

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you are hither or had fast in the morning, poor appetite, constipated bowels, foul breath, constipated or irregular bowels, feel weak, easily tired, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, or "rising" or "rising" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or more surely than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver, biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to it until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a genuine extract of native medicinal roots with a full list of its ingredients printed on each bottle wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised. Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

X-RAYS AND SMILES

Judge Galloway, who is visiting Alaska, has evidently laid aside all judicial worries, as the following bit of pathetic poetry, with which he concludes a letter written on ship board to the News-Reporter, indicates. The judge, however, is not the author:

"She was leaning o'er the rail
And was looking deathly pale;
Was she looking for a whale?
Not at all.
She was papa's only daughter
Casting bread upon the water,
In a way she hadn't oughter.
That was all."

One gets an idea of the vastness of Uncle Sam's domain by the study of the things consumed in it. Canary birdseed imported for the little yellow songsters costs \$7,500,000 yearly, and with the cost of canaries, food for them, etc., the American people pay about \$25,000,000 for the lemon-colored nuisances.

When someone else started to build a road up the Deschutes, Hariman found out with remarkable celerity that he was crazy to build a road on that same river. He is fighting now to get what he has been begged to take.

Rev. Stillman, of the Central Congregational church, says there were a great many ministers in his family, but his father don't happen to have been a minister, and he feels that he has that much of a start.

The Medford Tribune speaks of the Deschutes railroad running thru a barren country. As a matter of fact there is a fine farming country on each side of the Deschutes as far as the railroad follows it.

Jackasses braying keep Medford's citizens awake at nights. The Tribune says there are ten of these musicians in that city and the band has a leader, as when one sings the others join in the chorus.

There is one thing the colored brother does well, and that is, gamble. He doesn't waste his time and money both, and will bet the clothes he wears, if he has the notion to bet at all.

The Oregonian ought to feel easy. Both Benson and Hofer have told the public that they are not chasing the office of governor. Why not take life easy now, Brer Harvey?

If Jeffries whips Johnson at any time during the coming winter there will be a good many "colored gentlemen" facing the wintry blasts in light and airy costumes.

be crazy, but he shows indications of the disease that saved Thaw from the chair—"dementia Americana."

One good thing about the Hariman-Hill railroad row is that a great many people will learn how to spell that word "Deschutes."

The A.-Y.-P. unveiled a bust of Jim Hill today, and at the same time Hariman was trying to "bust" him on the Deschutes.

SEND HER HOME TO IRELAND

Orangemen Raise Funds to Return Ella Gingles of White Slave Fame to Her Home.

Chicago, Aug. 3.—Funds for the return of Ella Gingles, the pretty lacemaker who was recently accused of theft, and who in turn made sensational charges that certain persons here were endeavoring to compel her to become a "white slave," were completed today. The money was collected by the Orangemen of Chicago and arrangements have been made for Miss Gingles to start for her home in Ireland this evening.

In addition to getting her a ticket to Larne, her home, the Orangemen paid all her bills and gave her \$100 besides. They tendered her a farewell reception last night at Hapkins hall.

Miss Gingles will be accompanied by Miss Grace Vandusen Cooke, whose expenses also will be paid. Miss Gingles said that her mother could not understand why her alleged tormentors were not punished and Miss Cooke is relied upon to make the necessary explanation.

LOCK STOPS ALL CITY BUSINESS

Ellensburg, Wash., Aug. 3.—With every important paper used in the transaction of city official business locked in the big four-ton steel safe in the city clerk's office, the combination refuses to work and as a consequence business in the office is today at a standstill. The city council was unable to transact any of its monthly business at the meeting last night. The books and bills of the electric light collector also are in the safe and work in that department is being held up. Likewise the monthly payrolls and warrants are inaccessible.

Every effort so far to open the safe has been unavailing and it is probable that the services of a "gentleman crackman" will be sought to effect an entrance.

THE TALE OF A SHIRT ABOUT ITS BOSOM

San Francisco, Aug. 3.—A shirt front of celluloid, a strong pipe, strong wind, explosion, and then the hospital for Frank Anderson, of Emeryville. Such in brief is the history of a dickey worn by Anderson when he stepped on a Market-street car last night bound for the amusement ground on Rue de Fillmore.

Immaculate, his shirt front glinted white, the owner of the dickey stood, gloves in hand, on the rear platform. Beside him lounged a bearded Irishman sucking hard on the abbreviated stem of a black clay pipe.

Then the wind began to blow, likewise the sparks from the burning tobacco. They lodged against the shirt front. The wind blew horizontally and the shirt blew up; that is, its bosom did. The wearer was slightly burned and was treated at the hospital, after which he "beat it" for the nearest haberdashers, where he demanded first aid for the injured.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Cured Hay Fever and Summer Cold A. S. Nusbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." For sale by J. C. Perry.
