## A BIG CELEBRATION AND MONSTER PARADE IN SALEM TOMORROW

### Head Camp Officers to Be Guests of City Are Hon. I. I. Boak, Head Consul; W. C. Hawley, T. M. Robinson, Jas. Steinhouse, John Pattison, F. P. Hawke, P. E. Snodgrass and F. B. Tichenor—W. O. W.'s Great Day.

Woodmen of the World plan a rousing celebration and grand rally in this city August 6, when over 2000 Woodmen will be here and a large number of head camp officers.

The Woodmen of the World ranks among the best great fraternal orders in existence today and its membership being loyal to their chosen craft, it is expected this great celebration will be one long to be remembered by the public in general as well as the members of the order. One feature that prompted these distinguished visitors to make this visit to our city is that it is the home of Hon. W. C. Hawley, who is chairman of the board of head managers.

This being the busy time of the year and the Cherry Fair being an event of the past, and fearing that a long spell of inactivity might prove detrimental to our enterprising city, especially at a time when there are so many eastern people arriving, it was decided to hold a Woodmen of the World rally on the 6th day of August.

Hon. W. H. King, district manager of the order assisted by a committee of Salem camp No. 118, composed of Geo. O. Savage, H. H. Turner, A. L. Harvey, G. D. Donaldson and O. L. Darling, has secured a visit to Salem of the head consul, I. I. Boak, and the members of the board of head managers and other associate head camp officers. The committee will spare no expense to make this event a roaring success. A gigantic parade has been planned where more than 2000 members of perfected woodcraft will be in line amid the glare of red fire and Roman candles and other appropriate fireworks. The main program will take place in the grove in Marion Square near the corner of Commercial and Marion streets, as it would be almost impossible to obtain a building large enough to accommodate the immense crowd that will be in attendance.

A band has been procured for the occasion, as well as a number of other musical numbers for the program. There will be 100 candidates appear in the parade, which, after the speaking in Marion Square, will march to the lodge hall, where the trembling neophyte will be introduced into the mysteries of perfected woodcraft, after which a sumptuous banquet will be given by the Salem Silver Bell Circle, women of Woodcraft, the auxiliary of the Woodmen of the World.

An exceedingly large crowd is expected to be in Salem on that day as the members of the order and their friends from 30 different cities surrounding Salem will attend, a very low rate having been secured upon all roads leading into Salem.

Following is a brief history of the founding of the order: Nineteen years ago on the 19th of June, P. A. Falkenburg with his commission as head consul of the Pacific Jurisdiction issued to him by the organizing convention of the sovereign camp, commenced work by memorializing the camps that had been organized by the Modern Woodmen of America in the state of Colorado. At that time there was not a single member of the

Woodmen of the World in the western states, but there were 30 camps of the Modern Woodmen of America in Colorado, with a membership of about 1600. Head Consul Falkenburg invited these 30 camps to take a vote on the 28th day of June, 1890, as to whether or not they would withdraw from the Modern Woodmen of America and become the nucleus of the Pacific Jurisdiction of the Woodmen of the World. They decided to cast their lot with the Pacific Jurisdiction then being organized and thus commenced an order that stands today the giant of the west.

In 1903 Head Consul Falkenburg died in California shortly after the Los Angeles head camp session, after which Head Clerk I. I. Boak was elected head consul, which office he still holds.

The Woodmen of the World is divided into three jurisdictions. The Sovereign, Pacific and Canadian, with a total membership of 740,000, which is made up of the very best men of good moral reputation and standing.

J. J. BOAK  
Head Consul Woodmen of the World

as their constitution prohibits the membership of men of bad character and who are engaged in disreputable or unlawful vocations.

The Pacific Jurisdiction has now a membership of 106,000, making it the largest fraternal benefit order in the west. It is the original reserve plan order, having \$2,700,000 in the reserve fund, all invested in municipal securities, mostly in the Pacific states, over \$100,000 being invested in this part of the Willamette valley. The reserve fund invested brings the order a yearly income of \$120,000 in simple interest, which is added to the principal yearly. It has a balance in the benefit fund of nearly \$1,000,000, which is increasing after paying off the death claims each month—about \$35,000—not one cent of this goes to pay anything but death and monument claims. The expense of management is provided for by a per capita tax.

Take everything into consideration the plan of the Woodmen of the World is conceded to be on the firmest foundation of any fraternal benefit order in existence. All the sister

orders, with very few exceptions, have or are accepting the reserve plan which is conceded to be the only way by which we can insure to our members permanent and future low rates. Their rates of assessments are the lowest that conservative and economical management can provide and be safe.

