# DEATH OF MRS. MYNA DELILA GOODE PHILLIPS

Mrs. Myna Delila Phillips died at 2 o'clock this morning at the residence of Mrs. W. H. Phillips, Trade and Cottage streets. Death was caused by tuberculosis, from which she has suffered for the last eight months. She was 23 years old.

Mrs. Phillips was born in Phillips county, Kansas, February 10, 1886, and came to Salem with her parents four years later.

She was educated in the public schools of this city, and later attended the Capital Business College, at which school she became probably the most expert touch-system stenographer in the Capital City.

She was married to Roy B. Phillips, manager of the Grand opera house, June 11, 1905, and leaves besides her husband, a son, Paul, two years of age, to mourn her untimely death.

While attending the state fair in this city last September, Mrs. Phillips contracted a severe cold, which resulted in tuberculosis of the lungs.

The funeral arrangements have not yet been made, but it is supposed the funeral will be held from the family residence Sunday afternoon.

Mrs. Phillips was the youngest of seven children, all of whom have lived in this city for many years.

The untimely death, early this morning, of Mrs. Myna Delila Phillips, brings of light a glowing tribute of faith in the Almighty God, seldom seen in one so young as was little "Babe" Phillips—just 23—a child in years and a child in appearance, but not a child in faith.

Born of Christian parents, her father, James Finley Goode, a former Sunday school superintendent of this city, the little girl was taught early in life of the never-failing love of the Father for his children.

Mrs. Phillips was compelled to

take to her bed last September, but did not abandon hope of recovery until six weeks ago. Finally, realizing that she was soon to be with her mother, who was laid to rest at City View cemetery a little over a year ago, the patient and cheerful little sufferer quietly set about making preparations for her departure from this world and her entrance into her heavenly home.

She kept her little Bible, which her father had given her, close at hand, and last Sunday called her father to her bedside and made a confession to him of some trivial offense she had committed some ten years ago while attending school, and asked his forgiveness.

Little "Babe" wanted that all should be made right before she said goodbye, and she died as she had lived—a faithful little Christian.

There was no doubt, no fear in that brave little heart, and, as the end drew very close this morning, she bid each and all a fond farewell; asked that the good Lord bless her absent brothers and sisters, and with the word "Mother," on her lips, passed quietly and cheerfully into that home which He had prepared for her.

And we, who have our doubts as to whether there be an Almighty Father, who seeth even the fall of the sparrow, and who leaveth the ninety and nine of the flock to seek the one, and we, who are ever disturbed by the little troubles of this world, might well take a lesson from one who was blessed with the divine faith which assured her that the act of placing her trust in Him would bring happiness in this world and joy everlasting in the world to come.

# VALUABLE HORSE DROWNED DRIVER NARROWLY ESCAPES

A valuable horse belonging to the Westcott & Johnson livery was drowned in the attempt of O. B. Michels of Wheatland to cross a slough near there. Mr. Michels is a logging contractor who gets out pulp wood for the Spaulding Logging Company of this city. He was under the

water himself several times and had a narrow escape of drowning. The horse is well known in this city as "Jack," a popular riding horse, and was also driven single, and formerly was used as a mate of "Jack," the well known team of grays that Dick Westcott owned for several years.

# THE TARIFF BILL RAISES SCHEDULES

[United Press Leased Wire.]  
Washington, May 14.—Showing the duties imposed on hundreds of articles to be higher in the Aldrich bill than in the Dingley tariff, a tabulated statement of comparisons between the schedules of the two bills was filed in the senate today by Senator Culberson of Texas. Particular attention is paid in the statement to the increase over the Dingley tariff in 17 paragraphs of the metal schedule. The increase includes various articles, the star leap of the entire bill being one of 4900 per cent on ferro tungsten. This enormous increase was accomplished by changing the duty from \$4 a ton to 20 per cent ad valorem.

Other increases noted in the metal schedule are ferro chrome, 1240 per cent; flat castings, cast iron vessels, tailor irons, 225 per cent.

Increases in the rates on oats, rye, wheat, hops and buckwheat flour vary from 25 to 100 per cent. Increases in the wine and spirit schedule vary from 15 to 71 per cent.

The statement includes a relation of the incidents leading to the various raises in the schedules.

### TO MATCH O'CONNELL AGAINST KID SULLIVAN

Sport lovers in Salem are negotiating for a wrestling match between Ed. O'Connell and Kid Sullivan, to take place here in the near future, if the arrangements can be made. The men are pretty evenly matched, and each has, for some time, apparently been anxious to have a go at the other. It looks now as though the match would be arranged, and, if so, one of the prettiest exhibitions of wrestling ever seen in Salem will be the result.

### FAIRMOUNT PARK

(Continued from Page 1.)

home and talk it over with his family and make the city an offer, in accordance with a conversation had with the Chairman of this committee. They have decided to offer the property to the city for \$10,000 and donate to the city all that amount above \$10,000, which the property should be worth at current real estate prices.

The lots around Fairmount Park are selling readily at from \$300 to \$600. Owing about 30 lots beside the 14 acres, it can be readily seen that Mr. Ellworthy's offer is a very liberal one, and your committee would heartily recommend that the offer be accepted.

We are confident that the property could never again be bought for the price it is now offered the city. Indeed, it is the opinion of your committee that Mr. Ellworthy is not only making the city a very low price but is really making a donation of from \$2,000 to \$5,000.

Your committee would respectfully ask to be further empowered, to enter into contract with Mr. Ellworthy, to carry into effect the offer which he has made, to enable the city to secure this property for the benefit of the present and future generations.

Respectfully submitted,  
E. HOFER, Chairman.
