

SILVERTON SCHOOL DIRECTORS RESIGN

As a result of a walkout on the part of the principal and pupils of the Silvertown high school recently Chairman of the Board of Directors W. Bower and G. A. Bock, a member of the board, have resigned their positions and County School Superintendent Smith has ordered the clerk of the board to post notices of a special election in Silvertown district for the election of two directors to fill the vacancies. The two members resigned their positions on the board

owing to their actions regarding the suspending of some pupils of the Silvertown high school by the board causing a walkout of the pupils and then being reinstated by the principal, who was backed up by County School Superintendent Smith. Superintendent Smith was of the opinion the expelled pupils were entitled to remain in the school and gave orders to that effect, which the two members of the board took exceptions to and the result was they resigned.

TWELVE-YEAR-OLD BOY KILLS CINNAMON BEAR

Arthur Van de Vert, a 12-year-old boy of Bend, Or., had quite an exciting experience a few days ago when he shot and killed a large cinnamon bear. The Van de Vert ranch is about 20 miles south of Bend, and one day last week two women of that neighborhood came to the Van de Vert ranch saying they had been frightened by a large wild animal of some kind. Mr. Van de Vert and young son Arthur set out with bear dogs in pursuit. Arthur got ahead of his father and killed the bear before Mr. Van de Vert arrived. The Van de Vert family has quite a record for bear killing, more than a dozen having been killed by different members of the family during the past year. Miss Grace Van de Vert, a girl of 17, killed a large one last fall.

The W. C. T. U. has expressed disapproval of coffee and sinkers as being unhealthful. Next the good old hash will be up for judgment.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Camden, N. J.—"It is with pleasure that I add my testimonial to your already long list—hoping that it may induce others to avail themselves of this valuable medicine. Lydia E. Pinkham's Vegetable Compound. I suffered from terrible headaches, pain in my back and right side, was tired and nervous, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound restored me to health and made me feel like a new person, and it shall always have my praise."

—Mrs. W. P. VALENTINE, 602 Lincoln Avenue, Camden, N. J.

Gardiner, Me.—"I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."

—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 29, Gardiner Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

JOHN HAYS HAMMOND REFUSES GOOD JOB

Washington, May 24.—John Hayes Hammond today declined the post of minister to China. Hammond visited President Taft at the White House early today to give his decision. In refusing the proffered position he said he fully appreciated the high honor that had been conferred upon him, and that in his opinion China offers a future field of unlimited possibilities.

"But I have roughed it about enough for awhile," he said, "and I intend to spend the next few years in quiet at my home."

Hammond enjoys the distinction of being the highest salaried mining engineer in the world. His long connection with the Guggenheim interests have been marked by unusual success. His annual salary is reported to be half a million dollars.

THE PHILIPPINE TARIFF BILL PASSED

Washington, May 24.—The Philippine tariff bill passed the house today by a vote of 128 to 68. Underwood of Alabama voted with the Republicans for the bill and Wagner of Pennsylvania voted with the Democrats against it.

BANDITS CAPTURE FORTUNE

Omaha, May 24.—Rewards of \$24,000 were offered today for the capture of the four bandits who robbed the overland limited mail coach of seven pouches of registered mail Saturday night south of here. No arrests have been made but posers are covering every inch of the country in the section where the robbery took place.

Estimates of the value of the loot secured by the bandits vary from \$100,000 to \$250,000.

BUILDING DESTROYED BY GAS EXPLOSION

[United Press Leased Wire.]
Portland, Ore., May 24.—An explosion of gas, ignited by a match struck in an effort to locate a leak early today completely wrecked the rear of an apartment building on the West Side, shook the entire neighborhood,

and hurled George A. Stockder, his wife and youngest son out into the open in a shower of plaster and other debris. Three other occupants of the building, besides members of the Stockder family were slightly injured.

After Mrs. Stockder detected the odor of gas she asked her husband to investigate. Immediately after he struck a match a terrific explosion occurred.

