HAS KIND WORDS FOR OUR FAIR

Albany Herald Says: "One of the Best, If Not Greatest Cherry Show Ever Held."

The Albany Herald has the following kind words for Salem's big cherry fair, that is now a matter of history:

Salem has been doing herself proud the past day or two with the greatest cherry fair that was ever held in the Willamette or the state either for that matter. The exhibition will continue today, closing with a blaze of glory.

Thousands of people have attended the cherry fair at Salem, the streets were thronged with people, good natured, neighborly and well wishing, visiting the magnificent display of cherries, hundreds of boxes of the most perfect fruit ever brought before the public, the entire floor space of one of the largest buildings in the city being devoted to the display and set off with pretty decorations. Salem is justly proud of her cherry fair and indeed she has reason to be, as it has been one of the best if not the greatest cherry shows ever held.

Friday was Albany day at the Capital City and about five hundred people from this city made good and helped to swell the throng, witnessing the two balloon ascensions, attending the beautiful exhibit and listening to the words of welcome from the leading spirits of the affair. In the afternoon a short program was prepared, and given from a large platform on one of the main streets, where, after a few well chosen words of welcome from Lambert Rex, excellent music by the Salem band and two highly commendable vocal selections by Mrs. Carlton Smith, Salem's sweetest singer, they were treated to short responses from representatives from Albany, Attorney G. W. Wright, Manager Struble.

SHE FEARED PARALYSIS

SO DID THE PHYSICIAN WHO ATTEMPTED THIS CASE OF NERVOUS BREAKDOWN

Nervous breakdown may be the first sign of paralysis or some other severe nervous disorder. A tonic for the nerves is the one remedy for neuroathenic conditions and Dr. Williams' Pink Pills are a nerve tonic as well as a specific for conditions that lead to several forms of paralysis.

They are, therefore, of unusual value in cases of extreme nervousness in which there is reason to believe that the trouble may progress until a disease develops that is generally regarded as incurable. Such a case was that of Mrs. W. H. Gerlach of University Place, Station No. 5, Tacoma, Wash. She says:

"About two months before the birth of my youngest son I became greatly run down through worry and overwork in caring for my husband, who had been seriously injured in an accident. After the birth of the child I was completely broken down in health. My head and back ached all of the time. I had no appetite and, whenever I ate, my stomach distressed me so that food didn't seem to do me any good. I felt so tired that I wanted to sleep all of the time. I had been sick only a few weeks when I began to notice a numb, creeping like sensation in my hands and feet. These at first gradually lasted longer until I would feel them for a whole day. My hands and feet became colorless and dead like. There was no feeling in them and I could hardly write or do any work with them. The numbness was worse during damp weather or when I was extra tired.

I was under a doctor's care for over a year and, when the numbness began, he said I was in danger of paralysis. He treated me with electricity for several weeks but he did not help me. Then I decided to try Dr. Williams' Pink Pills as I happened to read of a case like mine, which had been cured. I gave them a thorough trial and found they were helping me for I grew stronger in every way. The numbness finally left me and I was entirely cured. I have been strong and well since and am able to do my work."

The remedy which gave Mrs. Gerlach complete health can be obtained at any drug store or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50. While so promptly effective, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe and create no drug habit.

A new edition of a booklet on nervous disorders and their treatment will be sent free on request to any address, postpaid.

of the Commercial Club, and Hon. F. A. Miller, of this city responding in most excellent taste, all commenting on the excellent work Salem is doing in telling the people of the nation of the great Willamette Valley.

Albany, the great Apple City, made good with the Cherry City, wished her unbounded success and invited her enmasse to be present at the apple show this fall.

LEBANON BOY IS KILLED IN RUNAWAY

The Lebanon Express of Tuesday says:

Joseph, the 8-year-old son of Jos. Boyanovsky, who lives seven miles northeast of Lebanon, was killed this morning in a runaway accident.

Mr. Boyanovsky and three boys hitched up a team this morning for the purpose of hauling hay. In doing so they failed to snap one of the inside checks. Three boys were on the wagon, and Joseph had the lines. The checks not being properly adjusted he was unable to manage the team, which began running.

Two of the boys were unhurt, but Joseph was thrown in such a manner that his head fell between the hind wheel and brake, and every time the wheel turned a spoke struck him in the head. When he was taken out his skull was beaten almost to a jelly.

Dr. J. C. Booth was called, but the boy died soon after the arrival of the doctor. The accident happened about 8 o'clock, and the victim passed away about an hour later. Little Joseph appears to have been unfortunate. On his fifth birthday he broke an arm, on his sixth birthday he broke his leg, his father remarking that the next time he would break his neck, little thinking that such an occurrence would happen.

The bereaved parents have the sympathy of the entire neighborhood.

X-RAYS AND SMILES

Col. Hofer was here only two days, but we had a nice shower following his visit.—Harney County News.

It is a little severe on Oregon that we are the only man in it that ever prayed for anything and got it.

The Oregonian is doing splendid work on laying the foundations in its treatment of the tariff bill to have Oregon go Democratic at the next election.

Having failed in its onslaught on the power of prayer to bring rain, the Oregonian unloads the whole unprofitable contention on T. T. Geer. It is not the first time it has handed him green goods.

The Monitor Band boys will have a grand picnic and ball. The whole thing will be carried on without an appropriation from the state.

The music hall girls at Coney Island have, it is said, gone in bathing after the theatres close, without bothering about bathing suits. Well, according to reports from those summer resorts, they don't have to take off much but their hair-ribbons.

With Bing cherries selling in Seattle for 25 cents a pound, it seems quite possible that some one is getting an unholy rake-off between producer and consumer.

The dispatches yesterday told of a man coming from Alaska to Seattle to marry a girl who came from Pittsburgh. The story says, "they traveled far to end romance." True, isn't it, but then the end of romance is sometimes the beginning of wisdom.

"THREE WEEKS" TONIGHT

Elinor Glyn's Great Play With Fine Cast and Beautiful Scenery Will Be Here Tonight.

Elinor Glyn's dramatization of her own heart story "Three Weeks" will be presented at the Grand Opera House tonight with a great cast of Metropolitan players headed by the famous Beryl Hope and Harry C. Browne and with a wealth of beautiful scenery and effects. The Western Christian Advocate referring to this book, said: "The power and beauty of its descriptions and the pathos of its scenes are undeniable." Thousands of other wholesome minds have found a veritable mine of moral thought and suggestion in this story and utterly confuted the vulgar minds who have endeavored to deny them. Miss Glyn has made a powerful love tragedy out of her book which enlists the sympathy from the very beginning until the final curtain falls on the unfortunate queen's death.