This great order is paying to the widows and orphans in the United States the enormous sum of \$11 per minute night and day, and can you think of placing such a vast sum to a better purpose? Members carry insurance to the amount of one, two and three thousand dollars, every just claim is paid promptly and without litigation, besides erecting a beautiful \$100 monument to mark the last resting place of a departed neighbor free of charge.

All sick and disabled members kept in good standing and never allowed to become delinquent.

The Woodmen of the World, through its channels of organized benevolence, is building homes for the poor and unfortunate, is paying off mortgages, feeding, clothing and educating tens of thousands of children, helping the widows and making lighter the burdens of life and old age.

Man through the instincts implanted in his breast fraternalizes naturally. It is the law of nature that like attracts like. Fraternal men are attracted to a truly fraternal order, hence the fraternal and social strength of the Woodmen of the World.

Life insurance is a mathematical problem, the science of dollars and cents applied to life expectancy.

Many plans have been tried, with the result of many failures recorded and time and experience prove that to succeed a society must have: First: Adequate assessment rates; second: a reserve or equalization fund; third, honest conservative management; fourth, a loyal and responsive membership.

The Woodmen of the World possess all of these qualities, hence its phenomenal growth and deserved popularity.

The Woodmen of the World has the largest membership of any order in Salem, being about 600. This jurisdiction is divided up into districts which are under the management of district managers. The Salem district which is under the management

of W. H. King contains 31 camps with a membership of about 2,500 members, including Canby on the north, Wendling on the south, Brownsville, Silverton and Stayton on the east, and Newport on the west.

Just a few things to remember; W. O. W., the Giant of the West; the organization that hews to the line and lets the chips fly where they will; the largest order in the state of Oregon; the largest order in Salem; the largest reserve collecting order in the world; the order that holds the world's record for big class initiations; the order that place a monument over its deceased members; the order that was first to render assistance to the sufferers at Heppner, Galveston and San Francisco; the order that decorates the graves of deceased members on the 6th of June each year; the order that unveils their monuments with a beautiful ceremony; the order that boasts of having economical and conservative management; the order that will make Salem famous on the 6th day of August, 1909.

### NEITHER OF THEM KNOW ANYTHING ABOUT IT

(United Press Leased Wire.)  
Vallejo, Cal., Aug. 5.—Replying today to the attack directed against his theories on the origin of the moon by Professor Moulton of the University of Chicago, Professor T. J. See of the Mare Island observatory declared that the Chicago astronomer was excited, as the work has upset the result of several years of research on the part of the windy city savants. See believes that the moon was captured out of space by the earth and that it is slowly being pulled toward this sphere, and out of its own orbit. Moulton scents such an idea and

### Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.  
Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back.

In a communication claimed that See was simply publishing some of Moulton's cast-off ideas on the subject. "He has the habit of starting out on some hidebound investigation and at the end of a long drawn out discussion admitting that he has reached no conclusive results," said See. "In conclusion I desire to state that my objections are not personal in any sense. Moulton has done good work but not along these lines."

### MAY SUTTON WILL NOT BE A HAM SANDWICH

Pasadena, Cal., Aug. 5.—May Sutton, premier woman tennis player of the world, today confirmed the report that her engagement to Harry B. Ham, son of George Ham, a wealthy banker of Mexico, had been declared off.

Miss Sutton appeared unwilling to discuss the details leading up to the breaking of her engagement. She stated that the arrangements for her marriage with Ham, which was to have taken place late this fall, had been stopped by mutual agreement, reached by correspondence between her and her former fiance in Mexico. "We agreed to discontinue our engagement," said Miss Sutton today, "after we had discussed matters thoroughly by letter. I have no further comment to make, other than confirming the report that the engagement is at an end."

"No," she continued, in reply to a question, "I don't know whether or not Mr. Ham will come to Pasadena; I don't see why he should, do you?" "Have the reports that Mr. Ham played the part of a gay swain in Mexico, said to have been circulated here, had anything to do with your plans?" was asked the champion. "I won't discuss that," she replied. "There is no reason why that subject should be discussed."

