DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The disease, the wrong treatment, but probably worse, is made permanent. As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve tonic "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One or three a dose. Easy to take as candy.

BOOKKEEPERS PUT IT OVER CAPITALS

"Just like shelling peas." The men of many figures made a display of their talents last night on the Williams field when they played the State House employees, and after six disastrous innings had been knocked out the State House collection was only able to get eight of two scores while the Bookkeepers counted up seven.

It was simply a case of taking candy from a two-year-old with Pitcher Hunt for the Bookkeepers; he could not have put out the Capitals' glimmer of chances better with an umbrella. The first man was chased around the four corners in a pinch by the State House team, but the second man—it makes a ball player feel mean to hear of it. First man up in the third inning tickled one down to stilly Southwest on third base. Now, everyone knows that Rolly has a frightful hanging from his right shoulder, but practice generally makes perfect and Southwest hasn't been practicing, and the result was that when he attempted to heave the ball to first he lost his bearings and the ball struck the ground a few feet in front of Ira Hamilton on first, bounding far out in the right field. Well, not much more to say except that the runner kept on running until he scored, which was the last one the State House men made.

This is the first game of the season for Pitcher Sam Kosier of the Capitals. Sam has been taking his early morning run to Aumsville and back before breakfast but he discontinued or forgot to work a little meanness in his pitching arm and control last night was entirely foreign to Sam.

The Bookkeepers had something fat, new and terribly slow stuck in the sawdust in the left field, the same being little George Snyder, the Mellon's food boy. George is certainly the picture of good health, if he don't look much like a ball player, and the manner in which he gallops about the bases when (very seldom) on, makes one think of the Roosevelt hunt.

FRUIT GROWERS TRY TO FREEZE OUT JAPS

Vallejo, Cal., June 12.—Five hundred Spanish and Portuguese families are being settled today on the fruit farms of upper Solano and western Yolo counties to take the place of Japanese pickers, whom the orchardists have decided to rid themselves of.

A number of young fruit growers of that district have banded themselves together and taken a determined stand to "freeze out" Japanese laborers. F. W. Willets, who is leading the movement, recently arranged with agents in Portugal and Spain to send over 500 families to take the place of Japanese. These families will be tried and if their work proves satisfactory, 3000 men will be asked to come to California.

STOLE DIAMOND PIN AND LIGHTS FROM AUTO

San Francisco, June 14.—Two bold thefts, in one of which B. Pierce Davidson of Portland, Ore., figured as the victim, were reported to the police today.

Davidson lost a valuable diamond stickpin while being shaved yesterday. He placed the gem in his hat when he entered the barbershop and some other customer appropriated it to his own use.

The second theft was even more bold. John Morton, a chauffeur, was taking a nap in his car at the ferry and awoke just in time to see a thief making off with the automobile's sidelights. Morton was so surprised that he did not make an outcry until the thief had boarded a car and escaped.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is cured by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
