

PLEADING FOR THE FAIRMOUNT HILL PARK

BOTH ENDS OF THE CITY UNITED TO AC- QUIRE A BEAUTIFUL NATURAL SITE

The Seventh Ward Improvement League met Tuesday night and stirring addresses were made in favor of Fairmount Hill Park. The purchase of the property was opposed by only one person, and his arguments were more than met by those favoring the acquisition of the property for Park purposes.

The Fifth Ward Improvement League has also taken action and given the Fairmount Park project an unanimous endorsement. A paper was read by one of the Park committee at the South Salem meeting in which the following arguments were expressed:

"Living in a land of beautiful scenery, we should appreciate the opportunity here offered to secure for all time to come one of the most charming and slightly elevated on the Willamette river. Those who have never seen the sunsets from Fairmount Hill, when the coast range of mountains take on the deepest tints of violet and blue and behind them the sun goes down in solid walls of gold, the entire valley and the nearby hills of Polk county transformed with all the colors of the rainbow, the river threading its way through the landscape like molten silver, and all around at your feet the beautiful Capital City glittering with countless electric lights—whenever has seen this unmoved by its wonderful natural beauty must have little soul indeed for one of the most magnificent pieces of scenery in the world," said a prominent citizen yesterday.

"There is a moral value to parks

that we cannot overestimate. It will not be long before some corporation will be establishing amusement parks north and south of the city. We may look for the Oregon Electric or the Portland General to buy a tract and convert it into a pleasure park with skating rinks and dancing halls and other attractions for young people, just for the business of selling them tickets and making money out of the proposition as they do in all large cities. This city is big enough to have the people buy their own park places and keep them under their own control as to what kind of amusements are permitted in them. Private parks are not subject to public control.

"During the year there are many occasions when the people need public assembly places, and there is not a church or Sunday school in the city, as well as private schools and colleges but have need for such public places for picnic grounds. They should not be obliged to trespass on private property in order to hold these innocent gatherings. Every church and every minister and every Sunday school worker in the city should help the movement for public parks and public libraries. We cannot have too many of them if we want to become a great educated municipality, where the citizenship is lifted to higher and higher planes in their pleasures and enjoyments.

"We must give the people better opportunities to get fresh air and to lead better lives and not condemn them for pursuing amusement that

we do not approve of unless we have done our utmost to give them better conditions. We should have a series of small parks not only for South Salem but for East Salem and North Salem, and a few open squares of play grounds scattered at convenient places through the city. There should be no local opposition to the selection of these breathing places and play grounds, because whatever is done is done for the whole city.

"The fact that \$65,000 of city bonds matured and had to be refunded gives us a chance to vote on the park proposition at the same time without additional expense for a special election. Let us take advantage of this opportunity and vote to acquire the Fairmount Park property for the free use of all future generations. Let no voter be afraid of the future of this city. Let no man say let the future generations get their own parks, we have enough for the present. The Capital City has the making of a great inland city, where there is destined to be manufacturing, railroads, and a population of fifty thousand within ten years."

RAILROAD MEN FORM BIG ORGANIZATION

Chicago, July 15.—Organization of a railroad employees' department of the American Federation of Labor was completed today by a merger of 25 organizations of the American, Canadian and Mexican affiliated railway employees.

The new department will be conducted by a separate governing body from the A. F. L. It embraces 2,500,000 union railway employees. The officers selected are H. B. Perham, president, and D. W. Rodric, secretary-treasurer.

Embracing the various departments of railway employees, the merger includes clerks, telegraphers, blacksmiths, etc.

CARRIER PIGEONS GO HOME

Turned Loose at Albany This
Morning They Start on a
Long Trip to Visalia.

United Press Leased Wire.—Albany, Ore., July 15.—Six carrier pigeons are today flying due south to Visalia, Cal., a distance of 607 miles.

The birds were sent here by a Visalia Homing Pigeon Association for the purpose of a test flight, and the time it takes each bird to cover the distance will be recorded.

The pigeons lost no time in circling to get the direction when they were liberated here yesterday, but started straight southward, all keeping together. After flying about two miles they circled once, and again turned to the southward, flying rapidly. They are expected to reach Visalia before dark tonight.

EDUCATORS MEET: OREGON MAN PRESIDES

United Press Leased Wire.—Seattle, Wash., July 15.—The feature of tonight's session of the Educational Congress will be an address on "Moral and Religious Education," by Bishop Edwin E. Hughes, of San Francisco, formerly president of DePaul University, of Indiana. Bishop Hughes is one of the most forceful and eloquent speakers on the public platform, and the educators are looking forward to his address with interest.

