JIM HILL

(Continued from Page 1.)

Attorney Pugh is so angry at James J. Hill and the board of directors of the Great Northern for refusing to place in the grand jury's possession certain records that today he declared in an interview that the directors "are simply lying" when they say they have no records that will assist the jury.

"Hill told us," said the prosecutor, "that he would get us what we wanted. Suddenly he has discovered that

the board has a rule that prohibits any such action. Hill is simply trying to squirm out of his promise. As chairman of the board of directors he must have known of the rule, if one exists, when he made the promise to us under oath."

NO ODORS

NO MIXING
OF FOOD
FLAVORS

NO NEED COVERING THE MILK AND BUTTER

Because of the McCray system of circulation and refrigeration you can place all kinds of food in your refrigerator and the odors will not, cannot mix.

Those who have used the old style refrigerators will agree that it must be pretty nice to be able to place side by side butter and bananas, milk and cantaloupe, cheese and sauerkraut, fish and fowl, vegetables and fresh meats—in fact, any kind of food—without having them become tainted.

If food preservation is worth anything at all, if you would guard the health of the family, you will investigate the great McCray. It's a positive menace to health if foods are placed in a refrigerator where the system of circulation and refrigeration is not perfect. You take no chance at all when you use a McCray.

You are certainly welcome to step in. We would like to show you the different, exclusive features of this wonderful refrigerator. See window display.

SALEM WILL BE HONORED AT PORTLAND TONIGHT

Miss Bertha Allen will be honored as queen of the Cherry City in the parade of Oregon cities at Portland this evening. The Rose Carnival will have a program in behalf of this city, and other cities that have prepared floats. Allen, and has served for several years as deputy county clerk of Marion county, being very popular in society circles, as well as with the members of the bar from all over the state. Miss Allen was chosen by popular vote in a spirited contest in this city from among a number of Salem's most beautiful young women.

BALL GAME SUNDAY AND BIG EXCURSION

A regular Coney Island baseball excursion will be given next Sunday by the Fairmount club baseball team to Independence, the little city 12 miles up the Willamette river on the Polk county side. The Fairmount club has arranged a contest with the Independence team in connection with the game. A crowd of 50 Salemites will accompany the home team in the launches Independence and Louise. The club, to defray some of the expenses, is selling tickets for the excursion for one dollar for the round trip, which entitles all those purchasing tickets free entrance to the ball game.

This is the first river excursion of the season, and the Fairmount club is having no trouble in disposing of its tickets, as there are but ten left. Those who wish to take this ideal trip can procure tickets from either Manager Waldo Miller, of the Fairmount club, or at Daue's store in

South Salem. The excursion will be made as comfortable as possible, and the two roomy steamers will be equipped with everything in the way of soda pop as refreshments. The two launches will leave this city at 9 o'clock Sunday morning for Independence, and at 6 o'clock in the evening they will return with the excursionists.

The South Salem Fairmount club is deserving of great credit for its activity in amusing the Salem baseball fans and pleasure-seekers, and the latest novel plan of amusement will no doubt be appreciated to the fullest extent by the Salem public. The Fairmount club baseball team, under the management of Waldo Miller, has succeeded nicely so far in its many games played, both in this city and in other towns, and although the boys are not in the class with numerous teams, they prove a good drawing card wherever they go.

Charges Against Patent Medicines.
Most of the charges against patent medicines, as a class, have no foundation in fact, and are manifestly unfair and unjust.

There are a large number of standard remedies like Lydia E. Pinkham's Vegetable Compound used in thousands of American homes which have saved hundreds of dollars to families who could not afford to consult a physician, and they have answered the purpose equally well.
