A Square Deal

Is assured you when you buy Dr. Pierce's family medicines-for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know fust what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure tripleredined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulseent.

lerment, nutritive and soothing demulcent.

Glycerine plays an important part in
Dr. Pierce's Golden Medical Discovery in
the cure of Indigestion, dyspepsia and
weak stomach, attended by sour risings,
heart-burn, foul breath coated tongile,
poor appetite, gnawing reeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides euring all the above distressing
aliments, the "Golden Medical Discovery"
is a specific for all diseases of the mucous
membranes, as catarrh, whether of the
nasal passages or of the stomach, bowels
or pelvic organs. Even in its alcerative
stages it will yield to this soveroign romedy if its use be persevered in. In Chronic
Catarrh of the Sasal passages, it is well,
while taking the "Golden Medical Discovery" for the necessary constitutional
treatment, to cleanse the passages freely
two or three times a day with Dr Sago's
Catarrh Remedy. This thorough course
of treatment generally cures the worst
cases.

In coughs and boarseness caused by bron-

cases.

In coughs and boarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Brownsville Growing. Brownsville has grown faster dur-ing the past two years than ever before in her history, and this growth will continue because the surrounding country has resources such as few communities possess, which, when properly developed, are sufficient to insure the commercial prosperity of a city many times the present size of Brownsville. Systematic develop-ment of the agricultural, manufac-turing, fruit growing, stock raising, dairying, lumbering and mineral resources will build a model little city here, where thousands more people may be properly taken care of and all be prosperous and contented.
