UNIVERSITY  
OF CHICAGO**

Baptist Minister Declares He  
Will Make Smell to Heaven  
and Put it Out  
of Business.

Chicago, July 13.—Prepared to denounce the University of Chicago for accepting money from Baptists under the guise of being a Baptist institution, and then advocating free thinking, Prof. Johnston Meyers, of the divinity school of the university, made ready to appear before the Baptist Theological Union today, to oppose his ousting by that body.

"I will inaugurate a fight against the University of Chicago, that," declared Meyers, "will be nation wide in its proportions. I will see that the institution is generally denounced, that the people of the United States will look with horror on it."

"I will work until no reputable students go there, and, before the fight is done, the University of Chicago will have ceased to exist."

"My principal charge, outside of one that the university teaches atheism and immorality, will be that its whole conception and existence has been a deception."

"It was started as a Baptist institution, and, as such, thousands of dollars of Baptist money was poured into its treasury. Then it began advocating free thinking, and was not true to its promises."

**GERMAN SAILORS  
MUTINY IN HONOLULU**

Honolulu, July 13.—Members of the crew of the German ship Flensburg are held in detention here as a result of a mutiny aboard the vessel late yesterday.

Drunken sailors armed with revolvers drove the ship's officers to the upper deck and threatened them with violence. The captain, aided by his officers, held the men at bay until the arrival of police from the shore.

**HE HAD A BON-FIRE  
OF HIS OWN, ANYWAY**

Santa Rosa, Cal., July 13.—Because his parents would not permit him to build a bonfire in the back yard of his home, the 3-year-old son of H. C. Taylor crept beneath the house and started a fire with a pile of leaves and kindling, with the result that a pile of blackened ruins today occupy the spot where stood one of the handsomest country residences in Sonoma county.

The fire occurred late yesterday, the loss being in excess of \$10,000. The baby escaped from beneath the house without injury.

being used from Point Defiance park to bank the casket. The body was surrounded by a reproduction of a niche in Point Defiance park, which Cushman had helped to get from the government for this city.

Dr. Alfred W. Martin preached the funeral sermon and Hon. John L. Wilson delivered the eulogy at the public funeral. The services were attended by 3000, including many lodges and clubs. The Knights Templar officiated as escort and Masonic rites were observed at the grave.

and the enemy would be checked. The crusade was greatly outnumbered by the attacking army and the fierce populace, seeing almost certain defeat in store for the shah's forces, rapidly took sides with the rebels. The barricades were swept away, one after another, with ease and the rebels made a steady advance toward the palace of Shah Monammed Ali. No estimate can be made of the number of dead and wounded. The streets seem to be literally filled with injured and dying men.

**FIFTH WARD W  
DISCUSS THE PARK**

The Fifth Ward Improvement League will hold a special meeting Tuesday night at Wade's hall to consider the question of acquiring a public park for the city. Col. E. Hofer has been invited to address the meeting on Fairmount Park.

E. C. MINTON,  
Secretary.

A falling tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or falling Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—those weak and fluttering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days, soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by Capital Drug Store.

the Heone girl back \$400 I got from her."

A mysterious woman, dressed in brown, who followed Johnson to the prison gates, created some interest here today. The woman's identity was not discovered, but Johnson evidently knew her, and evidently was afraid of her. He urged the officers to hurry, and they ran through the gates of the prison.

The woman boarded the ferry at San Francisco, when Johnson was taken aboard, and remained close to the bigamist until he was hurried into the prison yard.

Johnson's head was shaved this afternoon, and he was given the number 23,681. He will be put to work in the jute mill.

**Mrs. Jones Is Smiling.**

Portland, Or., July 13.—Mrs. M. L. Jones, who married Bigamist Johnson in this city, where he courted ten women at one time, laughed heartily when told of the statement made by the man who deserted her after he had lived with her for a month.

Mrs. Jones declares that her husband, whom she knew as John Madison, left her without even giving her a farewell note.

"I don't know much about Madison, but he was really a nice man, about 55 years of age, I should judge, good looking and possessed of winning ways," she said when interviewed at her home here.

"He was a great man for money, and I spent a good deal on him. Anyway, I spent more than he was worth, but I do not care to mention the amount."

"I took a divorce from Madison about a year ago, and since then have not bothered myself about him at all. The last I heard of him prior to this was from friends of mine about two years ago. He was then living in Kenton, Tenn. They made no mention of him having married anyone by that time, and I didn't know then that marrying was a pastime with him."

"But seriously speaking, I am sorry to hear that he is sick and dying, for I can sympathize with any person in trouble."

**HARRIMAN IS ILL;  
STOCKS TAKE TUMBLE**

(United Press Leased Wire.)

New York, July 13.—Harriman was ill today, according to Wall street report, and Wall street thereupon beat down the price of stocks. The report that the financier was in poorer health caused considerable selling of Union Pacific and Southern Pacific, and this influenced a bearish trend in the rest of the market. Generally speaking, Harriman cost the stock market today about a point all
