W. D. M'CRACKEN OF BOSTON LECTURES SUNDAY

Spiritual Healing of Jesus' Time Shown to Be Revived Today Because Mrs. Mary Baker Eddy Listened to the Message of the Bible.

(W. D. McCracken)

Extract from lecture by W. D. McCracken who speaks at the Grand opera house, Salem, Sunday at 2 p. m.

The very first benefit which Science confers upon mankind is to prove that there is hope for all. It reassures even those who have been made to consider themselves lost or incurable. It comes to the doomed and abandoned, and by its unanswerable logic convinces them first of all, that their situation is not as bad as it seems; that evil is not as powerful as it pretends; that there is no authorization from on high, no legal status, no rights, no legitimacy; that, on the contrary, man's real origin in God justifies his reasonable expectation that good shall prevail; that peace, harmony, health and sinlessness shall be his portion; that strength, sweetness and beauty shall be his normal inheritance from a merciful Father; and that the love which passeth understanding shall eventually crown all his right endeavors with success.

makes practical application of the letter. From the very start new vistas of grand possibilities cheer the learner on his way, and, more important still, the actual proofs of God's infinite power and goodness encourage him to take the necessary steps. To follow in this way is to walk with God, to commune with Spirit, to refresh oneself with the mercy that cometh down as the dew from heaven, to have fellowship with Christ Jesus, to gain an intimate insight into his sayings and his works and be useful here and now to those with whom we associate. A career which opens in this way will never close, but will continue for ever, developing more and more the truth about the infinite number of ideas which constitute God's universe. In Jesus' time, and in that of his immediate followers, full force of spiritual healing made itself felt. His teaching was reinforced by his works, his parables illuminated by ocular proofs, and his preaching demonstrated by his practice. He cured the man sick of the palsy at the same time that he forgave his sins. He healed the centurion's servant, though absent from him. He fed the five thousand, walked on the water, and finally raised himself from the dead through his understanding of God.

GLYNN AND BURNS TO MEET TONIGHT

[UNITED PRESS LEASED WIRE.] LOS ANGELES, Oct. 29.—Fistic devotees in Los Angeles anticipate a choice time tonight when Jim Flynn, the Pueblo fireman, and Jack Burns, the Salinas husky, hook up in the Naud Junction arena. The men are scheduled tonight over the usual ten-round no-decision route, but in view of the slugging propensities of both scrappers it is considered doubtful if the battle goes the limit.

Both men put the finishing touches to their training yesterday. Flynn boxed six rounds with his mates and he ran the unfortunates about the ring as he pleased. The fireman is in the best of shape, and is confident that his longer experience will enable him to administer a slap potion to his heavier opponent before the gong rings for the tenth session. Burns, weighing in the neighborhood of 190 pounds, apparently is aware that his future ring career depends largely upon his showing against Flynn. His strength and courage, despite his lack of science and ring generalship, has won him a host of supporters in his past battles here, and he will carry a goodly roll of the local sports' coin into the ring with him tonight.

ACCIDENT IN NEW YORK RAILROAD YARDS

[UNITED PRESS LEASED WIRE.] Rochester, N. Y., Oct. 29.—Two men were instantly killed and a third injured at 7:30 o'clock this morning in a rear-end collision on the New York Central railroad, near the Kent street yards.

Fireman William Dresser met a horrible death when he was thrown from his seat in the cab into the firebox of the locomotive and roasted alive.

STAYTON ITEMS.

Night Yardmaster Chapman was burned under the wreckage and instantly killed. Although several trainmen saw Fireman Dresser thrown into the firebox they were unable to do anything for him. An unusually hot blaze was roaring in the firebox and Dresser could not possibly have lived longer than a second after falling into the flames.

When his remains were later recovered nearly every particle of flesh had been burned from his bones.

Day Yardmaster Eberle suffered the loss of a leg and his recovery is not expected.

A misplaced switch is said to have caused the wreck.

NERVOUS HEADACHES

Cured by Dr. Williams' Pink Pills Which Enrich the Blood and Send Nourishment to the Starved Nerves. There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

It is, therefore, no mystery that Dr. Williams' Pink Pills are both a blood-builder and a nerve tonic, nothing unrecognized by science in the power of these pills to cure severe nervous disorders as well as diseases of the blood. Mrs. J. M. Robertson, of R. F. D., San Gabriel, Cal., who was cured of a nervous disorder by these pills, says: "I suffered for nine years with nervous prostration, which was brought on by overwork. Whenever I lay down there was a sensation or pressure on my chest as though something was choking me. My heart fluttered and I couldn't sleep well. Every morning I would feel exhausted and as though I had been working very hard. For nine weeks I didn't sleep more than twelve hours, even with taking morphine. I had headaches and dizzy spells a good deal and when I closed my eyes there would be yellow spots dancing before them. I had to keep very quiet as any excitement made me much worse. I was always imagining all sorts of things. Many times during my sickness I became so exhausted that I was confined to bed for days and weeks without being able to raise up. My blood was thin and my finger nails were blue.

"For about eight years I was almost constantly under the care of doctors. They simply couldn't do anything for me. Then a friend at Ogden, Utah, which was my home for five years, advised me to try Dr. Williams' Pink Pills. I did so and felt better right away but I kept on taking the pills until I felt entirely cured. My cure has been permanent and I can recommend Dr. Williams' Pink Pills as the best medicine in the world for the blood and nerves."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. The genuine are sold only in packages bearing the full trade-mark, "Dr. Williams' Pink Pills for Pale People."

When people say a thing don't hurt them; they might make you believe it if they didn't yell so loud.

Hay's Hair Health

YOU'LL BE SURPRISED TO SEE HOW YOUNG YOU LOOK WHEN YOUR HAIR IS RESTORED TO ITS NATURAL COLOR.

