HURT IN AN AUTO COLLISION

Machines Meet Head on While Going at Top Speed, and Are Badly Wrecked.

SIX PERSONS HURT

FRED T. MERRILL, EX-COUNCILMAN OF PORTLAND, HAS CONCUSSION OF BRAIN—A. BRADY, CHAUFFEUR, A FRACTURED SKULL.

Portland, Aug. 5.—Six persons injured, two of whom probably fatally hurt, are in local hospitals today following a head-on automobile collision shortly after midnight on the base line road near the Twelve-mile house, this city.

The injured: A. Brady, chauffeur, fractured skull, internal injuries; may die. Fred T. Merrill, proprietor Twelve-mile house, concussion of the brain; internal injuries. M. Maguire, son of the proprietor of the Bakeronian theatre, cut and bruised. Mr. and Mrs. Haley, Portland, sprained ankles.

T. Bilyou, automobile manufacturer, cut by glass. Several other occupants of the machines were slightly injured. The machines were going at top speed when they met. One was a Thomas flyer driven by W. M. Taylor and containing the Haleys, two women and two men. The other car was an Oldsmobile occupied by Brady, Merrill, Bilyou and Maguire. The machines were bent and splintered by the impact of their meeting, but it was said today that they may be repaired and made serviceable. It is said that the chauffeur of the Thomas car afterward admitted that he was to blame for the accident for driving on the wrong side of the road.

FINDS HIS AFFINITY BY CORRESPONDENCE

(United Press Leased Wire.) Oregon City, Or., Aug. 5.—Affinity mating as an adjunct to ministerial work of consoling the bereaved and rejoicing with the blithesome, has gained considerable fame today for the Rev. Dr. Ferris of Sheridan, who successfully engineered a love match recently through the medium of the United States mails. Dr. Ferris became convinced that Mary E. Davis of Mount Carmel, Pa., would be an ideal mate for his friend, the Rev. John L. Jones, of Clackamas. He arranged for correspondence between them and was rewarded when Miss Davis stepped from a train at Portland to meet the Rev. Mr. Jones for the first time. The "correspondence school" lovers were married shortly afterward by Dr. Ferris and then left for Clackamas, where the bride promises to be a favorite with her husband's congregation.

PRESIDENT SIGNS THE TARIFF BILL

It Becomes a Law Tomorrow, Twenty-four Hours From the Minute of Its Signing.

INSURGENTS SORE

SENATORS CUMMINS AND DOLLIVER FOUGHT IT TO LAST MINUTE, DECLARING IT WAS NOT FULFILLMENT OF THE PARTY PRE-ELECTION PLEDGES.

(United Press Leased Wire.) Washington, Aug. 5.—Speaker Cannon signed the tariff bill at 4:15 o'clock this afternoon. President Taft has gone to the capitol to sign the bill as soon as it can be placed in his hands.

After the house passed the concurrent resolution changing the leather schedule, Senator Hale moved that a committee of two senators be appointed to notify the president that congress was ready to adjourn. Aldrich and Daniel were named for this duty.

The resolution had passed the house by a viva voce vote at 4:05 p. m., there being about six noses in contrast with roaring eyes. Speaker Cannon immediately signed the bill.

Washington, Aug. 5.—When President Taft affixed his official signature to the new Aldrich-Payne tariff closed the incident which has held the country in more or less suspense since he entered upon his term as chief executive on March 4.

The measure as it is finally adopted, approved and enacted into a law does not receive the whole approval of President Taft, it is understood, but is looked upon by him as an improvement over the previous measure bill at 5:09 o'clock this afternoon and as much as could be obtained at this time, under present conditions in the house of representatives and the senate, in the way of downward revision.

The insurgents led by Senators Cummins and Dolliver fought the bill to the last ditch, declaring that it was not a fulfillment of the pledges given to the people by the republican party at the time of the election last fall. Senator Aldrich and Representative Payne and others of the so-called regulars, who had the chief voice in the formation of the bill, are pleased with the result.

Senators and representatives held here far into the hot season have packed their trunks in advance, and it is expected that Washington will see tonight the swiftest exit of congressmen on record.

Washington, Aug. 5.—The conference report on the urgent deficiency appropriation bill was passed by the senate today without debate and it now goes to President Taft.

Senator Clark of Wyoming announced that he agreed to the bill only because he understood the question of provision for the customs court had been postponed.

