Our Discount Department

WE DO BUSINESS

not for the convenience of ourselves altogether, but rather for the profit to ourselves without too great an expense to our patrons. And at the same time affording them a most convenient and satisfactory service.

We find our daily discount service a most popular one. This provides for a committee of our directors who call at the bank daily and in conjunction with the executive officers pass promptly on the merits of loans offered.

The daily discount committee plan enables us to thwart the dangerous practice plan where authority is sometimes assumed alone by a president or a cashier, and at the same time enables us to give the business man a quick and decisive answer. New loans, of course, are sometimes held up for further investigation, but in matters of established credit we deal very promptly.

SENATOR BAILEY OF TEXAS

SAYS TRUST ORGANIZERS AND OPERATORS SHOULD BE IN PEN

Washington, D. C., June 24.—Denouncing the doctrine of free admission to the country of raw material, Senator J. W. Bailey of Texas in the senate today made a savage attack upon the trusts, asserting that the only means of destroying them is to send their organizers and operators to the penitentiary.

"The doctrine of free raw material is unjust and undemocratic," asserted Bailey. "Instead of it being the policy of the democratic party it was never accepted until 1886."

He then traced the history of the tariff to prove his assertions, and continuing, said:

"The proposition to exempt manufacturers from the payment of a moderate duty on raw material is unjust and unequal. Which when the tariff is removed from raw materials it becomes necessary to increase the tariff on other articles in order to raise the revenues."

After dwelling for some time on this phase of the tariff, Bailey took up his attack on the trusts.

"If I were attorney-general of the United States," he declared, "I would sue to dissolve the United States steel corporation. Nothing would result to curb the rapacity of that trust from placing iron ore on the free list."

"The only means of destroying the trusts and preventing the formation of others is to send their organizers and operators to the penitentiary."

SOLONS WOULD AMEND ANTI-CIGARETTE LAW

Olympia, Wash., June 24.—Working under the theory that because reorganization was defeated the special session is proceeding under the rules adopted at the regular session of the legislature, members of the house insurgents in caucus late last night decided to introduce bills and attempt to repeal several laws passed at the recent session. They are of the opinion that the action of the victors in the speakership fight removed the barriers and that the way is open for any legislation that members care to consider.

The anti-cigarette law, which has raised a storm of protest throughout the state, is one of the bills which an attempt will be made to change.

There is a sentiment, however, against continuing the session and it may be strong enough to rule out all business except that pertaining to the insurance commissioner and other officers and departments investigated by the legislative committee.

SAYS IT COSTS \$6.33 TO SWITCH A CAR

[United Press Leased Wire.]
San Francisco, June 24.—That it costs the railroad more to switch a car than the \$2.50 charged shippers, is the contention of the Southern Pacific company in the action which is being heard today before Referee Lederman, representing the Interstate Commerce commission. The Pacific Coast Jobbers' and Manufacturers' association has brought action before the commission to have the rate set aside alleging that it is too high.

Richard J. Barry, statistician for the railroad, while on the witness stand late yesterday showed by figures that the actual cost of switching one car was \$6.33.

This remedy has been in use for many years and is thoroughly reliable. Price 25 cents. For sale by all good druggists.

CAUGHT ON SHAFT IS TORN TO PIECES

Sacramento, Cal., June 24.—Mutilated, torn, and stripped of its clothing, the body of Joseph Nevis, aged 26 years, member of a prominent family of this city, was found late last night wound around a shaft in the pumping station on the Nevis ranch in Yolo county. He had been missing since Sunday.

This is the second tragic death in the Nevis family within a year. Last spring M. S. Nevis, father of the young man, fell into a vat at his winery and was drowned.
