The Story of a Medicine.

Its name—'Golden Medical Discovery' was suggested by one of its most important and valuable ingredients—Golden Seal root. Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed 'Golden Medical Discovery,' for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its makeup. A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the highest endorsement from the leading medical journals, and are recommended by the very best medical authorities as the very best remedies for the diseases for which 'Golden Medical Discovery' is advised. A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the 'Golden Medical Discovery' are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated, are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

SOUTH SALEM PEOPLE STAND FOR PROGRESS

In no part of the city are the people more anxious for improvements than in the seventh ward. At the meeting of the Improvement League Tuesday night there was considerable unrest and dissatisfaction at the slow procedure of the city council and the engineering department. A resolution was adopted, mildly censuring the city government for its dilatory tactics, and expressing the hope that the improvements petitioned for might be realized. They are also still in hopes of securing some sewer connections and are preparing petitions asking that the purchase of the park sights on Fairmount hill will be submitted to an early vote.

IOWA MAN GETS LEASE ON THE SALEM HOTEL

J. M. Staley, who came to Oregon from Odebolt, Iowa, last December, has secured a three-year lease on the Salem hotel property, corner of State and High streets. He came out last fall from the land of Hawkeyes, and while his wife visited at the home of her father, Mr. M. H. Graham, of Monmouth, he looked around for a business opening. They have three sweet young daughters to educate and naturally preferred a city having the educational advantages of Salem. Mr. Staley is a good hotel man, his house is full every day and he could fill it if it was twice as large. Members of the Iowa colony in Oregon will enjoy looking him up when they are in Salem.

SUMMER SCHOOL FOR TEACHERS AT EUGENE

University of Oregon, June 11.—Indications point to the largest attendance of teachers that the University has ever had at the summer session which begins June 28, running six weeks, and closing August 5th. Announcement has just been made by Dr. H. D. Sheldon, dean of the session, that he has secured the services of Prof. Samuel B. Seward, Jr., of Stanford University, in English literature and rhetoric to take the place of Prof. Howe, who is unable to teach on account of illness. Prof. Seward has had much experience as a teacher in summer schools. The courses that he will offer will be in direct preparation for the August state examinations.

NORTH SALEM LEAGUE WANTS IMPROVEMENTS

The Fifth Ward Improvement League held a big meeting Tuesday night and organized to push street improvements. The city council has been publishing advertisements in this paper for about twenty blocks of grading, graveling, and crushed rock surface. A stock company has been organized by the residents and business men who propose to see to it that streets are built at a reasonable price, even if they have to build them themselves. It is understood that they have secured a gravel supply out a little ways on the Oregon Electric and are going to be in shape to get their work done without paying two or three prices for it. Their only fault with the city council seems to be on the grounds of its deliberation. They want to get some streets improved for the present generation. They also still live in hopes of getting some sewers constructed.

Ranson of Turner is a progressive member of the medical profession and has equipped his practice with a runabout, purchased of Mr. Priehs, who has the Salem agency for this very popular machine. WORKMEN CAUGHT BY CAVING BANK

Los Angeles, June 11.—Six workmen narrowly escaped being buried alive at the site of the new hall of records, where the employes of Carl Leonard, the contractor, were excavating, when several tons of heavy clay and shale fell upon them. J. O'Brien, a laborer, was caught in the cavern and was buried nearly to the shoulders before the shifting bank settled. It was 20 minutes before O'Brien could be extricated. He was unable to walk and is thought to be seriously injured.

TEXAS VISITED BY TERRIFIC WIND STORM

Fort Worth, Tex., June 11.—At least one man is dead and several others are seriously injured as a result of a terrific wind storm, accompanied by a cloudburst, that swept the surrounding country late last night. The country lying to the west of this city is said to have been severely damaged by the storm and many persons injured. Telegraph and telephone wires are down, and accurate information is not available.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is cured by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing at an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.
