REPUBLICAN EDITOR WANTS THE LAW AMENDED BUT IN MEANTIME OBEYED

The foregoing are only a few of the valid objections that can be urged against the Oregon primary law, but they are sufficient to warrant its repeal, or, at least, a thorough amendment. But while it is full of fraud and buncombe as it now stands, it is law, and as such it should be observed as far as is consistent with honor and good sense.

Until such time as the people shall see fit to amend or repeal this law, the Observer favors the adoption of the advisory assembly plan now being urged in all parts of the state. To the writer's way of thinking, the only objectionable feature so far suggested in connection with this plan is the one placing the selection of delegates to the state assembly in the hands of the various county committees. A fairer and better plan in every way would be for these state delegates to be elected by the county assemblies by a majority vote of the electors present. The county assembly being open to every party voter in the county, selection of the state delegates by this method would remove any suspicion of jobbery or machine work. This would be far the better plan, and judging from the expressions of opinion we have heard from committeemen and voters, it is doubtless the plan that will be adopted in Polk county.—Dallas Observer.

This would be unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints limber with Ballard's Snow Liniment. Sold by all druggists.

BURNING OF NOTES CAUSES TROUBLE

Everett, Wash., Aug. 5.—Many important trials have been practically nullified through the destruction of the stenographic notes of O. C. Gaston, court stenographer, in the fire that destroyed the court house Monday evening.

When the fireproof vaults were opened yesterday it was found that practically all of the records except those of Gaston were intact. These notes cover the period from June, 1908, to the present time, and as they had not been transcribed, there is no other record of the trials during that time. Many of the cases were of great importance and have been appealed to the supreme court. It seems probable that a second trial will be rendered necessary by the loss of the stenographic notes.

Cured Hay Fever and Summer Cold

A. S. Nussbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." For sale by J. C. Perry.

Cholera Infantum Cured.

"Something like two years ago my baby, which was then about a year old, was taken seriously ill with cholera infantum, vomiting and purging profusely," writes J. F. Dempsey, of Dempsey, Ala. "I did what I could to relieve her, but did her no good, and being very much alarmed about her went for a physician, but failed to find one, so came back by Elder Bros. & Carter's store and Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely." For sale by all good druggists.
