son were slightly indisposed a short time after their arrival. They are acclimated now and have no fear of fever. Preparations are being made today to break camp and go to Julia ranch, which will be the scene of their next adventures.

BROUGHT COLOR TO HER CHEEKS

Then Strength Returned and This Bloodless Woman Became Well.
 Tonic Treatment Was What She Needed and Dr. Williams' Pink Pills Just Fitted Her Case.

There are many men, women and even children suffering from anemia, which means "too little blood." The disease is well named for the patient actually has a deficiency of blood which affects every part of the body. There is a lack of energy, a characteristic pallor, a sense of suffocating after the least exertion, generally described as a shortness of breath. The disease comes on gradually and is often well advanced before it is recognized.

Too often medical treatment is unnecessary and the disease progresses until it becomes hopeless. In the case of young girls it often develops into consumption. If the sufferers from a deficient blood supply could only know it a large percentage of cases could be quickly cured for there is a remedy that is exactly suited for their trouble and it is within the reach of all. Dr. Williams' Pink Pills are an almost certain blood builder and as a remedy for anemic conditions will surprise by their marvelous results patients who have failed to regain health, strength and color by the use of other remedies. The following cure is but one of thousands and further proof, from your own locality, can be had for the asking.

"I am glad to recommend Dr. Williams' Pink Pills," says Mrs. Rodrick D. MacLeay, of No. 8 Parkview avenue, Buffalo, N. Y., "as they have been of wonderful benefit to me. A few years ago I was completely run down through overwork and worry. My blood was thin and watery and I was very pale. I grew gradually worse for a year and was weak and short of breath, especially when I walked up stairs, which I could not do without resting every few steps. I could not even walk across the room without having my heart flutter.

"I was under the doctor's care throughout the entire winter. He said I was in a fit state to run into consumption and that I needed something to build me up. I was not benefited by his treatment and began using Dr. Williams' Pink Pills after I had been sick for six months. I noticed right away that the pills were helping me, for my cheeks began to have some color and my strength returned. I was completely cured after giving the pills a thorough trial. I will be glad if, through this statement of my experience, some other person afflicted as I was is restored to health by the use of Dr. Williams' Pink Pills."

If you are interested in the remedy that cured Mrs. MacLeay, write today for our booklet "Diseases of the Blood." It is free and will be sent postpaid.

Dr. Williams' Pink Pills are always the same and are sold only in packages bearing the well known trade mark, "Dr. Williams' Pink Pills for Pale People." Pills sold in any other package, or loose, by the dozen or hundred, are not the same, whatever the clerk tells you. The genuine are sold by all druggists or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

REV. I. W. WILLIAMSON'S LETTER.

Rev. I. W. Williamson, Huntington, W. Va., writes: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that it will do all that you claim for it." Foley's Kidney Remedy has restored health and strength to thousands of weak, run down people. Contains no harmful drugs and is pleasant to take. J. C. Perry.

NEGLECTED CHILD LOSES ITS LIFE

[United Press Leased Wire.]
 Walla Walla, May 14.—Mrs. F. Demaris of Walker is prostrated with grief today because of the death of her little daughter who yesterday fell into a basin of hot water which was being used to clean woodwork in the house. The little girl was playing in the room where her mother was working. Her mother had watched the child closely to keep it away but while her attention was momentarily distracted, the little one approached and toppled into the basin. She was so severely burned that death resulted in a few hours.

This is the Home of Popular Priced Millinery

The enormous increase in sales in this department speaks for itself. The reason of this increase in sales is because we do not try to make the large profit that other millinery stores do. We do not pay fancy prices to the middleman for ready trimmed hats, but buy the shapes and materials in large quantities, and have them made up here, which enables us to sell hats for what other stores pay for them. We also sell the materials at a great saving.
