Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has yawning, distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular menstrual periods, with or without pelvic pain, is suffering from weakness and derangements that should have early attention.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in these cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong, positive, permanent effect on the delicate female system as this.

Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system, and especially the pelvic organs. When these are deranged in function or affected by disease the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and secretly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Most of the congressmen being safely aboard the train, having secured a seat, naturally object to being told to stand on the platform.

Every dollar you spend in Salem you may have another chance at. When it goes to Chicago, like a lost umbrella, it is gone forever.

Senator Gore, of Oklahoma, is blind, but he seems to be able to see more clearly the difference between wrong and right than most of his colleagues.

The dispatches yesterday stated that Colonel Roosevelt was busily engaged in shooting words on his typewriter—some of the largest seen in Africa in many years.

Charles R. Crane, recently named as minister to China, is said to be very wealthy. That is the only class that can afford to take the job of foreign minister in these days of tinsel and show.

Senator McEnery, of Louisville, is a Democrat, but when it came to reducing the tariff on sugar he weakened. Being from the Bourbon section, he took the tariff with "a little sugar in his'n."

Before getting too glad over the change in the tariff, find out what it hits. The reduction on hides is what Armour wants, because he controls the Argentine hide market, and it is that much saved—for him.

There is said to be more than a million dollars in face value, of counterfeit currency in the United States. So long as no one discovers that it is counterfeit, why isn't it just as good as any other money? What is money, anyway?

Some fanatics want the clocks set ahead an hour, for a certain portion of the year, so they will have more daylight. Can't the blamed fools get up when the clocks strike six, just as easily as if it struck seven?

Professor Todd is going to go up in a balloon five miles, in order to see if he can discover any inhabitants in Mars. He ought to be successful, for with five miles the best of it he will only be about 34,999,995 miles away.

The Indians in South Dakota have gone into politics, and in one county elected an entire ticket of Indians, except two white men, and these they endorsed. Lo, the poor Indian, seems to be hitting the high places, raising the dence and playing the game.

The unco good and slat-fingered modest, of San Francisco, have been shocked by women lying on the grass in the public parks. Now a woman who rests there must sit up as straight as if she had swallowed a ramrod, that stuck in her throat like McBeth's amen. In other words, if she lingers, she mustn't show her lingerie.

John W. Guy, who lives at Metta Station, is not true to name, as he is far from being a guy. He is 75 years old and has a family of 30 children, 21 of which are living. The oldest is 52 and the youngest two years old. His last wife, who was only 16 years of age when he married her, has added five children to the family, and the returns are probably not all in. Eighteen of his children are married, and he has to use a family directory to keep track of them all. One of Mr. Guy's sons by his first marriage married a sister of his present wife, and a daughter of his second wife married a brother of his present wife. The family relationships are somewhat complicated, and the horse editor hasn't time to figure it for you.

From the number of jokers found in the present tariff bill it looks as though somebody had been stuffing the deck.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for anyone it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio.

means that man and wife have lived to a good old age; and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. It stopped the hemorrhages and pains in my lungs, and they are now as sound as a bullet." bullet. J. C. Perry.
