THE CRATER LAKE ROAD CASE.

Judge Galloway has taken the Willamette Valley view of the Crater Lake road case.

But it is a farce to talk about anything being unconstitutional had felt the need of a kidney remein Oregon.

It does not say there may be more or less but just threeone, two, three.

But because it does not say the legislature shall never under any circumstances add one, two, three or a dozen, the same legislature that enacted the Crater Lake road law added two.

On the same theory it might have abolished one or two, as well as to have added two, and it has just as much warrant to add two more as it had to add the two it did add.

On the same plan the members of the court are paid \$4500 a year salary, when the constitution only gives them about women as it had to add the two it did add.

Women belt that much

half that much.

Under the circumstances only a feeble-minded man will contend that there are any constitutional limitations on what a legislature may or may not do in Oregon.

Judge Galloway's decision will not stand a minute in the supreme court, and it should not after all that has been done.

WILL YOU HELP BURN OREGON TIMBER?

Would you set fire to any man's house in your town? If you saw his house afire would you pass by without doing their room at the Wilhard Hotel, the small alcohol stove used for the puranything?

Do you realize that timber is quite as valuable to the owner, and much more so to the community and to you?

He can build a new house, but not a new forest. As for your interest, think over the following facts.

Oregon has 350 billion feet of standing timber, even now worth \$475,000,000 as a resource.

If manufactured and sold, even at present lumber price, it will bring \$5,000,000,000 into the state for labor and supplies Oregon now sells \$20,000,000 worth of lumber a year. Of this \$14,000,000 is received by employes who put in it local circulation.

In other words, you, whatever your business, share it. About a billion feet is destroyed by fire in Oregon annually, which if manufactured would bring in \$13,000,000.

On every thousand feet burned the stumpage owner may lose \$2.00 but the community loses \$8.00 in wages.

Timber means pay checks, to support all industries. But burned timber pays no wages.

Timber pays taxes in your county. If it burns, your property has to pay the difference.

Help keep down forest fires and you'll make more money. So will your children.

Don't toss away burning matches or tobacco.

Don't make a camp fire in leaves, rotten wood, or against logs, where it may spread, or where you cannot be sure it is out. Never leave a fire until it is out.

Don't burn your slashing in the dry season without a permit. Put out any fire you find if you can. If you can't, notify a fire warden, some other public officer, or the land onwer.

Remember it's the little fire you can put out which may late: become a big one.

If you don't know the fire laws, send for a copy to E. P. Sheldon, secretary, Portland. Help enforce them.

FOR THE UPBUILDING OF OREGON.

(W. E. Smith in the Benton County Republican.) Dear readers, we all have a duty to perform, a duty not only to our state and ourselves, but a duty to the struggling overcrowded East. We need them and they need the opportunities that we offer them.

We have vast mineral and timber resources, immense tracts of range land and great bodies of agricultural land that are not utilized at present for the want of labor and capital.

In no place in the United States do we believe greater opportunities await the good, industrious citizen seeking a safe and profitable investment for his money. No state in the Union has a more healthful climate, more law-abiding citizens, better schools, or greater opportunties, than has the state of Oregon.

We will venture to say that there is not a man who has lived here a year who would be willing to leave Oregon and return to the East. All who live here seem to be satisfied that there

is no better place on earth to reside. But Oregon needs more people, more capital to develop the great resources of the state. To those who have traveled over DR. STONE'S the state, a glance at the map will show a vast empire that as yet has been but barely touched by the hand of man to bring forth the fruits of her soil, the minerals from her mines, or the timber from her forests. And yet wherever towns and cities son, owes no one, and no one owes are established in the state the best modern improvements are found. The best order and government prevails and life and property are just as safe as in any of the old settled communities of the East.

We who are citizens of this state and know the great opportunities that we have to offer to those who are seeking for investment of capital or to those who are seeking homes, should let our friends in other states know of the true conditions here tree, and only regular prices for and in this way aid in the development of our county and state medicine. Dr. Stone can be toned and at the same time do a favor to our friends.

Let us all pull together for the upbuilding of Oregon.

HIDDEN DANGERS.

Nature Gives Timely Warning That No Salem Citizen Can Afford to Ignore.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber Sick kidneys send out a thin, pale and foamy, or a thick red, ill-smelling urine, full of sediment and of irregular passage.

Danger Signal No. 2 comes from he back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsey, diabetes and Bright's disease. Doan's Kidney Bright's disease. Doan's Kidney Pills cure sick kidneys, and cure them permanently. Here's Salem

William Bumgardner, retired, 525

Water street, Salem, Ore., says: speak from personal experience when I say that Doan's Kidney Pills do all that is claimed for them in curing Oregon.

The constitution says there shall be three Supreme Justices When I read of Doan's Kidney Pills. was induced to procure a supply at Dr. Stone's drug store. The backache and weakness of the kidneys, which had annoyed me, were quickly removed, and I was restored to

good health. I can recommend Doan's Kidney Pills to anyone in need of a kidney medicine." For sale by all dealers. Price 50 Foster-Milburn Co., Buffalo,

AND THEIR MONEY LOST

[United Press Leased Wire.] Seattle, Wash., June 23 .- Mrs. W. Williams and her daughter, Mrs. E. A. Hauser, of Butte, Mont., are in the Providence Hospital here todap, suffering from serious burns which they sustained 24 hours after their arrival in the city for a visit to the exposition. In addition, all the money the women possessed has been

pose exploded and the gown of Mrs. Williams was set on fire. Her daughter rushed to her assistance and was badly burned. Mrs. Williams was removed to the hospital, where she is now in a critical condition. In the excitement and confusion \$150 in money, which the women had in a handbag, was in some way lost.

The Mission

Of those corpuscies in your blood that have been called "Little Soldiers," is to fight for you against the disease germs that constantly endanger your health. These corpuscies are made healthy and strong by the use of Hood's Sarsaparilla.

This medicine is a combination of more than 20 different remedial agents in proportions and by a process known only to ourselves and it has for thirty years been constantly proving its worth.
No substitute, none "just-as-good."
