

# WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

# TIME FOR BIRDS TO ROOST HIGH

Game Law Goes Into Effect Tomorrow and the Heads of Families of Grouse Are Now—It.

Tomorrow the gentleman Mongolian pheasant in the Willamette valley will be compelled to discontinue his regular morning and night meal time and remain close to the tall timber, in order to escape the ever watchful eye and the murderous shotgun of the anxiously-awaiting sportsmen, as the season opens for shooting china birds, and the local gun stores are realizing a rushing business in ammunition and the renting of guns.

Notwithstanding the evidence of a promising lively hunting year, the hunting licenses have been going out in much smaller numbers for the past few months, compared with the number issued for the same period last season. To date the number of hunters' license permits issued by County Clerk Allen being exceeded by those of last year for the same months by 500. The new law, going into effect this season, regulating the limit on china birds is largely responsible for the noticeable decrease in hunting licenses. Nothing can be killed in the china line this season but rooster birds.

The hens are entirely exempt, and safe from the gunners, according to the new game law, and hunters will find it no easy matter to get the limited number of roosters, as they are considered more wily and difficult to approach than the hens. Then, too, the average number of birds in the valley has diminished greatly in the past year. The heavy snow and cold weather prevailing for three weeks last winter proved disastrous for china pheasants, and many hundreds were found lying dead in different localities. The Bob White quail and the California blue quail are also a very scarce game bird this season, but the grouse and bush pheasants are more numerous than they have been for the past two years.

# RESTITUTION NO DEFENSE

Embezzling Oakland (California) Attorney to Be Prosecuted for His Illegal Transactions.

[UNITED PRESS LEARNED WIRE.] Oakland, Cal., Oct. 14.—When Attorney John DeLaney comes to trial Monday, charged with embezzling \$10,000 from the estate of George Hite Cook, his principal line of defense probably will be the fact that he has just refunded \$35,142 due on his accounts with the public administrator.

DeLaney was indicted two months ago when it was discovered that the estates under the charge of the public administrator of Alameda were being pillaged by attaches of the office, under the guise of fees, and by open forgeries. DeLaney, it is alleged, was one of those engaged in gaining illegal riches, and he, with others, was indicted.

Notwithstanding that DeLaney has made restitution, the district attorney declared that the case will proceed on Monday exactly as planned, and that the young attorney will be prosecuted as vigorously as though the money was still unpaid.

# THE POINT OF VIEW

Some people, we fear, look upon a bank as a place where a few "rich old codgers" keep their money.

Others, not so fully prejudiced, may think that only large accounts are wanted and that this bank would not care for their business.

If your point of view has been anything like this, we want this ad. to correct it.

We want to show you that this bank wants your business—be it large or small. This is a bank for all of the people.
