TAFT AT BROTHERS RANCHERO

One of the Biggest Cattle Concerns in Texas—Owns Its Own Packing Plant and Outfit.

[UNITED PRESS LEASED WIRE.] Gregory, Tex., Oct. 21.—President Taft is learning more about the ranch business today. Yesterday he saw cattle roped, branded and dipped, and today he is observing the work of steam plows and harrows on fields that stretch over a day's horseback journey. After the early morning golf game at La Quinta, the local name of the Charles P. Taft residence and ranch near Gregory, the president took an automobile ride with his brother, and went to the town of Taft, eight miles from this place. Like Gregory and La Quinta, Taft is a part of the huge estate controlled by the president's brother. Down in these parts, the concern is known officially as the Coleman-Fulton Pasture Company, but no one ever fails to reply "Mr. Taft," when anyone asks who owns the properties. The town of Taft claims the proud distinction of being the only village in the country that cast its vote for the Republican candidate for the presidency last fall. Practically everyone in the place derives his living directly or indirectly from the Coleman-Fulton Pasture Company. The town's partiality for Mr. Taft at election time is not regarded as strange in these parts. The big ranch concern has its own packing plant.

SHOT HIS WIFE AND HIMSELF

[UNITED PRESS LEASED WIRE.] San Francisco, Oct. 21.—As the result of marital troubles, the bodies of Henry Bretsen and his wife lie today in the city morgue. Bretsen shot and killed his wife in Central Park, in this city, then sent a bullet into his own brain. He died shortly after being removed to a hospital. Bretsen's wife left him three months ago, because of his addiction to liquor. She was employed as a domestic in the home of L. J. Wilde, a local banker. Late yesterday Bretsen persuaded his wife to leave the Wilde home with him to look at a lot he proposed to purchase. Crossing Central Park, the man drew a 28-caliber revolver, and, placing the gun beneath the woman's jaw, pulled the trigger. She died instantly. He then turned the gun on himself. The double tragedy was witnessed by a dozen school boys, who called the police. Spain spends considerable time and money keeping from being demolished.

THE AUTOS GET GAY FOR DON PORTOLA

Three Serious Accidents in the Festivities Last Night at San Francisco—Joy Rides Disastrous.

[UNITED PRESS LEASED WIRE.] San Francisco, Oct. 21.—The Portola festivities last night were marred by three serious accidents on lower Market street, near the Ferry, which probably will result in the death of two men. In each case the victims were struck by automobiles and all sustained fractures of the skull. Charles Bowlin, a visitor from Fort Bragg, was the first to be hurt. He was endeavoring to dodge a handful of confetti being thrown at him when he slipped off the curb in the direct path of a rapidly moving automobile. He was hurled several feet and his skull was fractured. He is at the Central Emergency hospital and it is believed he will not survive his injuries. Shortly after midnight, Leon Shalian, residing at 2128 Market street, was struck by a stanchion of an automobile which passed a street car from which the man was leaning outward through a window. His skull was fractured. The physicians at the Central Emergency hospital have hopes that he will recover. W. S. Heckler, a sailor from the torpedo boat Preble, is dying at the Lane hospital. He was crossing Market street, near Second street, when a machine driven by Zeb Coltrim hit him and sent his body into the gutter twenty feet away, fracturing his skull, breaking three ribs and injuring him internally.

JAPANESE GENERAL GOES OVER

Tokio, Oct. 21.—Viscount General Ogawa, one of the best known military figures in Japan, and famed for his knowledge of strategy, died at his home here yesterday, following a long illness, as a result of a wound received during the Japanese-Russian war. He was 61 years old. During the war with China, Ogawa was chief of staff of the first Japanese army. In the Russo-Japanese war he was placed in command of a division of the second army of Japan, which he retained until seriously wounded. In 1895 he was created a baron. For his services in the field and at home, Ogawa was decorated with the third class of the Golden Kite.

Old Mr. Car Shortage has come West again to visit the long list of old acquaintances. They all recognize the old man. State-wide prohibition will be submitted to the voters of Oregon at the general election in 1910, when there will be a direct popular vote upon a constitutional amendment forbidding the sale, gift or storage of intoxicating liquors in any form. A picture in the newspapers recently shows King Alfonso holding his second son, Jamie. A picture of his ribs holding his job six months from now will be worth having. When Ferrer was shot Alfonso unwittingly let go of a boomerang. A jack rabbit is a dead game sport. In all the races he has ever had with his ancient enemy, the coyote, he was never known to throw a race. Taft is going to join in jack rabbit chase. A cursory examination of the belt line of the contestants, forces the horse editor, much as he admires the president, to put his money on the John Rabbit.

