A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, n..dicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, *in plain English*, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing *in the strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

A GREAT OIL FIND IN ALASKA

Also a Rich Placer Field on the Kougarok River—A Nugget Found Which Is Worth $700.

Nome, Alaska, Oct. 7.—Miners on the upper Kougarok river, in the district of that name, have uncovered an immensely rich pay-streak, 10 miles long and hundreds of feet wide, on the river bed. The exceedingly light rain all this summer made it possible for the miners to uncover the gold. One nugget found this year is worth more than $700. A stampede is expected.

A vast stream of crude oil has been discovered by C. L. W. Deitrik, agent for J. Pierpont Morgan, in the unexplored section of Northeastern Alaska, just inside of the American boundary line. The discovery is far distant from Nome, and located between Point Barrow and the Colville River. The natives told Deitrik he was the first white man there. The oil bubbles from the ground, Deitrik says, adding that it can be easily piped to the coast, 150 miles, and shipped thence to Nome by tank steamships. So great is the oil discovery that George W. Perkins, right-hand man of J. P. Morgan, will come to Alaska next year to investigate the find.

FIGHTING OVER INTERSTATE RATES

Seattle, Wash., Oct. 7.—Coast freight rates are under investigation here by the full membership of the Interstate Commerce Commission, which today began a hearing that is expected to occupy a week. Coast shippers are asking for a readjustment of the eastbound traffic as far as they reach in order that coast manufacturers and jobbers may compete on an equal footing with the shippers of St. Paul, Omaha, Chicago, Kansas City, and other distributing points in the middle states. The great bulk of the shipments from the coast go out in class rates, while the eastern shippers enjoy commodity rates on articles that have been picked out of the classes. Under present conditions, Seattle and Tacoma manufacturers cannot sell their goods much beyond the Cascade mountains, owing to the rates enjoyed by Eastern shippers.

J. N. Teal, of Portland, is here to present the case of the coast shippers. The railroads are represented by a big array of eastern attorneys.

The first case to be taken up by the commission was that of the Humboldt Steamship Company against the White Pass & Yukon railway. The Humboldt Company is asking that the railroad be compelled to establish a through rate between Seattle and points on its line. The complainant contends that, under an agreement with the Alaska Steamship Company and the Pacific Coast Steamship company the wharfage charges are absorbed by the railroad at Skagway, but that wharfage charges are taxed against the Humboldt Company. The complainant alleges discrimination in favor of the Alaska Steamship Company and the Pacific Coast Steamship Company. The case has no precedent, because of the question of jurisdiction involved.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared by complexion, cured my backache and the irregularities disappeared and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers as it cured me after the doctors and other remedies had failed." Deafness Cannot Be Cured.

By local applications, as they cannot reach the distased portion o fthe ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine out of ten cases are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY, Toledo, O.

Sold by druggists, 75c.

"Where are you going?" yelled a neighbor at him.

"Darned if I know," was the answer, "ask the calf."
