

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, a variety of diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The doctor, of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely relieved the disease, thereby dispelling all those distressing symptoms, and insuring comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve tonic, "Favorite Prescription" is unequalled and is invaluable in advancing and sustaining nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic diseases of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One or three a dose. Easy to take as candy.

CHINESE DRAGON AT SEATTLE

Huge Beast 150 Feet Long, With Ribs of Bamboo and Skin of Silk in Today's Parade.

[UNITED PRESS LEASED WIRE.] Seattle, Wash., Sept. 13.—A Chinese dragon 50 feet in length, walking on 100 legs, was the feature of the Chinese day parade through the downtown streets today. After winding its sinuous way through the streets it went to the exposition. Nearly 500 Chinese residents of Seattle, including many women and children, in native costume, were in the parade, which was one of the most unique ever witnessed here.

The huge dragon was brought here at great expense from Marysville, Cal. It came in sections, and yesterday it was put together. The frame is of bamboo, covered with silk of many colors. Business in the local Chinatown was practically suspended today, and almost every celestial in the city went to the exposition to assist in the celebration of Chinese day. The attendance was augmented by Chinese from Victoria, Vancouver, Tacoma, Portland, Bellingham and San Francisco. Goon Dip, Imperial Chinese consul, gave a luncheon to exposition officials and other invited guests at the Chinese village, following the parade. Consul Moy Bak Hin, of Portland, also attended.

X-RAYS AND SMILES

The Ontario Optimist has a correspondent who sends it the happenings of "Dead Ox Flat." As a social center the place is rather handicapped by the name.

The Holy Rollers have abandoned Bandon.

Hallinger has convinced Taft, so it is said. Now, if he can work the balance of the country's 90,000,000, he will have Pinchot down and out.

An attempt is to be made to revive the Democratic party. From the rumbling up in Wisconsin, and some other places where Cannon is appreciated at his true worth, it would be perhaps much wiser from a political standpoint to chloroform it.

The city officials are dead game ordering out the street sprinklers in state fair time.

Harriman's last thought was of Wall street, and that is surely a different thing from heaven.

By an old statute of Queen Elizabeth's days every person over 7 years of age was compelled to wear a woolen cap on Sundays and holidays. This was one form of protective tariff, but in these days it wouldn't work, as the woolen cap would be of foreign make unless provision was made for "shoddy."

From the way Peary howls he is the whipped dog.

One of our valley exchanges says, in speaking of the Spanish War Veterans excluding the negroes, that "if a negro is good enough to fight, and he is a mighty good one, he is good enough to eat at the banquet." This is essentially a matter of "taste." Some people like dark meat.

"Music has charms to soothe the savage breast." Well, perhaps, but it also has some other charms that are genuine hoodoos.

A few cranks can do as much to ruin a town as a hundred good business men can do to build it up.

Marshfield is extending asphalt paving to residence districts.

Hon. B. F. Mulkey is undecided whether to enter the race for congress in the first district. He says "if I were a wealthy man, I could answer off-hand, but being poor, I do not know as I can afford to run." That pretty closely confirms the Observer view, that the argument that the primary law, so-called, made an election easy for a poor man, is all a lie.—More Observer.

Those in a position to know say it cost one Wm. Furnish \$15,000 to carry the state primary for governor in Multnomah county alone. How much was the poor man considered under that system?

FEED BARN SECOND TO NONE

Great Convenience to Farmers of Surrounding Country Opens Today.

A good many people in Salem do not know that the Salem Feed Barn, the finest in the state of Oregon, is located at the end of the South Commercial street bridge. The proprietors are Bayne & Smith. The barn is primarily for farm and transient trade, and has been equipped with every convenience for the arrival of the hot and dusty traveler. Three rooms have been finished especially for the convenience of lady patrons. There are 175,000 feet of lumber in the barn and 200,000 shingles, and it will easily accommodate 300 horses. It represents an investment of about \$10,000. The Capital Builders were the contractors. Included in the barn is a blacksmith shop and feed and hay store. The proprietors are to be congratulated on their enterprise in erecting such a barn as this.

JIM HAM LEWIS ATTACKS WITNESSES

[UNITED PRESS LEASED WIRE.] Chicago, Sept. 11.—J. Hamilton Lewis, chief counsel for the defense in the trial of Police Inspector McCann, who is charged with giving police protection to resorts in the South levee district in exchange for graft money, today fiercely attacked the testimony offered by Louis Frank, a saloon man who declared on the stand yesterday that he was "held up" by the police. Frank was the star witness against McCann. Great interest is being taken in the trial, and since this morning the court room has been crowded. Frank has been under cross-examination since forenoon.

HOPS NEARLY GATHERED.

Silverton Growers Will About Finish the Hop Harvest This Week.

[UNITED PRESS LEASED WIRE.] Silverton, Sept. 13.—(Special.)—The hop harvest has about come to a conclusion in most of the yards in this vicinity. In some cases the crop is all in while others will finish this week, but in some of the larger yards picking will be in progress during the coming week. In the Wolfe yard picking did not commence until Monday and it will be several days before the harvest is finished there. August Elton, Harding & Bowen, J. T. Bowen, P. J. Cox, M. Cooley and some of the larger growers will be working most of the next week. Aside from a few days of intense heat it has been an ideal time for harvest. Growers have given the crop a great deal of attention and in most cases it is reported excellent.
