## EAST SALEM BOOSTERS TO MEET FRIDAY NIGHT

Next Friday will find the largest crowd at the East Salem Booster club ever seen in the Central Congregational church. Everyone interested in Salem will be pleased to know of the progress of the wide-awake boosters of East Salem.

Full and detailed plans for the construction, the probable location, benefits and approximate cost of a system of sewerage will be graphically presented at next Friday's meeting. It will be of special interest to any citizen and especially those residing in East Salem.

Messrs. N. D. Elliott and Gideon Stolz, members of the city council, will be invited to address the meeting on those matters which will be of special interest to everyone. J. Cul-

ver and Prof. Tillman, both expert civil engineers, and C. F. Royal, who is chairman of the sewer committee, will be invited to make suggestions as to where sewer mains should be located. The following investigation committee was appointed: W. W. Walker, A. M. Dalrymple, J. J. Sanners, M. C. Dennis, H. C. Rockhill, Chas. Lebold, R. Gooding, R. M. Dunlap. They are requested to interview every neighbor on the sewerage needs of their locality, and ascertain what same interviewed citizen thinks regarding location and cost of the work. Members of this committee should be especially solicitous in inviting—requesting the attendance of all whom they

## NO CLUE FOUND YET TO OMAHA MAIL ROBBERY

[United Press Leased Wire.]  
Omaha, Neb., May 25.—Despite the failure of the authorities to apprehend the bandits who robbed the overland limited Saturday night, Chief Canady, of the Union Pacific detective service is confident the fugitives will be captured. "We will land them in the penitentiary or in the cemetery," said Canady today. "We will follow them around the world if necessary, and the world isn't big enough for them to escape the army of men we will put on their trails. They can't get away."

While it is impossible to accurately estimate the amount of money se-

cured by the bandits, it is believed that \$125,000 was stolen. That the plan for the holdup was laid in Reno is a theory that has been accepted by the secret service men of the railroad.

When the robber entered the mail car they immediately demanded the Reno pouch. This fact has given weight to the belief that an employe of the postal service was a member of the plotting gang. None of the present employes, however, is suspected. The authorities entertain the possibility that a discharged employe, or a clerk in another locality furnished the necessary information.

## GREAT GOLD STRIKE AT NEVADA CITY

[United Press Leased Wire.]  
Nevada City, Cal., May 25.—More than \$100,000 in gold has been taken out of the Eldorado mine at Algehny in the last sixteen hours and the entire district is wildly excited. This is believed to be the greatest strike in the history of the district.

The ore chute was struck last night and its wonderful values show no signs of diminishing.

The Eldorado is in the vicinity of the famous Sixteen to One.

## ROAD BALLASTED WITH BROKEN BOTTLES

Councilman Elliott and Engineer Cunningham walked from Detroit to Niagara, 12 miles, on their recent trip to Breitenbush and Gold Creek. Elliott says that for the whole distance one could have walked on broken beer and whiskey bottles, that in fact the road was nearly ballasted with them, which shows that those who can get good mountain water free, prefer the manufactured beverage of civilization, the hilarious booze and the somnoient brew.

## N. P. Doing Business Again.

[United Press Leased Wire.]  
Butte, Mont., May 25.—Overland traffic was resumed by the Northern Pacific today after being tied up since Sunday night by washouts in eastern Montana. The flood Sunday night was the most disastrous since last May.

## Treasury Report.

Washington, May 25.—The treasury report today shows: Receipts, \$1,284,657; disbursements, \$1,980,000.

Miss Eliza Weeden, of San Francisco, offers to sell herself for \$250,000. The value she places on herself, measured even by a mining camp standard, is \$249,997.50 too high.

## CROOK COUNTY HAS A FINE COURT HOUSE

The new Crook county court house at Prineville is almost completed, and is one of the finest in the state, in fact the one in Baker county only being a more expensive building. The material of which it is built is of native blue stone, quarried from a ledge near the city. It was erected at a cost of \$80,000. It is indeed a handsome structure.

A poor devil of a man in Chicago was sent to the pen for life for stealing 52 cents, but the sugar trust magnates who stole \$12,000,000 pay back 16 per cent of the stealings, and are turned loose to spend the other \$10,000,000.

**Four Turned to Death.**  
OSKALOOSA, Ia., May 25.—James Carter and his three grandchildren, Lile, Hazel and Lynn Shaw, were burned to death by a fire which destroyed the Shaw home at Eldon, Ia., early today. Foul play by robbers is suspected.

Nothing doing in Africa yesterday.
