You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to care are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them. viz.—pure triplerefined giverine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antisoptic and antiferment, nutritive and soothing demulcent.

ferment, nutritive and soothing demultent.

Givesrine plays an important part in
Dr. Pierce's trolden Medical Discovery in
the cure of indigestion, dyspepsia and
weak stomach, attended by sour risings,
heart-burn, foul breath coated tongue,
poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing
aliments, the "Golden Medical Discovery"
is a specific for all diseases of the mucous
membranes, as catarrh, whether of the
nasal passages or of the atomach, bowels
or pelvic organs. Even in its ulcerative
stages it will yield to this sovereign remedy if its use be persevered in. In Chronic
Catarrh of the Nasal passages, it is well,
while taking the "Golden Medical Discovery" for the necessary constitutional
treatment, to cleanse the passages freely
two or three times a day with Dr. Sago's
Catarrh Remedy. This thorough course
of treatment generally cures the worst
cases.

Cases.

In coughs and boarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden fiedical Discovery" is a most efficient remeds, especially in those obstinate, hang-on coughs caused by irritation and congestion of the broachial nucous membranes. The "Discovery" is not so good for acute coughs arising from audden coids, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken
