 Daily, by mail, per year.....4.00 Per month.....35c
 Weekly, by mail, per year.....7.00 Six months.....30c

GREAT PARK CAMPAIGN FOR REST OF THE WEEK

There is a big park boosting program on for the rest of the week. A large ladies committee has been formed and Saturday will be tag day, when scores of little girls and big girls will pin badges on the voters to remind them of their duty on Monday. In a number of the churches there will be reference made to the value of parks from a moral standpoint. An executive committee of the ladies of South Salem has been formed, composed of Mrs. H. S. Poisal, Mrs. A. Vass and Mrs. G. F. Quaintance, who will enlist ladies all over the city. This afternoon at 2 o'clock the ladies named met all the young ladies and little girls who will work for a park at the Board of Trade rooms.

BIG SUNDAY MEETING.

The Salem Military band has been engaged for a concert Sunday afternoon, when some of the most prominent citizens will make addresses in advocacy of the park on Fairmount Heights. Miss Magers is arranging a chorus for that occasion. There will be the largest demonstration on the site of the proposed park ever seen in the city. There will be special street car service required to carry the crowds.

POLK COUNTY PAPER THROWS A POLITICAL BOMBSHELL INTO CAMP

Following editorial has created a great deal of comment in First Congressional district politics. It is from the pen of Carey Hayter, one of the ablest Republican country editors in the state:

(Editorial in Dallas Observer.)
 "The political atmosphere of the state seems to be charged with the new ambition of Congressman W. C. Hawley of the First congressional district, who, it is claimed by his friends, is very anxious to succeed himself in his present position in order to maintain sufficient prestige to warrant his election to the United States senate in 1912, to succeed Oregon's senior senator, Jonathan Bourne. Friends of Mr. Hawley claim that his record in congress entitles him to re-election and that the opportunities for ingratiating himself with his constituency during the next two years will make him an invincible candidate for the senatorial toga, which he modestly confides he is well qualified to accept, while defeat for re-election next year would ruin his chances to represent Oregon in the upper branch of the national legislature. Congressman Hawley is an ambitious man, and it is certain that he will overlook no opportunity to advance his political fortunes. It is also easy to see where the claims of his friends are entirely within the range of possibilities. Mr. Hawley

has many influential friends throughout his district, and already a number of the leading newspapers of western Oregon have declared themselves in favor of his re-election. With a triumphant re-election to his present position a year from next November, he would prove a formidable candidate should he decide to enter the senatorial race in 1912, and judging from the active boosting being done by his friends and supporters at the present time, it would seem altogether probable that such is his present intention. However, the scheme of Mr. Hawley and his friends may not meet with the favor that is anticipated, for it is very probable that other ambitious statesmen and their friends will think it an inopportune time for Mr. Hawley to butt into the senatorial game. It will therefore not be surprising if Mr. Hawley's campaign in 1910 shall be seriously handicapped by his lofty ambitions for the near future."

This newspaper is not authorized to speak for Congressman Hawley, but he would probably be satisfied to be returned to congress without having that taken as any announcement of his ambition to go to the United States senate. He knows the people of Oregon pretty well, and they are a people peculiarly jealous of any one man having too many accretions of political power.

CLEVELAND RECORDS ANOTHER EARTHQUAKE

(United Press Leased Wire.)
 Cleveland, O., July 30.—Earthquake tremors lasting nearly an hour and a half were registered this morning by the instruments at St. Ignace college. It is estimated that the shocks occurred within a radius of from 2000 to 5000 miles from Cleveland.

The tremors began at 4:55 o'clock this morning and ended at 6:25 a. m. The disturbance was most severe between 5:05 o'clock and 5:35 o'clock, and was at its worst between 5:12 o'clock and 5:20 o'clock.

HE ORDERED CHERRIES AND A NEW DEPOT

Julius Kruttschnitt, the mogul of the Southern Pacific, passed through the city yesterday afternoon, going south on a tour of inspection. He very thoughtfully telegraphed ahead and ordered a crate of Salem's big, luscious cherries sent to the depot for him, from which it is presumed that he knows a good thing when he sees it and purposes combining pleasure with business on the trip. Among other things doing on the S. P. he stated that the long-deferred freight depot was now ripe and ready to pick, and that work on it would be commenced in the very near future.

Everyone would be benefited by taking Foley's Orina Laxative for the stomach and liver trouble and habitual constipation. It sweetens the stomach and breath, gently stimulates the liver and regulate the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orina Laxative today. J. C. Perry.

Children Cry FOR FLETCHER'S CASTORIA

X-RAYS AND SMILES

Judge Galloway saw a whale captured near Juneau on his Alaska trip, and now he should be able to throw the harpoon gracefully into some of the obstreperous lawyers.

Major J. O. Hutchinson has traveled around the world 25 times, and after all has only reached the place he started from.

Judge Lowell objects to Oregon college professors receiving pensions from Carnegie, "because the money was wrung from the people." Well, here's chance to get a little of it back, and the only trouble is that Oregon can't "wing him" some more.

Jerome, of New York, should form a partnership with Heney. It is really a pity to spoil both coasts with them.

Seattle wants an aeroplane race—forgetful that there is a hot air contest on there now between the Associated Press and the United Press.

