

## TO DEDICATE HOME FOR OLD PEOPLE

The Old People's Home, at 1144 East Ferry street, will be dedicated at 2 o'clock tomorrow. There will be addresses and exercises. In the evening there will be an old-fashioned "pound party." Everybody is invited to bring something in the line of provisions for the use of the home. The home is under the auspices of the Women's Home Missionary Society of the Methodist Episcopal church. The property at 1144 Ferry street originally belonged to Mrs. Ware, who willed it to be used as a hospital. Her husband lived several years after her death, and was an invalid, entailing the expense of care and burial of over \$700 on the Methodist church. At length the title of the property fully passed into the hands of the trustees who turned it over to the women's society to be used for a home for aged persons. The property was badly run down, but fully \$500 worth of repairs have been put on it. Sewerage, plumbing, hot and cold water, bath, electric lights, painting and papering throughout, until the building has been entirely transformed. Different individuals and Sunday school classes have as-

sisted in furnishing the building and it is now ready for visiting by the public. Three persons have been accepted, and a number of others are contemplating making this their home. The local committee, who have charge, are as follows: Mrs. Helen Southwick, chairman; Mrs. Fannie Penn, secretary; Mrs. Emma Cornelius, treasurer. The other members of the board of managers are Mrs. J. M. Long, Mrs. E. C. Barnes, Mrs. W. T. Rigdon and Rev. W. H. Sellock.

### Mongolian Bags "China."

[UNITED PRESS LEASED WIRE.] Albany, Ore., Oct. 14.—For taking the liberty of killing a pheasant native to his own country in spite of American law, Jim Gin, a Harrisburg Chinaman, today contributed a fine of \$25 to the Linn county treasury. So far as known this is the first China man ever fined in the state for killing a China pheasant out of season.

Jim Gin was captured while hunting Mongolian birds near Harrisburg by Deputy Game Warden H. N. Shears of Eugene. He was taken before Justice of the Peace Levi Douglas at Harrisburg yesterday and fined \$25 and costs. The fine was transmitted to County Treasurer Francis here today.

Incidentally, Jim Gin had no hunting license, but as he was hunting illegally and pleaded to that offense, the other charge was not pressed.

This howl over the cost of the navy sizes up as a whisper alongside of the hullabaloo the same voices would raise if war finds us unprepared.

## CAR FENDER WAS OF NO AVAIL

After deliberating for two hours and a half yesterday on the evidence introduced by the plaintiff and defendants in the Nancy A. Smith case against the Portland Railway, Light & Power Company, in which the plaintiff was suing for \$7,500 damages, on account of the death of her husband, David Smith, the jury returned a verdict in favor of the street car company.

This suit was instigated at the death of David Smith, who was run down and killed by one of the Portland Railway, Light & Power Company's cars on Commercial street last winter. Mrs. Nancy Smith started suit in the circuit court as administratrix of the estate of the late David Smith, and asked damages in the sum of \$7500. The strongest point brought to bear to institute grounds for damages on the part of the plaintiff was the alleged uncontrollable fenders. This point could not be thoroughly considered, owing to there being testimony brought to bear showing that the accident occurred in a manner whereby the operation of the fender would have been no safeguard toward saving the deceased's life.

Attorneys Franklin T. Griffith and John H. McNary appeared for the defendants, while Attorneys Kaiser & Pogue represented the plaintiff.

## CHASE OF BILLY BOY HAS BEGUN

(By R. W. Madison, Staff Correspondent United Press.)

Twenty-Nine Palms, Cal., Oct. 14.—(By courier to Bannock, Cal.)—The man hunt for Billy Boy, the fugitive murderer of Mike Boniface and his daughter, Mary Nita, has begun.

Deputy Ben De Crevecoeur's posse, which left Banning Tuesday, arrived here early today, and was joined by the parties of Sheriff's Ralphs, of San Bernardino, and Wilson, of Riverside, and Deputy Hewins.

Indian trappers were immediately sent further into the desert to pick up the trail of the fugitive. They will be followed by the combined posse late today, and a forced march will be made to the fort on Bullion Mountain, where the murderer was last seen.

The members of the party are much exercised today over reports that have been brought in from various parts of the desert, to the effect that three bands of desert Indians, heavily armed, have been seen galloping toward Bullion Mountain.

A courier named West reached here shortly after midnight, bringing information that a band of Putes had appeared near Dauby early Tuesday morning, and were moving toward Bullion Mountain. West stated that a posse had been organized and dispatched to learn the portent of the unusual movement on the part of the desert men.

Sheriff Ralphs expects to reach Bullion Mountain late tomorrow or Saturday. If he finds his quarry escaped from the stronghold on the mountain, trailers will be sent out immediately, and the party will resume the march. Ralphs is determined not to return to civilization without the murderer or his body.

San Bernardino, Cal., Oct. 14.—Reports from the desert today indicate that the Chemechevis Indians are fleeing to the reservations in fear of the Putes, who are said to be riding toward Bullion Mountain, the stronghold of the murderer, Billy Boy. The men who have lived in the desert section for years believe that the Putes are not moving to the aid of their fugitive tribesman at Bullion mountain, but are taking opportunity presented by the present chaotic conditions on the desert to make a demonstration against their blood enemies, the Chemechevis. The fact that the Chemechevis are taking refuge at the reservation has given color to this theory. Monday and Tuesday, according to reports from desert, bands of Putes were seen making their way southward toward Bullion mountain in the vicinity of Rose Bo S. mines. Another band is said to have been sighted near Dauby and a posse of officers has been sent on its trail.

### Japan Much Interested.

Washington, Oct. 14.—The pressure which Japan is said to wield at Washington in securing a United States minister to China who accords with her policies is a subject of comment today in official and unofficial circles here.

In some quarters it is hinted openly that the enforced resignation of Crane was bought about at the instance of Japan and speculation is current regarding how far Japan can go in dictating the selection of a minister to China.

Secretary of State Knox has announced that Crane's public statements were indiscreet and that for them he was called upon to resign. Diplomats here point out that ordinary diplomatic custom always pre-

scribes for burial of the real reasons of any action by state department officials and that if this was the real reason it would not have been made public so freely.

A pain prescription is printed upon each 25c box of Dr. Shoup's Pink Pain Tablets. Ask your doctor or druggist if this formula is not complete. Head pains, womanly pains, pains anywhere get instant relief from a Pink Pain Tablet. Capital drug store.

The New York Mail recently reported the narrow escape of a church robber from being "seriously killed." Perhaps it was thought that nothing short of intensified killing would make the punishment fit the crime.

Said the Malleable man to the Malleable girl:  
"For many long years we have waited,  
We have worked night and day for the Malleable Folks.  
Is it not high time we were mated?"

"I have hammered this range until my arms ache,  
You have fired it all you are able,  
But there is never a crack or a weak spot yet;  
It is unbreakable, unburnable Malleable.

So they plighted their troth, o'er the range they both loved,  
Yes, we know it all reads like a fable,  
In their snug little home, they are happy. Why not?  
They have in it their old friend, the Malleable.

WHY? Because it brings economy and good things to eat. Many a good dress or a good hat or even a snug little cottage has been burned up in a poor old cooking stove or range and all there was to show for it was poorly cooked food and a dyspeptic stomach.

The Malleable Man will tell you all about his favorite Range at the store of
