## TO KEEP HENEY OUT OF IT

San Francisco, June 30.—Charges that Francis J. Heney and Judge Lawlor conferred regarding the case of Patrick Calhoun almost daily during the recent trial were made today by attorneys for the street car magnate, in an effort to secure a change of venue, on the ground of bias. Arguments were heard on motion to this effect and motions to disqualify Heney from trying the next Calhoun case, on the grounds that he has never been legally appointed as the district attorney of San Francisco. Assistant District Attorney O'Gara was allowed until July 8 to make answer to the motion and charges. Motions of Calhoun to have his indictment set aside, and to be allowed to change his plea, were denied by the court.

### STILL CHASING AFTER CHINESE MURDERER

New York, June 30.—Sudden activity on the part of the officers detailed in the search for Leon Ling, supposed slayer of Elsie Sigel, was learned today to be due to the belief that six Chinese are implicated in the crime, four actually participating and two others acting as accomplices. Some of these Chinamen are supposed to be in hiding in New Jersey and this theory is thought to explain the fact that forty detectives scattered among the Orientals in that section. Although the police refuse to discuss their latest theory it is thought they have learned that the girl became too familiar with the workings of some of the Chinese secret societies. This would provide a motive for her assassination by the larger number of Orientals than at first believed to be implicated. Rumors that an expressman gave the police their information are discredited here. It is considered most likely that some of the clever Chinatown detectives have ferreted out the new clue through their secret hold on residents of the section of the city to which they are assigned.

ing cruisers and 20 ships of a new type similar to torpedo boat destroyers, but larger. The admiral also advocated the enlistment of 16,000 men for the proposed new vessels. His estimate of the cost of this plan is about \$300,000,000.

### WELL DESERVED.

The Praise That Comes From Thankful Salem People.

One kidney remedy never fails. Salem people rely upon it. That remedy is Doan's Kidney Pills. Salem testimony proves it always reliable. P. W. Brown, 374 Summer street, Salem Oregon, says: "Three years of millwright work in a sulphuric factory, when it was necessary to perform repairs in poisonous gases and to work in cramped position, and sometimes wet to the skin, caused kidney trouble. I suffered from a lameness and soreness across the small of my back, and about two months ago, when in this condition, my attention was called to Doan's Kidney Pills. I went to Dr. Stone's drug store and procured a box, and soon the backache and soreness across the loins entirely disappeared, as also did the other symptoms of my trouble. Doan's Kidney Pills are worth a trial by anyone annoyed with backache or kidney complaint." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### Notice to Contractors.

Notice is hereby given that sealed bids will be opened at a meeting of the common council of Salem, Oregon, to be held on the 5th day of July, 1909, for the improvement of Kearney street with gravel between the east line of Commercial street and the west line of High street in accordance with the plans and specifications adopted by the common council for said improvement and now on file in the office of the city recorder. Bids will be received on proposals submitted by the city attorney and must be in accordance with the specifications. Contractors may, if they so desire, receive gravel on Minto's island at the rate of 5 cents per cubic yard, under the grant to the city. Date of the first publication of this notice, 29th day of June, 1909. By order of the common council. W. A. MOORES, City Recorder. 6-29-5tdly

### Doctors' Prescriptions

It has been proved over and over again that the doctors of this country freely prescribe proprietary medicines in Latin for their patients until they are advertised to the public, after which time they consider it a duty to immediately condemn the very same medicine, not because the preparation is any less valuable, but because it is not "ethical" to prescribe an advertised medicine. There are, however, many physicians of recognized standing broad-minded and successful enough to continue to prescribe such standard remedies as Lydia E. Pinkham's Vegetable Compound, which they know to be good.

Ever notice how generous a man with a grouch is? He just won't keep it to himself.

## MAY TRY BINGER HERMANN

### HENEY SAYS HE WILL BE TRIED THIS YEAR "IF AT ALL"

[United Press Leased Wire.] Roseburg, Or., June 30.—"Binger Herman will be tried during the present year, if at all," said Francis J. Heney here tonight. "I received a letter from the United States attorney-general about two months ago, asking me to take up the remainder of the Oregon land fraud cases as soon as possible," Heney continued. "Owing to business matters, I have not been able to answer the letter." Asked whether his election as district attorney at San Francisco would delay the Herman trial, Heney declared that it would not, inasmuch as he would not take the office until next year. When shown a dispatch from San Francisco to the effect that the supreme court had handed down a decision upholding those sections of the primary law providing that no candidate can accept two nominations, and that a candidate must have registered two years in succession in the nominating party to be qualified, Heney smiled and said: "I will make the run on an independent ticket, and you may rest assured that I will win by a vote of two to one." Commenting on the Calhoun trial, Heney remarked: "The trial which has just closed at San Francisco shows conclusively that conditions were against the prosecution. I have nothing to say as to how the second trial of Calhoun will terminate, especially when the defense has plenty of money in easy reach of the jurors. I am convinced that certain jurors were bribed in the Calhoun trial, but of course I am unable to furnish proof to substantiate my assertion."

### ABOUT WEIGHING LUMBER

As a result of the hearing held by the Railroad Commission yesterday, regarding the lumber weighing facilities provided by the railroads in Oregon, the commission dismissed the case in so far as the state is concerned. This matter was instigated by lumber manufacturers throughout the state, who who claimed that the weights on lumber were off, and that a correct weight could not be obtained especially from shipments going over valley lines and being transferred to the Oregon Short Line. Superintendents and officials of the respective lines were called to testify yesterday, but it appears that each of the weighers for the railroads are given explicit instructions regarding weighing and the care of the scales, and that if any mistake was made in the weighing, it was the fault of the man handling the scales. It is evident, unless actual proof is introduced by the shippers, that some railroad is discriminating in weighing lumber, the matter will have to be left as it is. Shippers are only anxious to bring lumber shipments down to an accurate form and do away with the necessary trouble of reweighing books and filings on an over or under shipment.

### GOSSIP AMONG THE FIGHT FANS

[United Press Leased Wire.] San Francisco, June 30.—When Bob Armstrong, the husky dingee, who has made himself a human punching bag for almost every heavyweight fighter of class that has been before the public in the last ten years, arrived at Camp Ketchel yesterday, he brought with him some dope that will furnish much food for thought among the fight fans. Armstrong says Jerles and Johnson will never meet in a prize ring. Not that Jeff isn't willing to mix it with the soon champion, nor that he wouldn't give the pretender the drubbing of his life, if he got him in to a ring. According to Bob, Johnson is going a pace that soon will place him in the waiting list of the down and out organization. Jeff, Armstrong says, is rapidly returning to shape, and today could make monkeys of all the aspiring huskies in the ring. Ketchel and Pape are pounding away in their respective quarters.

### THIRTY CHARGES AGAINST SCHIVELY

Olympia, Wash., June 30.—The impeachment charge against State Insurance Commissioner Schively will contain 30 charges. The first and foremost among the charges will be that of perjury alleged to have been committed before the Spokane county grand jury. The offense was committed after the adjournment of the last session of the legislature, and while Schively was the elected insurance commissioner. Thus it is a malfeasance in office, and this charge alone will do away with the defense relied upon by Schively that all accusations against him have to do with the period when he was deputy insurance commissioner and under the direction of Sam H. Nichols, former secretary of state. The house this morning took the preliminary steps to insure a thorough investigation of all the state offices. The committee brought in a report advocating the appropriation of \$40,000, in addition to the \$40,000 already appropriated, for the expense of the investigation plans. This action was taken in the fear that the house might be tricked into an adjournment before its work was completed. The house, this afternoon or tomorrow, will probably pass this additional appropriation.
