TAFT TO GO TO ALASKA AND ISLANDS

Says Next Year He Will Visit the Philippines and Incidentally the Hawaiian Islands.

WILL VISIT ALASKA

GETS SOME LOFTY IDEAS WHILE ON THE SUMMIT OF THE SIERRAS AND BEGINS TO THINK HOW MUCH COUNTRY THERE IS BESIDES WALL STREET.

(By R. H. Hazard, staff correspondent United Press, with President Taft.)
Grauer Point, Yosemite Valley, Oct. 9.—President Taft has decided to make a trip to the Philippines in the summer of 1911, unless some situation arises that will prevent it. The president talked with the congressmen of his party about the proposed trip today and said that he would make the journey to the far eastern colonies unless something intervened to prevent.
Taft has announced already that he will visit Alaska and Hawaii next summer, but the thirty-day voyage to Manila is a new presidential un-

dertaking in the way of travel of unprecedented magnitude. The trip to Manila will be made on board one of the fast navy cruisers and a party of senators and congressmen will make the voyage in another vessel, meeting the president in the Orient.

Representative Duncan McKinley, whom the president affectionately calls "Old Sorrel Top," on account of the color of his hair, will be one of the party.

McKinley accompanied Taft on the famous trip to the Philippines which resulted in the marriage of Miss Alice Roosevelt to Congressman "Nick" Longworth.

Taft's intense interest in the Philippine situation, shown by his recent speeches in which he has given considerable time to the discussion of the islands, is well known.

Members of the party today discussing among themselves the proposed trip, commented upon the great affect it would have in bringing the islands into closer touch with the home government. The sight of the president of the United States, it was suggested, coupled with the knowledge that he was sufficiently interested to pay them a visit, would go a long way in developing a feeling of patriotism and loyalty for the United States among the native people of the Philippine Islands.

THOUSANDS OF NATIVES DROWNED

Cyclone Sweeps Across the Caribbean and Vents Its Fury on the Coast of Yucatan.

POPULATION GONE

ISLANDS WERE SWEEPED CLEAN BY TERRIFIC TIDAL WAVE DRIVEN BY CYCLONE, AND NONE OF ALL THE RESIDENTS ARE LEFT TO TELL THE TALE.

(UNITED PRESS LEARNED WIRE.)
New Orleans, Oct. 9.—Between two and three thousand natives were drowned during a hurricane which swept the Yucatan coast and islands off that section of the Mexican mainland, according to the captain and crew of the steamer City of Tampico, which arrived in this port today. Most of the victims were poor fishermen.
A short ways off the coast are a number of islands and the ships officers reported that many of them were swept clean of inhabitants and buildings and that trees were uprooted and carried out to sea by the awful force of the wind.

ANOTHER ROAD TO THE COAST

Jim Hill Will Extend the Burlington Line from Cheyenne or Some Near Point to Frisco.

VIA FREEDONIA PASS

WILL STRIKE THROUGH SOUTHERN OREGON AND THEN SOUTH THROUGH RICH SACRAMENTO VALLEY—OPENING IMMENSE FINE TIMBER COUNTRY.

(UNITED PRESS LEARNED WIRE.)
San Francisco, Oct. 9.—Great interest is being taken in railroad and business circles here today in the announcement by Thomas E. Walker, millionaire lumberman, from Minnesota, that James J. Hill is planning to extend the Burlington from Cheyenne or some point on the Denver line to San Francisco.

As Walker has enormous timber holdings in Northeastern California, and as he recently bought the place called "Mountain Meadow," near Cooper's Vault, Lassen county, including the Freedomia Pass, probably the only available entrance to the Sacramento valley from the north for a new line, his statements are given much credence. It is known that he is a close friend of Hill, and that he has been associated with him in many business ventures.

Walker said: "I had a talk with Mr. Hill some time ago, and he told me that he did not consider a line to the north from San Francisco would be a great advantage, taken by itself, but that his mind was rather to extend the Burlington to San Francisco, coming from the northern part of the state and the Sacramento valley.

"When the time comes the Burlington will be extended to the coast. The Oregon Trunk line will be built to a connection with this through line in the northeastern part of California. This will give another line to the north, and a more direct route to Eastern Washington, Northern Idaho and Montana. It is also likely that another feeder will be built south through the San Joaquin.

"But the most important part of the whole plan is the extension of the Burlington to the coast, which has been so long talked of. This will give a direct outlet for the timber in the northern part of the state to the central and eastern part of the country, where the market is."

He said today, however, that his purchase of the pass did not mean that he had cornered the situation. He said that he wants a railroad to carry out his timber, and he would not interfere with any line desiring to build through the pass.

REOPENING OF THE WILLAMETTE SANITARIUM

It will be pleasing news to the many friends of the Willamette Sanatorium to learn that the institution which has been closed for the past month for repairs is ready to receive patients again. The building and furnishings have been thoroughly renovated. Mrs. E. T. Adair has taken the position as matron and Miss Luther of Denver, Colo., who has had a wide experience in the large hospitals of the east, has been secured as head nurse.

Under the new and favorable conditions we predict a continuance of the generous patronage which the institution has always enjoyed.

The Sanatorium will be open as a general hospital and will be open to all physicians.
