WHEN WE PUT UP OUR SIGN inscribed "High class sanitary plumbing" it meant exactly what it said. Nickel pipes, marble basins or porcelain tubs do not of themselves make sanitary plumbing. It is how they are put in that makes for health and comfort. Have us do your plumbing and it will be the real sanitary kind, not a mere trade name for ordinary work.

THE PLAY NOT LIKE THE BOOK

They Are Different in Treatment But Play Is Pronounced by Critics Great.

Beyond a doubt the most delightful dramatic event of this season will be Elinor Glyn's dramatization of her own wonderful story, "Three Weeks," which is announced for Friday, July 16, at the Grand opera house.

The romance, poetry, philosophy and truth of the greatest of human emotions, love, are all portrayed in this wonderful book play and to those who can and will understand what a play means, "Three Weeks" will teach some impressive and lasting lessons. And with all this it has amusement and entertainment—a stirring story, told with truth to nature and acted by players of wide experience and unquestioned ability. Miss Beryl Hope, one of the most attractive women of the stage and an emotional actress of rare quality, will portray "The Lady" of the story, and Mr. Harry C. Browne, who has won his spurs as leading man, will give a many and convincing performance of the young hero, "Paul." Miss Lillian Rhodes has been entrusted with the role of "Anna," the faithful lady-in-waiting to the queen, and lends dignity and strength to the cast. Other players who will give efficient support are Miss Caroline Lamar and Messrs. Frank J. Kirke, Sydney Price, Wm. T. Chatterton, W. J. McConnell, Charles Moncrief, R. H. Thomas, W. T. Hayes, Albert Donall and Wm. Casey.

The play is presented with special scenery and effects, the second act showing "the feast of the roses" at Venice being especially notable for its beauty. The sale of seats for this engagement commences Friday morn-

GREECE AND TURKEY MAY GO TO WAR

Troops Are Being Mobilized by Both Nations in Anticipation of a Serious Clash.

Salonica, Turkey, July 14.—Declaration of war against Turkey by Greece is momentarily expected and troops are being mobilized by both nations in anticipation of the clash. Today it appears but a matter of hours before the fighting will begin.

The immediate cause of the quarrel between the two countries is a result of the recent order issued at Constantinople for the troops to drive all Greeks off the Turkish frontier. Several days ago the third army corps mobilized in this section and commenced driving the Greek bands away. The Constantinople government justified this action by claiming that the Greeks were acting as spies.

Indignant at their treatment at the hands of the Turks, the Greeks made formal complaint to their king, and the result was that secret orders were issued to mobilize the Greek army.

This was discovered by the Turkish government, and similar precautions were taken here. Today troops are pouring into Salonica from every part of Turkey, and it appears that war cannot be averted.

Greece and Turkey are ancient enemies. They have fought guerilla wars and pitched battles ever since the Turks swept across from Asia Minor centuries ago, and established themselves in Europe.

Greece has been dominated by Turkish influence, as the result of continued Moslem victories. In 1897 Greece was decisively whipped.

The real cause of the present trouble is the island of Crete, known as the danger spot of Europe. Crete lies close to Greece. It was the birthplace of the Grecian race, and still holds to ancient tradition of power and independence. The sovereignty of the island has been formally in the hands of Turkey. In reality it has been governed by France, Italy, Russia and England, who have kept troops there.

Crete has recently declared itself independent of Turkey, and subject to Greece. Greece, naturally, sup-

BLOOMER'S ADDITION to the City of Newport, Oregon, is now on the market for the first time. The tract is located about half way between Nye Creek and Newport, and consists of some 30 lots, on the rising ground directly above the ocean. Each lot is but a few steps from the beach and commands a view of the ocean or surf for miles north and south. To the north can be seen Jump Off Joe and the Yaquina Head Light. To the south the entrance to Yaquina Bay and the Lifesaving Station. The property is about a five-minute walk from the boat landing in Newport. It is reached by a new six-foot board walk, which runs in a straight line from the Ocean House Hotel in a northwest direction to the lots. This is now the most popular walk in Newport on account of its beautiful surroundings and magnificent view of the Pacific when the end is reached at BLOOMER'S ADDITION. Here before the observer the ocean and the beach stretch for miles and miles.

A WORD ABOUT YAQUINA BAY

You could not find a more interesting location to spend your summer than around this beautiful bay, which is conceded by those who know, to be the most beautiful summer resort. NATURALLY, of any on the Pacific coast, barring none. Hunting and fishing are unexcelled, and the many places of interest close to Newport, such as the Lighthouse, Otter Rock, Seal Rocks, etc., make it an ideal place to own a summer home.

NOW LOOK AT THE MAP

You will see that BLOOMER'S ADDITION is right on the ocean, and yet has the great advantage of being close to the bay and town, with no steep hills to climb to reach it. The beach in front of the property is good for bathing and the gathering of rock oysters. Mr. Bloomer has already built two beautiful cottages on these lots for his own personal use. Mr. Bloomer is a Seattle man, and intends to make this the most popular addition to Newport.
