SPECIAL ELECTION ORDERED ON RESERVOIR PARK SITE ON OR BEFORE AUG. 3

A great big step was taken in the city council last night when the committee on parks reported securing two options on the most desirable property in the city for that purpose—the blocks all around Fairmount Park reservoir and 14 acres west of it extending down to the county road and running south to the Meeker tract. In all it will be over thirty acres of the most beautiful and natural park site to be found in the whole country, covered with

oaks and fir trees, and natural flowering shrubs of all kinds. The city purchasing the water plant will complete the deal, and whether the city buys the water plant or not the park property is just as good and just as valuable. The committee considers that the prices placed on their property by Messrs. Elworthy and Brown are reasonable and ordered the city engineer to prepare a blue print of the property described for each member of the city council. The Elworthy option expires

DON'T BUY A REFRIGERATOR

because it looks good, but satisfy yourself that it is good—that the walls are built right, that it has a perfect circulation of air, that it is economical in the use of ice. Then ask if it is guaranteed to give lasting satisfaction.

You can't see what is between the walls of a refrigerator, yet the difference between a good and a poor refrigerator is usually found between the walls, where you can't see it.

LET US TELL YOU THE DIFFERENCE

between the celebrated McCray Refrigerator and others, and show you what is between the walls. If the walls are not built so that they will keep cold air IN and warm air OUT, your refrigerator will use much more ice than is necessary. Don't melt your money needlessly; come in and let us show you the best refrigerator made, and explain why the McCray is economical in the use of ice.

You can purchase a McCray Refrigerator with perfect safety because every one is guaranteed to give lasting satisfaction. Remember that our store is the only place in Salem where these refrigerators can be obtained. See window display.

CITY TREASURY SUBJECT OF EXCITING DEBATE

Alderman A. N. Moores reported adversely on the ordinance to regulate the office of city treasurer. He stated that if Mr. Meredith would not do the work for \$30 a month, others would do it.

Mr. Greenbaum was on his feet in an instant and objected to the adoption of the report. He said that it was not good business for this city to leave the treasurer on a thirty dollar a month salary. A man to keep the books properly could not be hired for that and the office should be moved into the city hall where the public could always find the treasurer and where the books of the recorder and treasurer could be checked up at least once a month, and people with warrants could step from the recorder's office into the treasurer's office and attend to their business with the city. He asked that the ordinance go over to the next meeting.

Mr. Moores renewed his plea for economy, saying a number of persons were ready to take the job and at least one bank would run the business free of all expense to the city. Mr. Hofer objected to having any bank run the city treasury. That

on August 3 and the Brown option on September 1.

The following resolution from the committee on parks was unanimously adopted:

"Resolved, that the options given the City of Salem by H. B. and Emma K. Elworthy of Hillary, Washington, and J. M. and E. J. Brown of Silverton on property described in said options known as Fairmount Park addition to the City of Salem, and lying adjacent to and surrounding the property of the Salem Water company, be and the same are hereby referred to the city attorney with instructions to prepare a suitable resolution to be submitted to this council for its adoption or rejection, submitting the acceptance of this property described in the options accompanying this resolution to a vote of the people of this city at a special election to be held on or before the 3rd day of August, A. D. 1909, and at the same election there to be submitted the question of authorizing a suitable bond issue to pay for the property herein described. Said resolution to submit separately the two tracts of property to a vote of the people, to accept or reject either or both."

was not the way the county or the school district or the state managed their finances. The treasurer should be made entirely independent of all the banks, and the banks should pay the city a low rate of interest on city funds as they did in nearly all other cities. In that way the office of treasurer could be made a source of income to the city instead of costing the taxpayers hard coin.

Mr. Stolz said the treasurer should serve his time for which he was elected at \$30 per month and was opposed to making his salary \$50 per month. Mr. Greenbaum replied to this that the city was growing rapidly. Additional help had been provided in the offices of recorder, city attorney and engineer while the treasurer was left improperly paid. With sewers and street assessments the treasurer would handle nearly a quarter of a million.

MARTIN BLOOD RUN DOWN BY BICYCLE

An unfortunate accident occurred this morning on the corner of Court and Cottage streets when Martin Blood, who is nearly 70 years of age, was run down by a bicycle and painfully bruised about the head and back. Blood was just in the act of crossing the walk on the northeast corner of the postoffice block when a young man came riding up at moderate speed and attempted to go behind Blood, who became confused and jumped back directly in front of the wheel and rider. Blood was removed in a cab to Dr. Brewer's drug store where his wounds were attended to.

The old gentleman became undecided as to which side of the walk the rider was going to take and, thinking he was intending to pass in front of him, Blood stepped back just in the path of the wheel. This is the second accident Mr. Blood has been subjected to recently, he having been run down and dragged for some distance by a street car on State street some time ago and would have been killed had not the fender picked him up.

MANAGER BLY GIVING SOME SPLENDID SHOWS

Manager Bly, of the Star and Vaudeville theaters in this city, is giving the amusement loving people of Salem just what they have been looking for. It has been several years, if it is not the first time, that the local theater-goers have had an opportunity of sitting down in a comfortable place of amusement to while away an hour or two looking at a splendid collection of original comic and artistic acts and the latest motion pictures. The moving picture machine still has the public guessing and figuring out the manner in which some of the pictures are taken. Well known Salem men have been known to get their heads together while sitting in the Star theater and trying to solve the motion picture mystery. The interest in motion pictures is based mostly on their originality and their variety, and Manager Bly has kept these points in view constantly.

GOVERNOR NAMES HORTICULTURAL TRUSTEES

H. C. Atwell, Forest Grove, Washington county, to serve until December 1, 1911.

FRIENDS GAVE THEM A PLEASANT SURPRISE

A complete surprise was sprung on Mr. and Mrs. A. C. McMillan and family when about fifty of their friends gathered at their home on Broadway avenue Monday evening. A good sociable time with music was enjoyed by all.

Mr. McMillan and family will soon leave for Hillsboro, where they will make their home.

Hon. W. A. Perkins Dead.
Hon. William A. Perkins died at his home in Drain at 11:30 Friday night, June 4. He had been in poor health for some time, but was able to be about until within a few weeks of his death.

He was born in Tennessee and married in Indiana to Rebecca McReynolds, who survives him. Three sons also survive him—Leonard, of Leona, Douglas county; William T., now first assistant state treasurer, and Ernest, of this city. He was a man highly respected and one who though he had filled the allotted span will be greatly missed.

Hon. E. P. Gibbons Dead.
R. F. Gibbons, one of the old-time democratic leaders of eastern Oregon, died at The Dalles last Friday. He had been a resident of The Dalles for many years, being engaged in the hardware business with Captain John Marden, and of late years running an insurance business. He was a candidate on the democratic ticket for secretary of state when Penney was elected governor the first time, and was only beaten by a few hundred votes.