P. L. Campbell, president of the University of Oregon, will be chairman of the meeting.

That one of the greatest problems of education lies in the country school was the contention of Dr. W. J. Kerr, president of the Oregon Agricultural college, who spoke at the session of the congress last night. The meeting was devoted to rural schools, and was presided over by Edwin Twitmyer of Bellingham.

E. S. Wooster, of the science department of the Lewiston State Normal School, of Idaho, declared that a concentrated movement should be made to help rural schools, 94 per cent of the students leaving them at the completion of the eighth grade. He suggested as remedies the establishment of rural high schools, and advising the curriculum of the grammar school to include domestic science and manual training.

EDITORS MEET IN SEATTLE TODAY

United Press Leased Wire.—Seattle, Wash., July 15.—From all parts of the state of Washington, 250 in number, are in Seattle today to attend the twenty-third annual meeting of the Washington State Editorial Association. President Albert Johnson, of Hoquiam, received the visitors as they registered this morning in the office of James A. Wood, director of exploitation at the exposition.

Appreciating what the editors of this state have done in "boosting" the exposition, the Alaska-Yukon-Pacific officials will entertain them royally during their stay in Seattle.

This afternoon they are the guests of the Seattle Press Club at the Orpheum theatre. Tonight they will be given the privileges of the "Pay Streak," and tomorrow morning they will be shown around the town in special cars.

MAY HAVE FOUND REASON FOR MURDER

United Press Leased Wire.—Crescent City, Ill., July 15.—Evidence that may establish the guilt of Dr. W. L. Miller of the murder of J. B. Saylor, a banker of this city, is said to have been found in a bundle of private papers that belonged to Saylor, opened today by William R. Nightingale and two brothers of Saylor. Neither of the Saylor or Nightingale would divulge the contents of the letters, but asserted that they are of a startling nature, and have a direct bearing on the case.

Dr. Miller is charged with the murder of Saylor, for whose wife Miller is alleged to have formed an attachment. Mrs. Saylor is charged with being an accessory to the crime.

WHEAT GOES UP TO \$1.29 A BUSHEL

United Press Leased Wire.—Chicago, Ill., July 15.—July wheat reached a new record for the crop today, when it went to \$1.29, but declined again suddenly this afternoon.

It is current report that James A. Patton holds 4,000,000 bushels of July wheat, and is attempting to repeat his coup of a few weeks ago. July wheat closed at \$1.23 1/2. The reaction is attributed partially to reports of the condition of the Russian crop. This report caused a number of brokers to dump wheat onto the market, and this caused the break in prices.

FLOUR JUMPS UP WITH WHEAT PRICES

United Press Leased Wire.—Minneapolis, July 15.—Flour is quoted from \$6.45 to \$6.60, five cents under the prices during Patton's May deal, all f. o. b. here today. The advance in price is the result of the advance in the wheat market.

Danderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Danderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows: "I have been using your wonderful hair tonic for several months and at last I am now blessed with a wonderful suit of hair that measures over 48 inches in length; the braids are over 8 inches around."

Another from New Jersey: "After using sixth bottle I am happy to say that I have as nice a head of hair as anyone in New Jersey."

This Great Hair-Growing Remedy can now be had at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

Free Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the Danderine Co., Chicago, with their name and address and the name of the druggist to pay postage.

Grows Hair and we can PROVE IT!

THE SHAH'S

(Continued from Page 1.)

forces, it is understood, is now dealing with the leaders of the rebels, agreeing to surrender if his men are guaranteed protection and allowed to join the forces of the new government, when it is established.

Russia Will Guard Shah. St. Petersburg, July 15.—The foreign office today sent orders to the Russian troops stationed in Persia to arrange for the safe removal of the shah across the frontier. This order is inferred to mean that the shah is about to be forced to abdicate and flee.

A failing tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days, soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by Capital Drug Store.

Notice of Intention to Improve a Portion of Twelfth Street.

Notice is hereby given that the common council of the city of Salem, Oregon, deems it expedient to improve and proposes to improve at the expense of abutting and adjacent property, Twelfth street in said city, with Warren Brothers' special bitulite pavement, from the north line of Court street to the south line of Ferry street, in said city, including intersections.

Said portion of said street shall be improved by grading the roadway thereof; by establishing concrete curbs where not already established, and by paving said roadway in accordance with the plans and specifications adopted by the common council and on file in the office of the city recorder, and by doing all things required in said plans and specifications.

Remonstrances may be filed against said improvement in the manner and within the time provided in the charter of said city.

Date of the first publication of this notice July 13, 1909.

By order of the common council,

W. A. MOORES,

City Recorder.