Senator Flint of California opened the last day's debate on the tariff by making an effort to prove that there has been no increase and some decrease in the tariff on the articles worn and used by the average man and woman.

Dolliver of Iowa announced that he would vote against the conference report on the bill because he did not like the method employed in its preparation.

He declared that he "did not propose to become a party to a plan to swindle the American people without telling them about it."

Dolliver made a number of caustic references to the manner in which the leaders have handled the bill and asserted that an increase had been

THE SUTTON TRIAL IS RESUMED

Lieutenant Utley Takes Stand But Is Evidently Not Telling All That He Knows.

SUTTON STARTED IT

UTLEY SAYS SUTTON STRUCK OSTERMAN FROM BEHIND—WHEN SUTTON AND OSTERMAN QUIT SUTTON WENT AFTER HIS GUN, SWEARING TO KILL THEM ALL.

(United Press Leased Wire.) Annapolis, Aug. 5.—The investigation into the death of Lieutenant Sutton was resumed today. After the reading of the record for the last nine days, Lieutenant Utley, whose testimony was expected to throw new light on the case, was called to the stand.

The early portions of Utley's testimony was the same as that given by others regarding the beginning of the automobile ride. He said that he and the others with him were asked by Sutton to take a drink with him at a hotel bar where they were about midnight, but that they declined.

He said that he remembered hearing a dispute in the automobile on the way to the bridge between Adams and Sutton and then he saw them leave the car and fight.

The witness said that he advised that the fight be postponed, but that some one said they had better settle the matter then and here. That decision seemed to prevail.

Utley described the beginning of the Sutton-Osterman fight and said that Sutton struck Osterman from behind. He said that he and Adams separated them, so that Osterman could prepare to defend himself.

Utley said after Sutton and Osterman had finished fighting that Sutton ran toward the camp declaring that he would kill them all before daylight, and as he left he called them vile names.

Testifying further, Utley stated that he then saw Sutton in his tent pointing a revolver at Roelker. He related next that Sutton started from the camp and Roelker placed his hand against his breast and fell forward. Adams cried that he was shot.

Then Utley testified that he ran to the scene and saw Sutton and Adams struggling. He said that he noticed a movement of Sutton's arm, a flash, followed by the sound of a shot, and Sutton's body began to quiver. He said he was sure that Sutton killed himself.

FILIPINO SAILORS GO ON A STRIKE

(United Press Leased Wire.) San Francisco, Aug. 5.—With the twenty-two Filipinos, members of the crew of the cable-ship Burnside, on strike, claiming that their supply of sugar for coffee has been stunted, the work of fortifying this harbor is at a standstill today. The Burnside has been in port laying cables between Point Baker and Point Crowa.

TO RELIEVE TROOPS NOW IN HONOLULU

(United Press Leased Wire.) Vallejo, Cal., Aug. 5.—A detachment of 206 marines under the command of Captain Samuel Patterson left the Mare Island barracks this morning to embark on the transport Sheridan. The detachment is bound for Honolulu, where the short term troops on duty will be relieved by the marines.

CHARGED A DOLLAR FOR HIS SERVICES

(United Press Leased Wire.) Vallejo, Cal., Aug. 5.—Theodore Bell, state democratic leader, has forwarded a receipted bill for \$1 to the Napa county board of supervisors for his services in forcing corporations within the county to pay higher taxes than they have been doing heretofore.

Since Bell has taken hold of the tax rolls nearly \$500,000 worth of taxable property has been added to the county's roll.

Bell was to receive 25 per cent of the raises in taxes he effected. During his campaign he was criticized by the heads of corporations that Bell investigated, and the \$1 is an answer to the charge that he was working merely for his own gain.

SENDING COAL FOR THE BATTLESHIPS

(United Press Leased Wire.) Honolulu, Aug. 5.—Information was received here today that the Arizona, with 10,000 tons of coal, has sailed from New York for Honolulu. The coal will be used to fill the bunkers of the Pacific fleet which is expected to arrive here this autumn for maneuvers. The coal will be stored in the navy yard here. Already preparations are being made for the reception of the fleet.

ROBBER KILLED BY POSSE

Kills One and Wounds Three Others, But Is Himself Killed by Volley from Pursuers.

(United Press Leased Wire.) St. Paul, Minn., Aug. 5.—After holding a posse at bay for three hours, killing one man, fatally wounding one, seriously wounding two others, Henry Paul, who robbed the First National bank at White Bear this morning was shot and killed by the officers.