It is to be hoped Thaw will be turned loose, at least long enough to knock Evelyn in the head, thrash Jerome, and shoot a few dozen allists.

Fashion decrees hipless gowns for women. Now if it will insist on gunless hip pockets for men, it will for once be sensible.

The Republican conferees today opened their hearts and showed their Democratic brethren what they had agreed upon.

Mrs. John Cruikshank-Scott captured a burglar in Seattle yesterday morning. Whether it was the revolver or that hyphenated name that made him weaken will probably never be known.

From Jerome's antics in examining Thaw, he is the one that should be in the insane asylum.

The Western senators have agreed to submit to Tatt's demand for not to

exceed \$1.25 a thousand on lumber. As they couldn't do anything else, their action shows wisdom.

The Standard Oil Company's profits yearly are said to be sixty million dollars. They would be larger if they did not spend so much for attorneys, and smaller if it paid its fines.

The Standard Oil's motto is "Millions for defense, but not a cent for fines."

If laboring people do not assert their rights to have parks by merely voting for them, but wait for Carnegie and other millionaires to hand them something out of their robberies, they do not deserve public parks. Every laboring man in Salem should vote for Fairmount park Monday.

Rev. Robinson is said to be opposed to this city having any more parks. He is opposed to any one having any fun in this world and only a few to have any in the next, and he to name them.

You will vote Monday to chop down that beautiful grove on Fairmount Heights or to leave it stand for all future generations.

Slab wood is cheap! Why vote Monday to desecrate our fireplaces with those noble fir trees on Fairmount Heights? You may enjoy sitting by that kind of a fire but your children will not.

President Helps Orphans.
 Hundreds of orphans have been helped by the President of The Industrial and Orphans' Home at Macon, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for Stomach Liver and Kidney troubles. We regard it as one of the best family medicine son earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal. Best for female complaints. Only 50c at J. C. Perry.

GAVE WIFE 60 CENTS IN SIXTY DAYS

Aberdeen, Wash., July 30.—Edward Lowe, Jr., son of Edward Lowe, a millionaire of Grand Rapids,

Mich., is under arrest here today on the charge of wife desertion. Lowe and his wife came to Aberdeen about a year ago, and have since made their home here.

Lowe met the woman, who was formerly an artists' model in New York, and the marriage which followed was opposed by Lowe. Mrs. Lowe made the statement today that she had been offered large sums of money by the father of her husband provided she would apply for a divorce and resume her maiden name. The affair has created a sensation here, where the couple moved in the best society.

Lowe was arrested last night and lodged in the county jail. The wife says that Lowe has given her but 60 cents in 60 days, and that she is destitute.

Hay's Hair Health

Never Fails to Restore Gray Hair to its Natural Color and Beauty.

No matter how long it has been gray or faded. Promotes a luxuriant growth of healthy hair. Stops its falling out, and positively removes Dandruff. Keeps hair soft and glossy. Refuse all substitutes. 2 1/2 times as much in \$1.00 as 50c. size. Is Not a Dye. \$1 and 50c. bottles, at druggists. Send 2c for free book "The Care of the Hair." Philo Hay Spec. Co., Newark, N. J.

Hay's Hairina Soap cures Pimples, red, rough and chapped hands, and all skin diseases. Keeps skin fine and soft. 25c. druggists. Send 2c for free book "The Care of the Skin."

MAP SHOWING BOUNDARIES OF THE PROPOSED FAIRMOUNT PARK TO BE PURCHASED BY THE CITY OF SALEM.

Fairmount Park will include the grove of big trees which is used for popular picnic grounds by the churches, Sunday schools, lodges and societies. The total acreage is between thirty and forty, and with the big concrete reservoir of the water company that will be acquired by the city when mountain water is brought to the Capital City, will make one of the finest public pleasure grounds in the state.

BUY A PARK WHILE LAND IS CHEAP.

On Monday, August 2nd, this city will hold a special election to issue \$65,000 of refunding bonds to take the place of some city bonds that mature at that time. At the same time will be submitted the question whether this city shall acquire a tract of land known as Fairmount Hill, of about thirty acres, for the purpose of making that beautiful wooded height a public park.

The option of the city at present prices expires on August 3d, and that magnificent grove of noble firs will be doomed to destruction as sure as we let this opportunity pass to acquire that land for a park.

There is not another similar natural park site left as close into the city as Fairmount Park will be. The land consists of four blocks offered the city by Rev. H. B. Elworthy (48 lots) and three blocks by J. M. Brown of Silverton (36 lots) at the nominal price of about \$200 per lot, or \$17,000 for the whole tract, including fourteen acres owned by Elworthy on the hillside, which carries the park site down to the county road on the west.

Not counting the 14 acres not plotted, the lots offered the city are all of them worth from \$250 to \$300 each, and are actually selling for those prices. This property for park purposes cannot again be secured for this price at any time in the future. The reservoir site of a block and a half is completely surrounded by a tier of blocks that are now offered the city, and when the water plant becomes city property that reservoir, costing as much as the city will pay for the whole park, will be the center of the park.

Will you not help us to give Salem the first public park, a playground for the children, a picnic ground for everybody, and a spot of wonderful natural beauty that will always be an advertisement of the public spirit and enterprise of the Capital City of Oregon?