### MINERS' JOURNAL ATTACKS GOMPERS

Indianapolis, Ind., Aug. 5.—The United Miners' Journal today charges that Samuel Gompers president of the American Federation of Labor, was sent to Europe by the Federation, which is paying his expenses. It asserts that it and other papers have been offered weekly letters from Gompers at one dollar each. The charge that the letters were

### Health and Strength that Last

are not attained by tonics that give artificial strength by stimulation and by supplying food material. The effects of such tonics are but temporary and disappear as soon as you stop taking the tonic. On the other hand

sold to a newspaper syndicate which expects to sell them to the labor press. The Miners' Journal announces that it will not publish the Gompers letters.

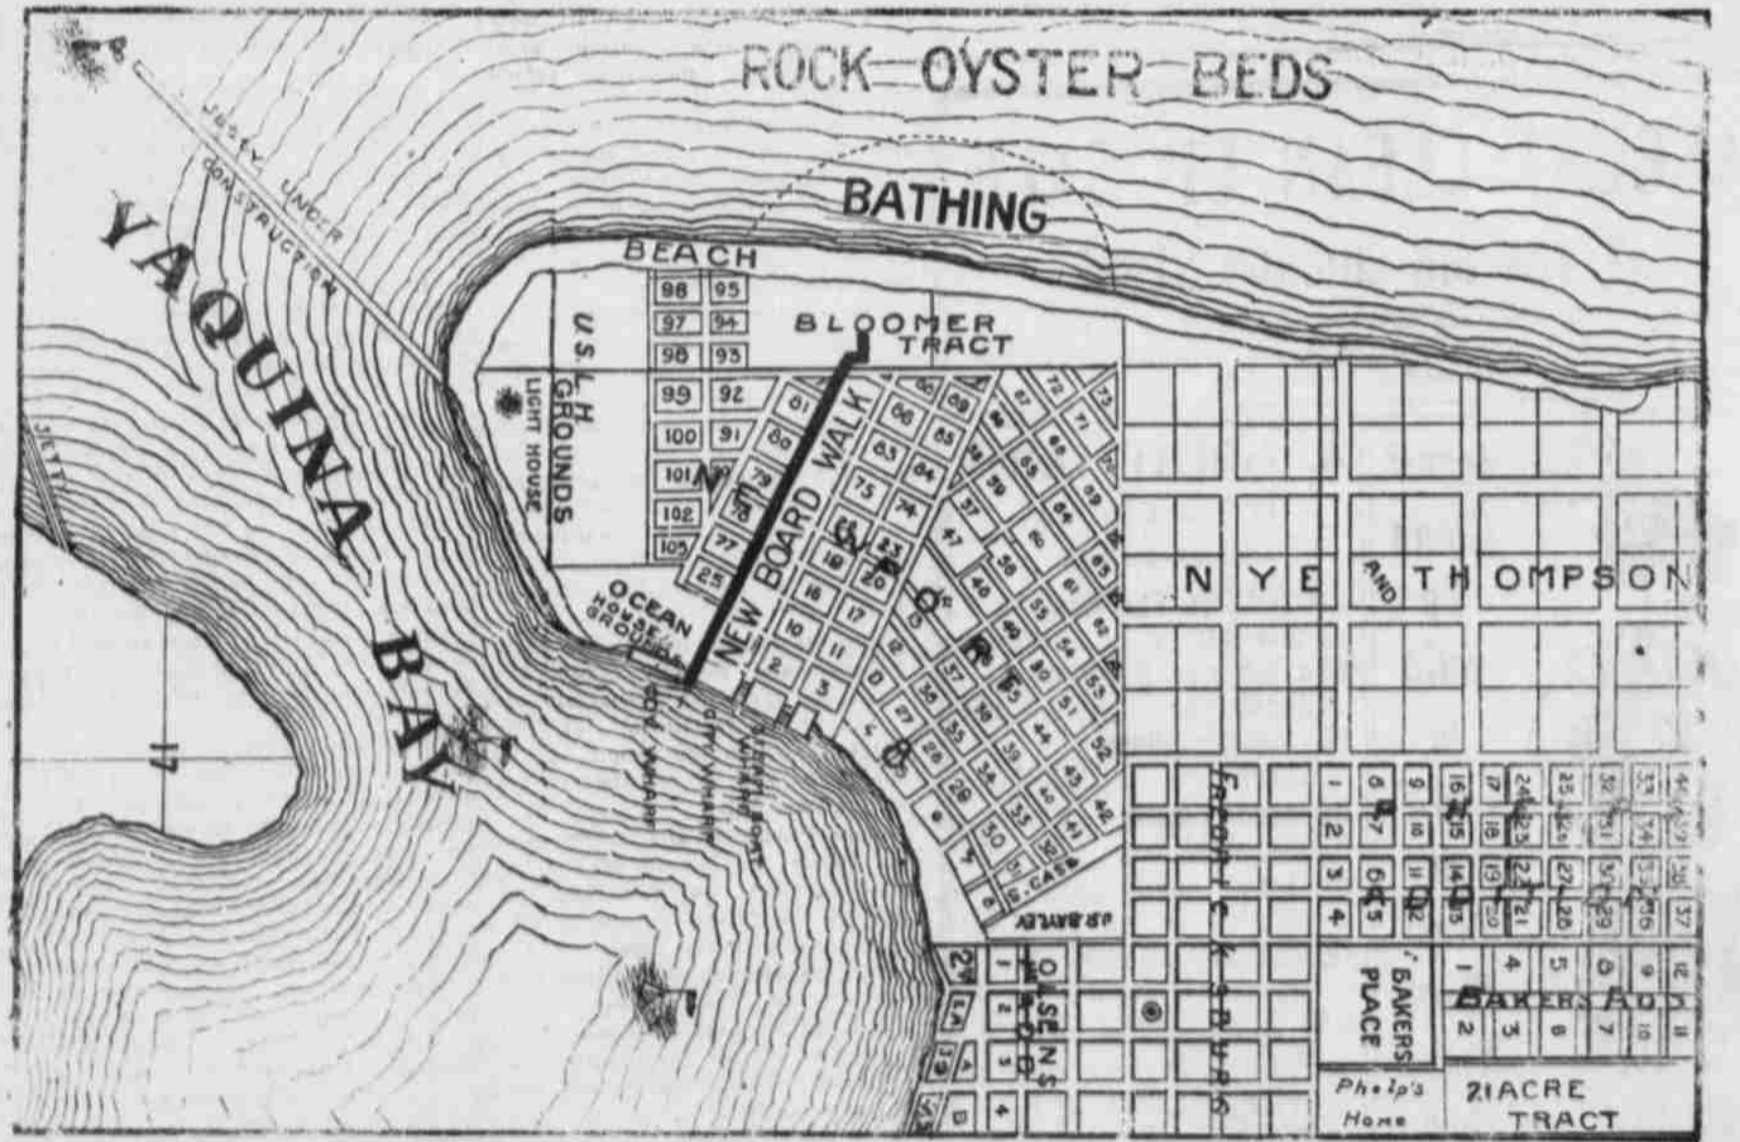

### Bids for Supplies.

Sealed bids will be received by the Board of Directors of School District No. 24, at the office of the District Clerk, for supplies for Manual Training Department, as per list on file in City Superintendent's office.

Bids to be opened at High School Saturday, August 7, 1909, at 7:30 o'clock p. m.

Board reserves right to reject any or all bids.

H. A. JOHNSON JR.  
District Clerk.

## STUDY THE ABOVE MAP

**BLOOMER'S ADDITION** to the City of Newport, Oregon, is now on the market for the first time. The tract is located about half way between Syc Creek and Newport, and consists of some 30 lots, on the rising ground directly above the ocean. Each lot is but a few steps from the beach and commands a view of