BASEBALL MAN SURRENDERS

[UNITED PRESS LEASED WIRE.] Cleveland, O., Oct. 21.—Sensational Tyrus Cobb, the star batsman of the Detroit Tigers, who were just vanquished by the Pittsburg Pirates in the race for the baseball championship of the world, today surrendered himself to the sheriff of this county. The Georgia Cracker was then immediately arraigned on a charge of "stabbing to wound" George Stanfield, night watchman at the Euclid Hotel. Cobb's alleged encounter with the watchman occurred several weeks ago, while the Naps and Tigers were engaged in a series of games in the Ohio city. President Taft has never expressed the hope that corporations would develop paroxysms of light at the prospect of being taxed.

THE BEST TONIC FOR DEBILITY

Dr. Williams' Pink Pills Check Decline in Health and Build Up the Strength of Exhausted Sufferers.

There are few cases of general debility that could not have been prevented. There is no hidden cause for its presence nor is it sudden in its attack. Any person, who is overworked, or subject to any great worry or excitement, or undergoes some long-continued strain on the body, is liable to become debilitated unless the blood is kept pure and rich. Such unusual conditions call for more nourishment than the blood can supply and paleness, headaches, poor appetite, unrefreshing sleep, backaches, loss of spirits and a general tired out feeling, which follows are simply a call for a blood tonic and builder. But sometimes what is mistaken for simple debility is a symptom of a more serious disorder, anaemia perhaps, or a breaking down of the nervous system. By taking a tonic that is also a specific for many disorders of the blood and nerves, the threatening diseases may be prevented. Such a tonic is Dr. Williams' Pink Pills, and their value in the treatment of general debility lies in their direct response to the needs of the blood. Their work is to make new blood. That they do this well is shown by the gradual disappearance of the symptoms and the return of color and health. They lay the foundation for permanent health in the future.

LOST FLESH AND STRENGTH.

Dr. Williams' Pink Pills Cured This Santa Ana Woman. Mrs. H. J. Bradford, of No. 1514 Spurgeon street, Santa Ana, Cal., says: "A few years ago I began to lose flesh until I weighed only about 100 pounds. Before this I had always been well and quite fleshy. I also became very nervous and would lie awake all night long. I had frequent crying spells which I could not seem to help, and which the least little thing would bring on. Excitement or noise made me very nervous. I had a craving for sour things, but my appetite was variable. At times I would feel very well but this would be only when I kept very quiet at home for a long time. "The doctors pronounced my trouble nervous debility I was under their care for over two years. Sometimes he would treat me regularly, and then he might not have to call again in two months. I did not

get well under his treatment and was finally advised to try Dr. Williams' Pink Pills by a friend who had used them for nervousness. After taking a few boxes of the pills, I could sleep better and I began to improve gradually until I was cured. I haven't been run down or nervous in some years now, and consider the benefit I received from Dr. Williams' Pink Pills to be wonderful." WEAK AND NERVOUS. This Petaluma, Cal., Woman Cured After Years of Misery. Mrs. Mary H. Taft, of No. 314 Howard street, Petaluma, Cal., has found Dr. Williams' Pink Pills to be the best tonic that she has ever used. She says: "About 15 years ago, when living in Toronto, Canada, I became generally run down and felt miserable for years. I was tired all of the time and didn't want to work or do anything at all. My appetite was not very good and I was thin and pale. I suffered from sick headaches a great deal and was nervous. "I was treated by a doctor for some time and tried several tonics, but without help. A friend recommended Dr. Williams' Pink Pills to me and I took several boxes. I soon began to feel much better, my appetite came back and the benefit continued until I was cured. I have taken Dr. Williams' Pink Pills a number of times since, as I think they are the best tonic one can take."

REGAINED HER HEALTH.

It Was Feared This Oregon Woman Was Going Into Consumption. Miss Jessie Johns, of Gladstone, Ore., was cured by Dr. Williams' Pink Pills after suffering from general debility for a year and a half. She says: "About four years ago, while living in Wisconsin, I was greatly run down in health as a result of six weeks of sickness. I did not seem to be able to get back my strength, but was weak all over. I was thin, pale and nervous. I wasn't able to do much of anything, and had to give up teaching school. "I was treated by three or four doctors, and they said they were afraid I was going into consumption. They did not help me, and I finally gave up their treatment to try Dr. Williams' Pink Pills. The pills

helped me from the start, and I kept on with them until I felt entirely well. I regained my strength and my health has been good since then."

WAS SHORT OF BREATH. A Case at Bellingham Completely Cured by Dr. Williams' Pink Pills.

Mrs. William N. Smith, of No. 1938 Humboldt street, Bellingham, Wash., owes her cure to a thorough trial of Dr. Williams' Pink Pills. "About six years ago," she says, "I was greatly run down in health through overwork. I was unable to do much of any work for several months, and was so weak and short of breath that I couldn't walk a block without being completely tired out. I was pale, thin and nervous. I had no ambition and felt worn out all of the time. "I went to a druggist, who was also a doctor, and he said my trouble was due to a lack of blood, and advised me to try Dr. Williams' Pink Pills. The pills helped me from the first box, and I gave them a thorough trial. I was soon strong and well again, and I haven't been sick since. I always recommended Dr. Williams' Pink Pills to any person who is run down because of weak or impure blood."