Ed Larson, a member of the posse, was approaching the robber when a bullet killed him almost instantly. William Butler, who was with Larson, also was shot down and it is not believed that he can recover.

The battle between the robber and the posse was one of the most thrilling on record.

Paul entered the bank this morning and succeeded in getting \$600 from the safe. The robbery was quickly discovered and a posse set out in pursuit of him.

The officers and citizens followed the robber to the shore of White Bear lake, where he was surrounded. He placed himself in a position protected from behind and returned the fire of the posse.

The firing was constant for some time, the robber having been supplied with a large amount of ammunition. Every time a member of the posse came within sight and range he fired. The posse had difficulty locating him and it was not until Larson had been killed and Butler fatally wounded that they were able to fire upon him with certainty.

Paul evidently had made up his mind not to be taken alive and it was clear to the leaders of the posse that he would fight to the death. After his position was discovered a volley fired from half a dozen guns ended his resistance, and when found he was dead.

Paul entered the bank under the pretense of presenting a check for payment. After he got in the bank he drew two revolvers and "covered" the cashier. Holding the employees of the bank at the point of his revolvers he took \$600 from the safe and made his escape. He had a horse nearby and got away quickly, but the posse started after him within a very few minutes.

BODIES WASHING ASHORE

The Steamship Maori Wrecked Near Capetown, Africa, Some Time Wednesday Night.

MANY LIVES LOST

STEAMSHIP WARATAH ON TRIP FROM DURBAN, THAT SHOULD TAKE TWO DAYS, NINE DAYS OVERDUE—CARRIED 300 PASSENGERS.

(United Press Leased Wire.) Capetown, Cape Colony, South Africa, Aug. 5.—Ten bodies have washed ashore and ten survivors have reached the land in a lifeboat from the English steamship Maori, which went down near here last night.

The Maori, enroute here from New Zealand, carried many passengers, though the exact number is not known.

An unknown number escaped in lifeboats. Searching parties are at work all along the shore, seeking tract of survivors or bodies.

Nine Days Overdue

Cape Town, Aug. 5.—Two warships left here today to search for the steamship Waratah, with 300 passengers, which is nine days overdue on her trip from Durban to Cape Town.

The trip requires but two days. It is considered almost certain that the ship was lost in a cyclone which swept the coast on her second day out.

LOS ANGELES WILL ABSORB WILMINGTON

Los Angeles, Aug. 5.—By a vote of approximately two to one in Wilmington and by a majority of more than 13,000 in this city, the consolidation of Los Angeles and the seaside city was assured at the polls yesterday.

A similar election for the purpose of joining San Pedro with Great Los Angeles is called for August 12. The consolidation enthusiasts here apparently are confident that this election will result as did yesterday's giving this city the harbor that has been the object of its interest for many years.

The territory annexed gives Los Angeles an outlet to the ocean at Wilmington, with which it is connected by a shoestring strip less than two miles long. Plans for extensive harbor improvements already are under way.

REAR ADMIRAL SCHLEY TAKEN TO HOSPITAL

New York, Aug. 5.—Rear Admiral Winfield Scott Schley, hero of the naval battle of Santiago, today lies in the St. Luke's hospital suffering from a severe attack of bronchitis. Schley was taken ill while visiting his daughter at Mamaroneck about two weeks ago and was removed to the hospital when it became apparent that the attack was serious. It was announced today that he is much improved and soon will be able to leave the hospital. Mrs. Schley and the admiral's son, Dr. W. S. Schley, have been with him during his illness.

FOUND THE YOUNGSTER IN THE UNDERGROWTH

Portland, Or., Aug. 5.—Mystery surrounding the disappearance of the 3-year-old grandson of Mrs. Harry B. Smith was cleared up today when detectives found the baby in an undergrowth near his home this morning. The child was tanned and dirty, but was not injured and although hungry was none the worse for his misadventure. The child wandered away two nights ago.

AUGUST CLEAN UP SALE AT THE BIG CHICAGO STORE

Remember that during this month we figure on no profits. It is just a matter of disposing of the stock. So here goes for the balance of this month for a mighty Clearing Sale.

- August Clean Up Sale in Ladies' Suits Cloaks Shirt Waists and Underwear**
- Ladies' 25c Tan Hosiery, now pair 12 1/2c
 - 65c full size Bleached Sheets 39c
 - 15c full size Pillow Cases 8 1-3c
 - Calicoes, Lawns and Dimities, yard 4c