The neighbors, who had dressed hurriedly, ran from their homes and found the Stockder family under the wreckage of their flat.

These pictures are of a five-legged calf belonging to Sherman Swank, of Aumsville. It is a full-blooded Jersey, one month old, and is apparently as healthy and active as its every-day four-legged brothers. The extra foot has five toes. Its mother is a fine milk cow, and the calf is as pretty as a fawn, or would be if it was not for its extra leg.

SUBMITTED TO TORTURE BY INDIAN LOVER

San Bernardino, Cal., May 24.—Declaring her assailant insane from reading the ribald lore of his race and the researches of Stanford professors into the history of the ancient Indians, Gladys Wilkerson today grudgingly admitted that she submitted to torture at the hands of her paramour, Frank Lugo, an educated Indian.

Although suffering excruciating pain from stab wounds, knife cuts and burns, she declared that she allowed Lugo to weave a spell about her, and that during the spell she suffered nothing from the barbarities he practiced.

When found the woman was moaning with pain. She had been bound in a corner of Lugo's room and a fire was started at her feet by the fanatical Indian. On her body were strange hieroglyphics, resembling the figures carved on cliffs and in caves of the desert.

The authorities are seeking the Indian, who has fled. He is known to be armed, and it is feared that he will resist capture.

HON. J. A. EAKIN NAMED FOR JUDGE FIFTH DISTRICT

Hon. J. A. Eakin of Astoria, Clatsop county, was appointed as the additional circuit judge of the Fifth judicial district this morning by Governor Benson, to serve until January, 1911.

Judge Eakin is a brother of Justice Eakin of the supreme court and was admitted to the bar October 4, 1887. He was born in Chicago in 1860 and in 1886 came to Oregon to practice law. After practicing law in this state a few years he returned to Boston, Mass., where he returned to Boston law school, graduated, and again came to Oregon.

The position to which Mr. Eakin is appointed was created by the last legislature, it being an additional circuit judge or the district composed of Clatsop, Clackamas, Columbia and Washington counties. Hon. C. U. Campbell is the other judge of the Fifth district.

HAS ISSUED MANY ANGLER'S LICENSES

County Clerk Allen has issued 95 angler's licenses so far this year and 30 hunter and angler permits. George G. Bingham was the first sportsman to secure the hunter and angler's license. The county clerk is compelled to have three license forms on hand now that the angler license is in force, as many hunters and fishers apply for hunter's permits only and others call for hunter and angler licenses combined or for angler's licenses. The game wardens in this district have not detected any unlicensed hunting and fishing so far, and it is not likely they will at the rate the permits have been going out during the past two months.

WANTS RATES ON O. R. & N. REDUCED

The Railroad Commission has received another complaint from the Chamber of Commerce of Portland, regarding the class rates over all lines of the Oregon Railroad & Navigation Company in Oregon.

In 1907 the Chamber of Commerce filed a complaint with the commission against the O. R. & N. Company on alleged excessive rates, and the commission made an order lowering them. The railroad company started suit and carried the matter to the federal courts, where it still lies undecided, and the Chamber of Commerce now files another complaint, in which it states the rates made by the commission formerly are found to be too high now, and wants them to be reduced still lower.

JAP CRUISERS GO TO TACOMA TODAY

[United Press Leased Wire.]
Port Townsend, May 24.—The training ship cruisers Aso and Soya of the Japanese navy under command Rear Admiral Ijichi, weighed anchor and departed at 8:20 o'clock this morning for Tacoma, where they are due about 3 o'clock this afternoon. The cruisers arrived in this port early yesterday afternoon from Vancouver. Their arrival was proclaimed with a salute of 21 guns to the forts of the Puget sound artillery district. The salute was returned with 21 shots from the four-pounders of Fort Worden.

At Tacoma, where the Japanese ships will remain all week, Admiral Ijichi will confer with Rear Admiral Sebree of the Pacific squadron regarding the detailed plans for the movement of all the warships during their visit to Seattle on the occasion of the opening of the exposition there.
