Chamberlain's Colic, Cholera and Diarrhoea Remedy Never Known to Fail.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872 and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years and never start out on a trip without this, my faithful friend," says H. S. Nichols, of Oakland, Ind. Ter. For sale by all good druggists.

FACTS ABOUT THE GUNNISON TUNNEL

The great Gunnison tunnel, the first project undertaken by the United States government reclamation service, work on which has been progressing steadily for four and a half years, is now completed, and on September 23 President Taft will visit the Uncompahgre valley and personally open the gates of the tunnel, turning the flow of the Gunnison river into the magnificently constructed bore, main and distributing canals of this enormous project, which will irrigate 150,000 acres of choicest land now semi-arid.

The Gunnison tunnel is located in Montrose county, in the Uncompahgre valley, in Colorado. The two gangs of men boring the tunnel met at 5:54 p. m., July 6, 1909, at a point 10,812 feet from the intake on the Gunnison river.

The tunnel is 30,600 feet (six miles) long, 11x13 feet inside measurement, and lined throughout with cement. The main canal is 30 feet wide at the bottom, 83 feet wide at the top, and the average depth of water is 10 feet. The capacity is 1300 cubic feet of water per second. The cost of the tunnel and distributing canals when completed will be over \$5,000,000, and perpetual water rights will be sold to actual settlers at approximately \$35 per acre, being based upon the actual cost of the tunnel. Ten years' time will be allowed for payment, without interest.

The lands to be irrigated are suitable for fruit-growing and the raising of all kinds of farm crops. The water, after it leaves the tunnel, will have 372 feet fall, which can be used to generate electric power sufficient to light every town and every farm house in the Uncompahgre valley and provide power for all kinds of commercial and industrial purposes.

The lands under this project will afford homes for all time to come for a population of at least 25,000 American citizens. Already there are three modern, enterprising and progressive towns, viz. Montrose, Olathe and Delta, located in the val-

ley, and with the development of this vast area other towns will undoubtedly come into existence to meet the requirements of the rapidly growing population.

"IN A BAD WAY."

Many a Salem Reader Will Feel Grateful for This Information.

When your back gives out; Becomes lame, weak or aching; When urinary troubles set in, Your kidneys are "in a bad way." Doan's Kidney Pills will cure you. Here is local evidence to prove it:

W. J. Carlton, 1466 Third street, Salem, Or., says: "Doan's Kidney Pills, which I procured at Dr. Stone's drug store, not only strengthened my kidneys, but speedily removed the backache and lameness. A remedy that brings such prompt and beneficial results as Doan's Kidney Pills is worthy of endorsement. I advise other kidney sufferers to try Doan's Kidney Pills as I never used any medicine of the land that equalled them for curing backache and kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Granulated Sore Eyes Cured.
"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd, of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by all good druggists.