There's no excuse for unsightly gray or faded hair. It makes you look old when you're not—it's unsightly and embarrassing. Hay's Hair Health will bring back the natural color and beauty, and make your hair bright, lustrous and full of youthful vitality. Stops dandruff and falling out. Purely vegetable and harmless—not a dye.

31 AND 50c. BOTTLES, AT DRUGGISTS. Hay's Hairina Soap cures Eczema, red, rough and chapped hands, and all skin diseases. Keeps skin fine and soft. See druggists. Send 5c. for free book, "The Care of the Hair," "The Care of the Hair." Philo Hay Spec. Co., Newark, N. J.

IMPORTANT TO FARMERS

"The Business Side of Farming" Will Be Sent from the Oregon Agricultural College if Desired.

"The Business Side of Farming" is the title of a recent publication from the Oregon Agricultural College Press. The bulletin is Part I of the general subject and is devoted to Farm Records. It is written in a clear, simple style, and will be easily comprehended by any farmer. It is handsomely illustrated by twenty full-page engravings. Future bulletins on Rural Law and Rural Economy are promised. Like all the college and station bulletins, it is published for free distribution.

It is gratifying to note that the state college is taking the lead in this important subject. No phase of agricultural education is more important nor more generally neglected. The shortcoming of the American farmer in this respect has been revealed repeatedly. President Roosevelt and the Rural Commission have remarked, on more than one occasion, that this is one of the defects in rural education. The lack of correct business methods has not only ruined countless farmers, but it often drives the boys off the farm. The present census is emphasizing statistics on farm finance more than usually, but it is feared that little reliable information will be given.

Prof. Bexell, the author of the bulletin, says in his introduction: "It is a truism to say that the financial side of farming is of the utmost importance. But the fact remains that this side of the world's greatest industry is almost entirely neglected by both the farmer and the schools. Prof. Bailey says on this subject, 'In visiting practically every farm in

NERVOUS HEADACHES

Cured by Dr. Williams' Pink Pills Which Enrich the Blood and Send Nourishment to the Starved Nerves.

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

It is, therefore, no mystery that Dr. Williams' Pink Pills are both a blood-builder and a nerve tonic, nothing unrecognized by science in the power of these pills to cure severe nervous disorders as well as diseases of the blood. Mrs. J. M. Robertson, of R. F. D., San Gabriel, Cal., who was cured of a nervous disorder by these pills, says: "I suffered for nine years with nervous prostration, which was brought on by overwork. Whenever I lay down there was a sensation or pressure on my chest as though something was choking me. My heart fluttered and I couldn't sleep well. Every morning I would feel exhausted and as though I had been working very hard. For nine weeks I didn't sleep more than twelve hours, even with taking morphine. I had headaches and dizzy spells a good deal and when I closed my eyes there would be yellow spots dancing before them. I had to keep very quiet as any excitement made me much worse. one of the counties of New York, we did not find one man who knew how much it cost him to produce milk or to raise any of his crops."

The edition will not cover the entire station mailing list, but the bulletin is mailed to any one on request. Questions on the Business Side of Farming will be cheerfully answered. Address Prof. J. A. Bexell, Oregon Agricultural College, Corvallis, Ore.

X-RAYS AND SMILES

Have not heard any one talking about Democratic primaries, have you?

The next election is going to make some people wonder why they did not go to the polls.

The railroad track on Ferry street seems to have the right of way, anyway.

Marion county isn't kicking. It is something to be third in Oregon.

It was a cold day yesterday, but not cold enough that Salem got left.

Barrill could not talk when put on the platform in the Cook controversy at Hamilton, Montana. Can it be possible that Barrill was too full for utterance.

It doesn't take long to decide between a sinner who swears once in a while and a saint who makes others swear all the time.

A woman can forgive a man's cussing like a pirate, if he owns an automobile.

Both Boys Saved.

Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. J. C. Perry.

Notice to Voters. The books for registration of voters are now open at the city recorder's office. Office open from 8 a. m. to 6 p. m. and during the noon hour. Do not put it off until the last day, but do it today. W. A. MOORES, City Recorder.

\$100.00 Reward Would be gladly paid for a cure of many people who are crippled with rheumatism, yet, if they only knew it, they can be cured by a few bottles of Ballard's Snow Liniment, and the price is only 25c, 50c and \$1.00 per bottle. Sold by all dealers.

CRYING FOR HELP.

Lots of It in Salem, But Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body so delicately constructed.

Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate overworked kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Salem citizen.

O. W. Vaughn, No. 3 State street, Salem, Ore., says: "Doan's Kidney Pills, procured at Dr. Stone's drug store, proved in our family to be a reliable remedy for backache and all forms of kidney complaint. I obtained the best of results from their use, and our child, who had been afflicted with kidney complaint, was made well in a short time by them. We recommend Doan's Kidney Pills to parents who have children troubled in any way by disordered kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Slightly Colder With Snow

Whenever that kind of weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and \$1.00. Sold by all dealers.

"I Don't Care About Wool, I Want Style"

That's what a young fellow said in our store the other day. In less than a minute he had changed his mind.

For we told him what you probably know already—that, unless a suit is all pure wool, it will not wear well and it simply cannot be made to hold and keep its style.

Clothcraft All-Wool Clothes

Then we tried one of these smart, dashing Clothcraft suits on him and showed him the Signed Guarantee that it was all pure wool. He bought the suit.

These are the most remarkable clothes we've ever seen—they have so much style, they are honestly all wool and yet they sell at the same

prices as common clothes—\$10 to \$25. Clothcraft is the ONLY Guaranteed pure wool line in America, at these prices. Most of the men in town have found out about these clothes and they are selling fast. Don't let a good thing like this get away from you.