the ocean or surf for miles north and south. To the north can be seen Jump Off Joe and the Yaquina Head Light. To the south the entrance to Yaquina Bay and the Lifesaving Station. The property is about a five-minute walk from the boat landing in Newport. It is reached by a new six-foot board walk, which runs in a straight line from the Ocean House Hotel in a northwest direction to the lots. This is now the most popular walk in Newport on account of its beautiful surroundings and magnificent view of the Pacific when the end is reached at **BLOOMER'S ADDITION**. Here before the observer the ocean and the Leach stretch for miles and miles.

### A WORD ABOUT YAQUINA BAY

You could not find a more interesting location to spend your summer than around this beautiful bay, which is conceded by those who know, to be the most beautiful summer resort, **NATURALLY**, of any on the Pacific coast, barring none. Hunting and fishing are unexcelled, and the many places of interest close to Newport, such as the Lighthouse, Otter Rock, Seal Rocks, etc., make it an ideal place to own a summer home.

### NOW LOOK AT THE MAP

You will see that **BLOOMER'S ADDITION** is right on the ocean, and yet has the great advantage of being close to the bay and town, with no steep hills to climb to reach it. The beach in front of the property is good for bathing and the gathering of rock oysters. Mr. Bloomer has already built two beautiful cottages on these lots for his own personal use. Mr. Bloomer is a Seattle man, and intends to make this the most popular addition to Newport.
