"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery.** It enriches and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 563 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

BIG ATLANTIC LINER WENT ASHORE IN FOG

New York, June 10.—The Spanish liner, Antonio Lopez, from Cadiz, with 309 persons aboard, which is stranded on a sand reef near Point O'Woods, on the south coast of Fire Island, is in no immediate danger, according to an announcement made today by officers of the company. There are no rocks near the liner, and it is hoped that she can be moved off at high tide.

The vessel was stranded during the night, but did not get into communication with the shore until today. O. Baker, aged 22 years, son of the keeper of the Point O'Woods life saving station, rowed out to the liner in a small boat today, and assured the passengers they were in no danger. Efforts are being made by tugs to pull the great liner off the spit.

The 309 passengers were removed from the stranded liner Lopez by the lifesaving crew at Quogue this morning, upon the advice of the New York agents of the company. While it is believed that the liner is in no danger on the reef off Fire Island, the agents did not want to take any chances of a disaster. The passengers were hysterical when ordered into the lifeboats, and the lifesavers were almost compelled to use violence in some cases to force them to embark in the small craft. Their experience last night, when the liner shivered from stem to stern, as it was rocked by the waves, had unnerved the passengers. Several women had to be restrained to prevent them from jumping overboard before day broke.

After being carried away from the liner in lifeboats, the passengers were landed on a wrecking tug, from which they were transferred to revenue cutters and taken to New York.

CHAIR STUCK TO HER; HURT HER FEELINGS

Tacoma, Wash., June 10.—Because of her inability to separate herself from a chair, which had been given a liberal coating of varnish, and upon which she unwittingly seated herself, Miss M. A. Morey, of Seattle, has brought suit against the Tacoma Hotel to recover damages to her gown. She added \$48 to the claim for mental anguish through which she says she passed while the chair clung to her.

The incident occurred on May 12, last, in the crowded lobby of the hotel, and Miss Morey found herself the object of the stares and smiles of every person in sight. She had come to Tacoma to attend a wedding, and when she finally extricated herself from the sticky piece of furniture she was compelled to don an overcoat, her gown being ruined.

EDWARD EVERETT HALE DIED THIS MORNING

Roxbury, Mass., June 10.—Edward Everett Hale, chaplain of the United States senate, eminent divine, author and teacher, died early today at his home in this city. He was 87 years of age.

Though Dr. Hale's health had been poor for nearly a month, no fears were felt by members of his family until a few days ago, when he grew suddenly weaker, and declined rapidly. The cause of his death, as announced by the attending physician, Dr. Temple, was heart failure.

The end was peaceful. There was no suffering, and the aged minister appeared merely to be sleeping when Dr. Temple arose from the bedside and announced that his patient was dead. There were present in the death room Dr. Hale's daughter, Miss Susan Hale, and a number of his personal friends.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is cured by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Curtis Hamilton, of Olympia, Wash., has established a new record for grafters to emulate. He added \$599.80 to the expense account of getting the militia to attend the funeral of the late Governor Cosgrove, and swiped the money. The actual expense was \$474, the graft \$599.80. Why he knocked off that 20 cents, instead of stealing a clean \$600 is a mystery.
